Social Criticism The Unsolved Riddle Of Social Justice And Other Essays

Nellie L. McClung

Social Criticism The Unsolved Riddle Of Social Justice And Other Essays:

Social Criticism Stephen Leacock, 1973-12-15 Stephen Leacock long celebrated as Canada's foremost humorist and social satirist has received little recognition for his considerable accomplishments as a serious thinker and social critic. In fact, Leacock was a professor of political economy and more than half of his writings addressed the pressing issues of his day. This volume represents the neglected aspect of Leacock's career, gathering together his writings on a range of subjects including imperialism, education and culture, religion and morality, feminism, prohibition and social justice. The collection begins with *Greater Canada*, an appeal which dates from 1907 when Leacock was a popular lecturer advancing the cause of imperialism. Bowker points out that for Leacock imperialism was more a spiritual mission than a political agenda, representing the opportunity to unite Canadians, to inspire allegiance to a lofty tradition and thereby to combat the threat of materialism, urbanism, fragmentation and continentalism. These themes resurface in subsequent essays, culminating in *The Unsolved Riddle of Social Justice*, which was published in 1920. Carefully selected and prefaced with an updated introduction to Leacock's life and work, these essays contribute to our understanding of Leacock and illuminate his role as a major figure in Canadian intellectual history.

The Social Criticism of Stephen Leacock Stephen Leacock, 1973 *Stephen Leacock* David Staines, 1986 This collection of essays explores the many dimensions of the writings of Stephen Leacock, the well-loved Canadian author of *Sunshine Sketches of a Little Town*. Published in English. Reasoning Otherwise Ian McKay, 2008-11-15 In *Reasoning Otherwise*, author Ian McKay returns to the concepts and methods of reconnaissance first outlined in *Rebels, Reds, Radicals* to examine the people and events that led to the rise of the left in Canada from 1890 to 1920. *Reasoning Otherwise* highlights how a new way of looking at the world, based on theories of evolution, transformed struggles around class, religion, gender and race, and culminates in a new interpretation of the Winnipeg General Strike of 1919. As McKay demonstrated in *Rebels, Reds, Radicals*, the Canadian left is alive and flourishing and has shaped the Canadian experience in subtle and powerful ways. *Reasoning Otherwise* continues this tradition of offering important new insight into the deep roots of leftism in Canada. Inequalities and the Progressive Era Guillaume Vallet, 2020-06-26 *Inequalities and the Progressive Era* features contributors from all corners of the world, each exploring a different type of inequality during the Progressive Era, 1890s-1930s. Though this era is most associated with the United States, it corresponds to a historical period in which profound changes and progress are realized or expected all over the globe. Canada 1919 Tim Cook, J.L.

Granatstein, 2020-06-15 With compelling insight, *Canada 1919* examines the year following the Great War as the survivors attempted to right the country and chart a path into the future. Veterans returned home full of both sorrow and pride in their accomplishments, wondering what would they do and how they would fit in with their families. The military stumbled through massive demobilization. The government struggled to hang on to power. And a new Canadian nationalism was forged. This book offers a fresh perspective on the concerns of the time: the treatment of veterans, including nurses and Indigenous

soldiers the place of children the influenza pandemic the rising farm lobby the role of labour Canada's international standing and commemoration of the fallen Canada 1919 exposes the ways in which war shaped and changed Canada and the ways it did not

Liberalism and Hegemony Jean-Francois Constant, Michel Ducharme, 2009-04-07 In 2000 Ian McKay a highly respected historian at Queen's University published an article in the Canadian Historical Review entitled The Liberal Order Framework A Prospectus for a Reconnaissance of Canadian History Written to address a crisis in Canadian history this detailed programmatic and well argued article had an immediate impact on the field Proposing that Canadian history should be mapped through a process of reconnaissance and that the Canadian state should be understood as a project of liberal rule in North America the essay prompted debate immediately upon publication Liberalism and Hegemony assembles some of Canada's finest historians to continue the debate sparked by McKay's essay The essays collected here explore the possibilities and limits presented by The Liberal Order Framework for various segments of Canadian history and within them the paramount influence of liberalism throughout the nineteenth and twentieth centuries is debated in the context of aboriginal history environmental history the history of the family the development of political thought and ideas and municipal governance Like McKay's The Liberal Order Framework which is included in this volume with a response to recent criticism Liberalism and Hegemony is a fascinating foray into current historical thought and provides the historical community with a book that will act both as a reference and a guide for future research

Sir Andrew Macphail Ian Ross Robertson, 2008-10-17 Sir Andrew Macphail 1864-1938 a professor of the history of medicine at McGill University was best known as an essayist of international renown and founding editor of The University Magazine and the Canadian Medical Association Journal

The Magpie Douglas Durkin, 1974-12-15 One of the most complex experiences for Canadians was World War 1 and its attendant social upheavals Because of the lack of a clear description of the emotional forces of the period historians have tended to concentrate on the political manifestations of agrarian and working class unrest There are no well known sources for social commentary a lack that makes this novel important as an historical document Originally published in 1923 The Magpie is an articulate and perceptive work which provides an accurate description of the disillusionment that developed after the war when it became apparent that many of the government's promises of social reform were not going to be fulfilled Craig Forrester nicknamed The Magpie because of his terseness in conducting business on the Winnipeg Grain Exchange is appalled by the greed hypocrisy and intolerance of the decent classes and opts for personal morality and social justice Rejecting urban life he returns to the farm of his childhood symbol of the traditional values of honesty and simplicity By having his hero make this choice Durkin adopts one of the greatest themes of Canadian literature and intellectual thought the agrarian myth A secondary theme of particular interest today is the role of women in post war society and the evolution of moral codes The three women in The Magpie's life achieve surprising degrees of personal autonomy

A Time Such as There Never Was Before Alan Bowker, 2014-08-19 Ottawa Book Award 2015

Shortlisted Between 1918 and 1921 a great storm blew through Canada and raised the expectations of a new world in which all things would be possible The years after World War I were among the most tumultuous in Canadian history a period of unrelenting change drama and conflict They were in the words of Stephen Leacock a time such as there never was before The war had been a great crusade promising a world made new But it had cost Canada sixty thousand dead and many more wounded and it had widened the many fault lines in a young diverse country In a nation struggling to define itself and its place in the world labour farmers businessmen churches social reformers and minorities had extravagant hopes irrational fears and contradictory demands What had this sacrifice achieved Whose hopes would be realized and whose dreams would end in disillusionment Which changes would prove permanent and which would be transitory A Time Such As There Never Was Before describes how this exciting period laid the foundation of the Canada we know today **Alan Bowker's**

Canadian Heritage 2-Book Bundle Alan Bowker, 2015-12-07 In this two book bundle Alan Bowker sheds new light on two subjects with a surprising connection the great Canadian writer Stephen Leacock and the rise of Canada on the world stage which Leacock profiled with keen wit and observational skill With Bowker as your guide explore what it was really like to live through the great upheaval that pushed Canada to come into its own on the world stage A Time Such as There Never Was Before Ottawa Book Award 2015 Shortlisted The years after World War I were among the most tumultuous in Canadian history a period of unrelenting change drama and conflict They were in the words of Stephen Leacock a time such as there never was before The war had been a great crusade and its end was supposed to bring a world made new But the conflict had cost sixty thousand Canadian lives with many more wounded and had stirred up divisions in the young diverse country With Canada struggling to define itself labour farmers business the church social reformers and minorities all held extravagant hopes irrational fears and contradictory demands Whose hopes would be realized and whose dreams would end in disillusionment Which changes would prove permanent and which would be transitory A Time Such As There Never Was Before describes how this exciting period laid the foundation of the Canada we know today On the Front Line of Life In the last decade of his life Stephen Leacock turned to writing informal essays that blended humour with a conversational style and ripened wisdom to address issues he cared about most education literature economics Canada and its place in the world and to confront the joys and sorrows of his own life With an introduction that sets them in the context of his life thoughts and times these essays reveal a passionate intelligent personal Leacock against a backdrop of Depression and war finding hope and conveying the timeless message that only the human spirit can bring social justice peace and progress **Brew North** Ian, 2012-03-23 Brew North tells the delightful story of Canada's national beverage Lively and informative Brew North puts beer lovers front and centre From cowboys quaffing India pale ale in a western saloon to modern day beer snobs sipping pints of cask brewed bitter and commenting on its chocolate and cigar box bass notes this is the story of the men and women who brewed served and drank the intoxicating malted beverage Charming illustrations reveal rustic taverns Victorian

photographs give us that era's opulent saloons and modern colour shots help us understand the brewing process. The book also illustrates how brewers have long been conscious of marketing and advertising, creating unique bottles and ads, giveaway trays and signs.

From a Culture of Dependency to a Culture of Success Y.S. Wishnick, 2011-11-23. There is an old story of a famous business tycoon that was near death. His lifelong business partner approached him on his deathbed and asked if he'd like to see his great grandchild. The business executive opened his eyes and whispered in his associate's ear: "No, my friend. I do not want to know what I've missed. More and more Americans are missing out on the greatness of their country, its passion for excellence, its commitment to the dignity and self-worth of each individual, and its belief that every person has the right to achieve their own vision for success. Chaos, confusion, disappointment, and hopelessness have pushed and pulled Americans into a state of dependency. From the individual to the family to our local communities, Americans are constantly looking for others to solve the problems and challenges they face. This has led to victimology, class warfare, and ultimately bad public policy, where a culture of dependency is becoming the new normal. As people think themselves into believing that they can't make it on their own, they are rejecting their own potential and capacity to act. Worse, they are missing out on the person they were destined to become."

In Times Like These Nellie L. McClung, 1972-01-01. Written in 1915 by a distinguished Canadian feminist, this book demands women's rights as a logical extension of traditional views of female moral superiority and maternal responsibility.

Booze Craig Heron, 2003. Booze runs through Canadian social history like rivers through the land. And like rivers, with their currents and rapids, backwaters, and shoals, booze mixes elements of danger and pleasure. Craig Heron explores Canadians' varied experiences with, and shifting attitudes towards, alcohol in this revealing, richly illustrated book.

Book jacket: Making Public Pasts Alan Gordon, 2001-10-24. Gordon shows that while individual memory is crucial to establishing and maintaining identity, public memory is contested terrain. Official customs and traditions, monuments, historic sites, and the celebration of anniversaries and festivals serve to order individual and collective perceptions of the past. Public memory is therefore the product of competitions and ideas about the past that are fashioned in a public sphere and speak primarily about structures of power. It conscripts historical events in a bid to guide shared memories into a coherent narrative that helps individuals negotiate their place in broader collective identities. The contest over public memories involves an exclusiveness that packages others according to the ideological preferences of the dominant cultures. Gordon shows that in Montreal, ethnic, class, and gender voices strove to stake their own claims to legitimacy. Rather than acknowledging a single past, Montreal's many publics made and celebrated many public memories.

Seeing Reds Daniel Francis, 2011-05-10. At the end of World War I, Canada was poised on the brink of social revolution. At least that is what many Canadians inspired by the Russian Revolution hoped, and others dreaded. *Seeing Reds* documents a turbulent period in Canadian history when in 1918-19 a fearful government tried to suppress radical political activity by branding legitimate labor leaders as Bolsheviks.

A Darkened House Geoffrey Bilson, 1980-12-15. From its first appearance in 1832 until the last

scares of 1871 cholera aroused fear in British North America The disease killed 20 000 people and its psychological effects were enormous Cholera unsettled governments undermined the medical profession exposed inadequacies in public health and widened the division between rich and poor In a fascinating and disturbing book Geoffrey Bilson traces the story of the cholera epidemics as they ravaged the Canadas and the Atlantic colonies The political repercussions were extensive particularly in Lower Canada Governments both colonial and municipal imposed various public health measures including quarantine These actions were always temporary and poorly enforced and they sometimes met with violent opposition especially among the poor and the immigrants hit hardest by cholera Even the panic that ensued from the periodic onslaughts of the disease could not overcome the prevailing laissez faire attitude towards public health legislation The medical profession was equally helpless Doctors could neither cure the disease nor isolate its cause and public sentiment against them ran high A Darkened House is important reading for those interested in Canada s social political and medical history

Canadian Books in Print. Author and Title Index ,1975 *A Bibliography of Stephen Leacock* Carl Spadoni,1998 Recording all of Stephen Leacock s published work from his first known venture into print in 1887 until 1998 this bibliography reveals the complexity and scope of the writer s enormous canon Based on an in depth examination of texts and archival documents this resource is a research tool in the true scholarly tradition a work that will interest Leacock enthusiasts as well as students and researchers of Canadian literature and social history Organized into 10 sections it describes all editions and issues Leacock s contributions to books his serial publications in newspapers and magazines reports of his speeches and lectures lectures given interviews authorized adaptations translations recordings by Leacock Braille talking books and films encyclopedia articles and contributions in serial articles and books by others In addition there is a section for Lost Leads and a comprehensive index

Unveiling the Energy of Verbal Artistry: An Emotional Sojourn through **Social Criticism The Unsolved Riddle Of Social Justice And Other Essays**

In a global inundated with displays and the cacophony of instantaneous connection, the profound energy and psychological resonance of verbal beauty frequently diminish into obscurity, eclipsed by the regular assault of noise and distractions. Yet, set within the lyrical pages of **Social Criticism The Unsolved Riddle Of Social Justice And Other Essays**, a charming function of fictional splendor that impulses with organic thoughts, lies an memorable journey waiting to be embarked upon. Written by a virtuoso wordsmith, this mesmerizing opus books viewers on a mental odyssey, lightly revealing the latent possible and profound influence embedded within the complex web of language. Within the heart-wrenching expanse with this evocative examination, we shall embark upon an introspective exploration of the book is central subjects, dissect their charming writing style, and immerse ourselves in the indelible effect it leaves upon the depths of readers souls.
