**Beyond Punjab** Himadri Banerjee, 2023-01-30 This book focuses on Sikh communities in east and northeast India. It studies settlements in Bihar, Odisha, West Bengal, Assam, Meghalaya, and Manipur to understand the Indian Sikhs through the lens of their dispersal to the plains and hills far from Punjab. Drawing on robust historical and ethnographic sources such as official documents, media accounts, memoirs, and reports produced by local Sikh institutions, the author studies the social composition of the immigrants and surveys the extent of their success in retaining their community identity and recreating their memories of home at their new locations. He uses a nuanced notion of the internal diaspora to look at the complex relationships between home, host, and community. As an important addition to the study of Sikhism, this book fills a significant gap and widens the frontiers of Sikh studies. It will be indispensable for students and researchers of sociology and social anthropology, history, migration and diaspora studies, religion, especially Sikh studies, cultural studies, as well as the Sikh diaspora worldwide

**Culture, Class, And Development In Pakistan** Anita M. Weiss, 2019-04-11 This book is concerned with social change in Pakistan, particularly the relationship between indigenous sociocultural orientations, the development process, and the rise of a new middle-level entrepreneurial class in the Punjab

**Different Types of History** Bharati Ray, 2009

**International Bibliography of Sikh Studies** Rajwant Singh Chilana, 2006-01-16 The International Bibliography of Sikh Studies brings together all books, composite works, journal articles, conference proceedings, theses, dissertations, project reports, and electronic resources produced in the field of Sikh Studies until June 2004, making it the most complete and up-to-date reference work in the field today. One of the youngest religions of the world, Sikhism has progressively attracted attention on a global scale in recent decades. An increasing number of scholars is exploring the culture, history, politics, and religion of the Sikhs. The growing interest in Sikh Studies has resulted in an avalanche of literature which is now for the first time brought together in the International Bibliography of Sikh Studies. This monumental work lists over 10,000 English language publications under almost 30 subheadings, each representing a subfield in Sikh Studies. The Bibliography contains sections on a wide variety of subjects such as Sikh gurus, Sikh philosophy, Sikh politics, and Sikh religion. Furthermore, the encyclopedia presents an annotated survey of all major scholarly work on Sikhism and a selective listing of electronic and web-based resources in the field. Author and subject indices are appended for the reader's convenience

**The A to Z of Sikhism** W. H. McLeod, 2009-07-24 Contrary to popular opinion, there is more to Sikhism than the distinctive dress. First of all, there is the emergence of Guru Nanak, the founder of Sikhism, and the long line of his successors. There are the precepts, many related to liberation through the divine name or *nam*. There is a particularly turbulent history in which the Sikhs have fought to affirm their beliefs and resist external domination that continues to this

day There is also more recently the dispersion from the Punjab throughout the rest of India and on to Europe and the Americas With this emigration Sikhism has become considerably less exotic but hardly better known to outsiders This reference is an excellent place to learn more about the religion It provides a chronology of events a brief introduction that gives a general overview of the religion and a dictionary with several hundred entries which present the gurus and other leaders trace the rather complex history expound some of the precepts and concepts describe many of the rites and rituals and explain the meaning of numerous related expressions All this along with a bibliography provides readers with an informative and accessible guide toward understanding Sikhism

**Religious Transformation in South Asia** Christopher Harding, 2008-09-18 In the last decades of the nineteenth century urgent and unprecedented demands among oppressed peoples in colonial India drove what came to be called mass conversion movements towards a range of Christian denominations launching a revolution in South Asia's two thousand year Christian history For all the scale drama and lasting controversy of a movement that approached half a million members in Punjab alone by the end of the 1930s much actually depended upon a varied range of tempestuous local relationships between converts and mission personnel based upon uncertain and constantly evolving terms Making extensive use of Protestant Evangelical and newly uncovered Catholic mission sources *Religious Transformation in South Asia* explores those relationships to reveal what lay behind the great diversity of social and religious aspirations of converts and mission personnel In this highly accessible study Christopher Harding overturns the one dimensional Christian missions of popular imagination by analysing the way that social class theological training culture motivation and personality produced an extraordinary range of presentations of Christianity in late colonial Punjab Punjabi converts themselves were animated by a similarly broad spectrum of expectations and pressures communicated through informal social networks and representing a brand of subaltern consciousness and resistance rarely considered by mainstream Indian historiography These internal dynamics produced a first generation of rural Punjabi Christianity that was locally variable highly fluid and conflict ridden testament to the ways in which the meanings of conversion were contested by all sides in an encounter with far reaching implications for the future of Christianity and religious identity in India and Pakistan

*Era of Management: Adapting Strategies for a Changing Environment* Parwinder Kaur, Saba Inamdar, 2025-04-24 The art and practice of management are at a pivotal juncture in an era where change is the only constant Technological innovation global interconnectedness and changing cultural norms are increasingly redefining the basic concepts that traditionally led firms through stable conditions It is more important than ever to reconsider modify and update our management strategy as we traverse this changing landscape This need gives rise to the Era of Management Adapting for a Changing Environment This book examines how management philosophy and practice are changing emphasizing innovation agility and resilience It aims to close the gap between traditional management models and the new paradigms needed to prosper in the complicated and unstable world of today This work serves as a guide for managers

leaders students and inquisitive minds alike drawing on ideas from case studies current research and practical applications It provides the skills and viewpoints needed to not only adjust to change but also guide it with assurance and clarity This book is about a mindset not only management a way of thinking that encourages ongoing learning respects diversity and welcomes ambiguity For people who think that good management can create long term effects significant innovation and sustainable growth it is a call to action This work is meant to serve as a roadmap as well as a reflection a place to think to learn and eventually to lead clearly in a constantly changing world

Situating Medieval India Surinder Singh, 2023 Explores state formation social fabrics and cultural mores of medieval India from 1200 1800 The states of medieval India operated under a ruling class that was largely Muslim colouring our understanding of the history of the period Increased availability of Persian chronicles emergence of a class of professional historians and progressive forces emanating from the anti colonial movement have led to new approaches to the period Situating Medieval India covers more than 6 centuries from the Delhi Sultanate to the arrival of Europeans Topics covered include approaches to exercise of sovereign power in medieval states and the social identity of government officers Dulla Bhatti's revolt against the Mughal State modes of resistance in the state of Punjab and religious diversity in Agra The author also examines scientific and technical innovations and the artworks of Mushtaqi Jahangir and Bhandari The book opens up medieval India in all its complexity and richness
