## **Social Dimensions Of Law:**

**Social Dimensions of International Law** Rudolf Streinz, 2016-01-28 This book contains the presentations of a conference held in the form of a joint symposium in July 2012 in Munich which was hosted by the Faculty of Law of the University of Munich in cooperation with the Max Planck Institute for Social Law and Social Policy It had as its main topic Social Dimensions of International Law that served as a chapeau for presentations in both public and private international law The presentations cover various social dimensions of a wide field of international and domestic law among others International Human Rights Law International Economic Law International Environmental Law Administrative Law Constitutional Law International Law of Restitution International and European Tort Law Procedural Law and International Labour Law      *Social Dimensions of Law and Justice* Julius Stone, 1972      *Social Dimensions of Privacy* Beate Roessler, Dorota Mokrosinska, 2015-06-26 An interdisciplinary group of privacy scholars explores social meaning and value of privacy in new privacy sensitive areas      **The Oxford Companion to American Law** Kermit L. Hall, David S. Clark, James W. Ely, Joel B. Grossman, N. E. H. Hull, 2002-05-02 A landmark in legal publishing The Oxford Companion to the Supreme Court is a now classic text many of whose entries are regularly cited by scholars as the definitive statement on any particular subject In the tradition of that work editor in chief Kermit L Hall offers up The Oxford Companion to American Law a one volume A Z encyclopedia that covers topics ranging from aging and the law wiretapping and electronic eavesdropping the Salem Witch Trials and Plessy vs Ferguson The Companion takes as its starting point the insight that law is embedded in society and that to understand American law one must necessarily ask questions about the relationship between it and the social order now and in the past The volume assumes that American law in all its richness and complexity cannot be understood in isolation as simply the business of the Supreme Court or as a list of common law doctrines Hence the volume takes seriously issues involving laws role in structuring decisions about governance the significance of state and local law and legal institutions and the place of American law in a comparative international perspective Nearly 500 entries are included written by over 300 expert contributors Intended for the working lawyer or judge the high school student working on a term paper or the general adult reader interested in the topic the Companion is the authoritative reference work on the subject of American law      **Social Dimensions of Law and Justice** Frank Seymour Smith, 1966      *Property, Social Structure, and Law in the Modern Middle East* Ann E. Mayer, 1985-09-01 For too long the study of law and society in the modern Middle East has been left to specialists in narrow subcategories of law or the social sciences Property Social Structure and Law in the Modern Middle East lays the groundwork for a new field of scholarship in which analysis of the social dimensions of law and the legal dimensions of social structure are integrated It offers the stimulus of a variety of new models of scholarship by a distinguished international group of contributors whose work shares a common focus on regimes of property in the societies of the modern Middle East The case studies examine the regulations of many kinds of property in

relation to the social structures of selected Middle Eastern communities from the eighteenth century to the present. Most of the societies studied are subjected to pressures for rapid modernization and adjustment to major economic transformations. The book features comparisons of property rights and relations under regimes of Islamic and customary law as well as modern statutory law. Highlighted are new patterns of intervention by modern Middle Eastern states to alter traditional regimes of property and to transform the accompanying social structures. Their implications for development are also considered. The book's notes and bibliographies constitute a valuable resource for anyone interested in further research.

Law and Social Order in the United States James Willard Hurst, 2000      The Indian Yearbook of Comparative Law 2018 Mahendra Pal Singh, Niraj Kumar, 2019-07-10. This yearbook is a compilation of thematically arranged essays that critically analyse emerging developments, issues and perspectives across different branches of law. It consists of research from scholars around the world with the view that comparative study would initiate dialogue on law and legal cultures across jurisdictions. The themes vary from jurisprudence of comparative law and its methodologies to intrinsic details of specific laws like memory laws. The sites of the enquiries in different chapters are different legal systems, recent judgements and aspects of human rights in a comparative perspective. It comprises seven parts wherein the first part focuses on general themes of comparative law, the second part discusses private law through a comparative lens and the third, fourth and fifth parts examine aspects of public law with special focus on constitutional law, human rights and economic laws. The sixth part engages with criminal law and the last part of the book covers recent developments in the field of comparative law. This book intends to trigger a discussion on issues of comparative law from the vantage point of Global South, not only focusing on the Global North. It examines legal systems of countries from far east and sub-continent and presents insights on their working. It encourages readers to gain a nuanced understanding of the working of law, legal systems and legal cultures, adding to existing deliberations on the constituents of an ideal system of law.

*Law and the Social Sciences* Julius Stone, *Law and the Social Sciences* was first published in 1966. Minnesota Archive Editions uses digital technology to make long unavailable books once again accessible and are published unaltered from the original University of Minnesota Press editions. The author, a distinguished authority on law, provides an illuminating and challenging discussion of the social aspects of law and legal problems. As a background to some penetrating observations, he takes stock of the contributions and interrelations of the bodies of knowledge from both the juristic and the social science side which bear upon the study of law at the present time. He is concerned to show the respects in which jurisprudential ideas in this area have been stimulated and clarified by work in the social sciences and conversely to draw attention to the need for the increased interest of social scientists in this area to take account of juristic insights, many of them of long standing. He points out some of the dangers, not limited to waste of effort arising from parochialism on the part of either the lawyer or the social scientist. The final section is devoted to a study of the contributions, potentialities and limits of behaviorist and computer techniques in understanding and operating the

appellate judicial process The book is based on a series of three lectures given by the author as the William S Pattee Memorial Lectures sponsored by the University of Minnesota Law School *The Lighthouse Function of Social Law* Yves Jorens, 2023-07-30 This is the conference book for the XIV European Regional Congress of the International Society for Labour and Social Security Law dedicated to the interactions between social law and other areas of law In recent years labour law and social security law have been subject to various reforms and developments Social law is however not an isolated domain but rather interacts with other fields often even functioning as a guide or giving direction to those lost at sea In other words serving as a lighthouse The key aspect addressed in this book is the existence of a connection between social law sensu stricto labour law and social security law and other areas of law Pursuing an inter and multidisciplinary approach it gathers contributions on topical and challenging issues in four broad areas 1 Basic and fundamental principles of European social law 2 The future in the light of the past 3 The impact of regionalisation 4 Enforcement in social law In turn various developments can be identified in connection with these topics the emergence of social criminal law is creating new overlaps between social and criminal law the growing number of administrative law sanctions offers new insights into and connections between social security law and administrative law the increasing similarity of employment in the public and private sectors raises questions about the applicability of administrative law in labour law relations the relation between the ECHR and the articles of the Constitution opens up new perspectives on the constitutional interpretation of freedoms and on the interaction between human rights constitutional law and social law and lastly there is a growing influence of EU law and international treaty law concerning trade on social law Can we by looking at these developments draw certain conclusions at a different and innovative level The contributions were selected by an international working group of distinguished scholars from across Europe Law as a Social System Niklas Luhmann, 2004 However unlike conventional legal theory this volume seeks to provide an answer in terms of a general social theory a methodology that answers this question in a manner applicable not only to law but also to all the other complex and highly differentiated systems within modern society such as politics the economy religion the media and education This truly sociological approach offers profound insights into the relationships between law and all of these other social systems **European Labour Law and Social Policy: Cases and Materials** Alan Neal, 1999-09-22 This text is a collection of primary source materials in the labour law and social policy of the European Community in one volume It includes documents and decisions up to May 1st 1999 when the Treaty of Amsterdam came into force along with key legislative instruments in EC labour law and social policy significant associated policy documents produced by the Commission and important decisions of the European Court of Justice European Labour Law and Social Policy Cases and Materials Volume 1 Social Dialogue Industrial Relations and Labour Law A.C. Neal, 2002-08-01 This is the most comprehensive collection of primary source materials in the labour law and social policy of the European Community ever brought together With documents and decisions reflecting the state of play at 1st June 2002 it includes key legislative

instruments in EC labour law and social policy significant associated policy documents produced by the Commission and important relevant decisions of the European Court of Justice Since the first edition of this work in 1999 the pace of social policy change and innovation at the level of the European Community has increased dramatically Indeed developments during the past three years are little short of remarkable with particularly important advances in relation to the promotion of information consultation and participation for workers along with growing concern for several much broader social policy issues Recognition of the changes in emphasis and scale for European social policy and the presence of substantially more material to be included have caused this edition of the work to be divided into two volumes Volume I covers social dialogue industrial relations and labour law while Volume II is concerned with a wide range of material touching dignity at work in the European Community The arrangement of the material in two self contained volumes also reflects a division of convenience Thus those whose main focus is upon the labour law aspects of European social policy may choose to utilise primarily the material contained in the first volume while those who wish to concentrate more particularly upon fundamental social rights equal opportunities anti discrimination and dignity at work might wish to take advantage of the framework presented in the second volume Advocates judges policy makers scholars and students will all appreciate this essential sourcebook in EC labour law and social policy

*The International Handbook of Social Enterprise Law* Henry Peter, Carlos Vargass Vasserot, Jaime Alcalde Silva, 2022-12-29 This open access book brings together international experts who shed new light on the status of social enterprises benefit corporations and other purpose driven companies The respective chapters take a multidisciplinary approach combining law philosophy history sociology and economics and provide valuable insights on fostering social entrepreneurship and advancing the common good In recent years we have witnessed a significant shift of how business activities are conducted mainly through the rise of social enterprises In an effort to target social problems at their roots social entrepreneurs create organizations that bring transformative social changes by considering among others ethical social and environmental factors A variety of social enterprise models are emerging internationally and are proving their vitality and importance But what does the term social enterprise mean What are its roots And how does it work in practice within the legal framework of any country This handbook attempts to answer these questions from a theoretical historical and comparative perspective bringing together 44 contributions written by 71 expert researchers and practitioners in this field The first part provides an overview of the social enterprise movement its evolution and the different forms entities can take to meet global challenges overcoming the limits of what governments and states can do The second part focuses on the emergence of benefit corporations and the growing importance of sustainability and societal values while also analyzing their different legal forms and adaptation to their regulatory environment In turn the last part presents the status quo of purpose driven companies in 36 developed and emerging economies worldwide This handbook offers food for thought and guidance for everyone interested in this field It will benefit practitioners and decision makers involved in social and

community organizations as well as in international development and more generally speaking social sciences and economics

*The Changing Face of European Labour Law and Social Policy* Alan C. Neal, 2004-01-01 In the realm of European employment law tension exists between the concepts of economic policy and social policy During recent years a growing tendency to emphasize the economic at the expense of the social can be discerned What this trend gives us in the views of the leading figures in the field of European labour law and social policy whose considered analyses are presented in this volume is a regime of grand declarations about workers rights but with extremely limited enforcement potential i The Changing Face of European Labour Law and Social Policy presents some of the papers given at a series of colloquia sponsored by the Employment Law Research Unit at the University of Warwick in early 2002 In its assessment of the forces at work in European employment law today these commentaries examine significant initiatives and issues including problems arising in the context of the Nice Charter delivering equality at the workplace under the new EU legal framework the crisis facing workers participation in practice the prospects for trans national collective bargaining employment related aspects of human rights under the ECHR and attempts to establish effective protections in relation to the working environment Invaluable appendices include a report as presented by the late Marco Biagi of a high level group on reform of the European labour market the text of the Social Policy Agenda as approved at the Nice Summit of 2000 and the Commission s scoreboard on the implementation of the Social Agenda as of 2002 With its down to earth analysis of the current status of the floor of rights in the European work environment *The Changing Face of European Labour Law and Social Policy* will be of inestimable value to all practitioners and scholars seeking to improve the quality of life for Europe s working population and the quality of regulation at the disposal of those charged with confronting the new challenges to social policy resulting from the radical transformation of Europe s economy and society

**Labour Law in an Era of Globalization** Joanne Conaghan, Richard Michael Fischl, Karl Klare, 2004 Throughout the industrial world the discipline of labor law has fallen into deep philosophical and policy crisis at the same time as new theoretical approaches make it a field of considerable intellectual ferment Modern labor law evolved in a symbiotic relationship with a postwar institutional and policy agenda the social economic and political underpinnings of which have gradually eroded in the context of accelerating international economic integration and wage competition These essays which are the product of a transnational comparative dialog among academics and practitioners in labor law and related legal fields including social security immigration trade and development identify analyze and respond to some of the conceptual and policy challenges posed by globalization

**Law and the Social Sciences in the Second Half Century** Julius Stone, 1966 The author a distinguished authority on law provides an illuminating and challenging discussion of the social aspects of law and legal problems As a background to some penetrating observations he takes stock of the contributions and interrelations of

**Research Handbook on International Law and Social Rights** Christina Binder, Jane A. Hofbauer, Flávia Piovesan, Amaya Úbeda de Torres, 2020-08-28 This comprehensive

Research Handbook offers a comparative overview of the history nature and current status of social rights at the universal and regional level Tracing their evolution from rather modest beginnings to becoming the category of rights responding most accurately to the 21st century s policy objectives of poverty eradication and equitable resource allocation this Research Handbook assesses the mechanisms used to enhance the implementation and enforcement of social rights

**Research Anthology on Business Law, Policy, and Social Responsibility** Management Association, Information Resources,2023-12-21 The complicated interactions between business law and societal expectations pose an unprecedented challenge in modern commerce Businesses navigate an intricate ecosystem shaped by legal principles government regulations and evolving societal values The Research Anthology on Business Law Policy and Social Responsibility comprehensively explores critical issues as societal expectations for responsible business practices rise across a four volume collection The anthology s timely significance makes this reference with an exhaustive coverage an indispensable resource Carefully curated the collection sheds light on the latest trends techniques and applications in business law and policy Covering topics from the transformation of business ethics in the digital era to the role of multi national corporations in enforcing competition laws the anthology serves as a vital reference for academics lawyers policymakers and business professionals Libraries seeking expansive and diverse research materials will find this anthology to be an exceptional solution enriching the academic environment and serving as an invaluable tool for researchers educators and students The Research Anthology on Business Law Policy and Social Responsibility is a comprehensive addition to any institution s collection addressing the diverse needs of those exploring the landscape of business law and policy

**The Many Concepts of Social Justice in European Private Law** H. W. Micklitz,2011-11-01 Does European regulatory private law offer a genuine model of justice for society Beyond its initial libertarian focus on economic integration through the market citizen might it now serve the social inclusion of the vulnerable In the wake of Hans Micklitz s inspired and relentless pursuit of meaning within the ongoing constitutionalization of private law relationships this rich collection explores the implications of new specifically European forms of access rights which ensure horizontally and vertically enforceable and non discriminatory opportunity for market participation Horatia Muir Watt Columbia Law School US This insightful book with contributions from leading international scholars examines the European model of social justice in private law that has developed over the 20th century The first set of articles is devoted to the relationship between corrective commutative procedural and social justice more particularly the role and function of commutative justice in contrast to social justice The second section brings together scholars who discuss the relationship between constitutional order the values enshrined in the constitutional order and the impact of constitutional values on private law relations The third section focuses on the impact of socio economic developments within the EU and within selected Member States on the proprietary order of the EU on the role and function of the emerging welfare state and the judiciary as well as on nation state specific patterns of social justice The final section

tests the hypothesis to what extent patterns of social justice are context related and differ in between labour consumer and competition law The Many Concepts of Social Justice in European Private Law will prove to be of great interest to academics of law as well as to private lawyers and European policymakers
