Building Evidence for Active Ageing Policies Asghar Zaidi,Sarah Harper,Kenneth Howse,Giovanni Lamura,Jolanta Perek-Białas,2018-02-07 This book provides multinational evidence on active and healthy ageing It generates authoritative new knowledge for mutual learning and policymaking in addressing challenges linked with population ageing The authors discuss how to achieve better active ageing outcomes through appropriate policies including addressing life course determinants of active and healthy ageing The chapters are distinctive in their focus on quantitative analysis of active and healthy ageing based on a first of its kind composite measure the Active Ageing Index developed during the 2012 European Year for Active Ageing and Solidarity between Generations Contributors include researchers civil service representatives policymakers and other stakeholders from national regional and European organisations This edited volume provides a multidisciplinary resource for academics and policy makers in various areas of the social sciences especially those studying population ageing and its consequences economists sociologists social policy analysts and public health experts

Age Matters Toni M. Calasanti,Kathleen F. Slevin,2013-10-11 This volume of original chapters is designed to bring attention to a neglected area of feminist scholarship aging After several decades of feminist studies we are now well informed of the complex ways that gender shapes the lives of women and men Similarly we know more about how gendered power relations interface with race and ethnicity class and sexual orientation Serious theorizing of old age and age relations to gender represents the next frontier of feminist scholarship In this volume leading national and international feminist scholars of aging take first steps in this direction illuminating how age relations interact with other social inequalities particularly gender In doing so the authors challenge and transform feminist scholarship and many taken for granted concepts in gender studies

Economics and Ageing José

Luis Iparraguirre,2018-12-11 This upper level textbook provides a coherent introduction to the economic implications of individual and population ageing Placing economic considerations into a wider social sciences context this is ideal reading not only for advanced undergraduate and masters students in economics health economics and the economics of ageing but also policy makers students professionals and practitioners in gerontology sociology health related sciences and social care This volume introduces the different conceptualisations of age and definitions of old age as well as the main theories of individual ageing as developed in the disciplines of biology psychology and sociology It covers the economic theories of fertility mortality and migration and describes the four main frameworks that can be used to study economics and ageing namely the life cycle the overlapping generations the perpetual youth and the dynastic models **Aging and Old-Age Style in Günter Grass, Ruth Klüger, Christa Wolf, and Martin Walser** Stuart Taberner,2013 Explores the performance of aging in the late style of Günter Grass Ruth Klüger Christa Wolf and Martin Walser Demographers say that by the year 2060 every seventh person in Germany will be aged eighty or older and every third person over sixty five The prediction for other Western countries is scarcely different Indeed the aging society is seen by some as a graver threat than even global warming with potentially unmanageable tensions relating to intergenerational relationships work and benefits and flows of people This book explores the representation and performance of aging in recent late style German language fiction It situates the authors chosen as case studies Günter Grass Ruth Klüger Christa Wolf and Martin Walser in their biographical and social contexts and explores the significance of their aesthetic figuring of aging for debates raging both in Germany and internationally In particular the book looks at gender generations and trauma and their impact on how writers narrativize aging Finally it examines the timeliness of these different representations and late style performances of aging in the context of the shift of social political and economic power away from the declining societies of the West to the ascendant societies of the East Stuart Taberner is Professor of Contemporary German Literature Culture and Society at the University of Leeds

Textbook of Geriatric Dentistry Poul Holm-Pedersen,Angus W. G. Walls,Jonathan A. Ship,2015-06-19 Textbook of Geriatric Dentistry Third Edition provides a comprehensive review of the aging process and its relevance to oral health and dentistry Now in full colour this third edition has been fully revised and updated with new material encompassing recent research and clinical developments within geriatric dentistry Written in a clear and accessible style this is an essential guide to geriatric dental practice for undergraduate and postgraduate dentistry students and practicing clinicians alike Key features include Contributions from an international group of expert authors Comprehensive coverage of oral healthcare issues in the older adult from demographics and physiology through to nutrition and pharmacology Provides both foundational knowledge and a guide to clinical management New chapters including material on orofacial pain quality of life and treatment planning **Population Aging in Societal Context** Mark Tausig,Janardan Subedi,Saruna Ghimire,2025-07-30 This book offers an explanatory schema for comprehending aging in a societal context focusing on the

country of Nepal Contributions to this book use an institutional contextual approach and a life course perspective to document and assess societal responses to the increase in the number of older adults in a specific country This emerging age group entails the development of new and modified social institutions new and modified cultural norms and the reallocation of social resources within a given country The study represents a means to understand the status and needs of older adults systematically and to orient policies and programs intended to address the increase in the older population It can be applied to countries grappling with similar challenges of rapid population aging and significant social change A pioneering effort in understanding aging as a social process embedded in social economic cultural and life course contexts this book fills a gap in Asian Studies Social Policy and Population Studies

Human Growth and Development Chris Beckett, Hilary Taylor, 2024-01-28 Our bestselling social work textbook is back again Taking you right back to basics this book explains and analyses key theories in a really accessible way before going on to discuss in detail how theory can be incorporated into every day social work practice Each chapter contains activities with step by step commentaries for discussion self analysis and critical reflection The book very loosely follows the shape of a human life beginning with a birth and ending with a death but many of the chapters deal with ideas and topics that are relevant at many different stages of life such as bereavement attachment and learning Its focus throughout is on psychosocial development so psychological development within a social context rather than physical development This book is by Chris Beckett a social work academic and novelist who previously worked in child and family social work and Hilary Taylor a psychotherapist and former social work academic who used to work in the field of social work with adults It is the go to guide for anyone studying for careers in the helping professions such as nurses social workers occupational therapists teachers and counsellors It is also supported by an online case study resource Follow the lives of people living in the fictional London Borough of Bexford with 12 extended case studies to help you explore key issues and themes raised in the book as well as develop the skill of linking theory to practice **Caring for**

Older People in Nursing Sue Barker, 2013-11-12 This book is part of the Transforming Nursing Practice series written specifically to support nursing students on the new degree programme As medical advances become more sophisticated average life expectancies continue to grow This presents significant challenges to the healthcare system and caring for older people is now the concern of every nurse This book aims to help you understand how to care for older people in any care setting It uniquely focuses on person centred humanised care in addition to physical care helping you to examine attitudes towards older people in healthcare and combat negative stereotypes The book takes a positive stance on ageing celebrating the fact that in the Western world we live longer and healthier with a focus on the wellbeing of the individual Key features Easy to read introduction written specifically for nursing students with a chapter on making the most of your placements with older people Theory is linked to practice through case studies and scenarios and shows the lived experiences of the older person Linked to the latest NMC Standards and Essential Skills Clusters for degree level education Plenty of activities

help you to build critical thinking and graduate skills

Routledge Handbook of Cultural Gerontology Julia

Twigg, Wendy Martin, 2015-06-12 Later years are changing under the impact of demographic social and cultural shifts No longer confined to the sphere of social welfare they are now studied within a wider cultural framework that encompasses new experiences and new modes of being Drawing on influences from the arts and humanities and deploying diverse methodologies visual literary spatial and theoretical perspectives Cultural Gerontology has brought new aspects of later life into view This major new publication draws together these currents including Theory and Methods Embodiment Identities and Social Relationships Consumption and Leisure and Time and Space Based on specially commissioned chapters by leading international authors the Routledge Handbook of Cultural Gerontology will provide concise authoritative reviews of the key debates and themes shaping this exciting new field Residential Care Transformed J. Johnson, S. Rolph, R.

Smith, 2010-05-28 This book now in paperback revisits Peter Townsend's classic study of residential care for older people in Britain conducted in the late 1950s It provides not only a fascinating account of residential care for older people over the last 50 years but is also an important contribution to the literature on research methods *Mental Health in Later Life* Alisoun

Milne, 2020-02-19 Focussing on mental health rather than mental illness this book adopts a lifecourse approach to understanding mental health and wellbeing in later life Well respected author and scholar Alisoun Milne explores the influences of lifecourse experiences structural inequalities socio political context history gender and age related factors and engages with new ways of thinking about preventing mental ill health and promoting mental health in later life Drawing together material from a number of different fields the book analyses the meaning and determinants of mental health amongst older populations and offers a critical review of the lifecourse ageing and mental health debate for students professionals policy makers and researchers
