Experiences in Social Dreaming W. Gordon

Lawrence, 2018-07-03 Social Dreaming is the name given to a method of working with dreams that are shared and associated within a gathering of people coming together for this purpose In the first chapter he outlines some ideas on this phenomenon Here follows a wide ranging collection of essays on the experiences of various practitioners either personal or what they have found when taking this phenomenon into the wider social arena such as the church schools consultancy and working with children

Social Dreaming Susan Long, Julian Manley, 2019-01-03 The idea of social dreaming argues that dreams are relevant to the wider social sphere and have a collective resonance that goes beyond the personal narrative In this fascinating collection the principles of social dreaming are explored to uncover shared anxieties and prejudices suggest likely responses enhance cultural surveys inform managerial policies and embody community affiliation Including for the first time a coherent epistemology to support the theoretical principles of the field the book reflects upon and extends the theory and philosophy behind the method as well as discussing new research in the area and how social dreaming practice is conducted in a range of localities situations and circumstances The book will appeal to anyone interested in the idea that social dreaming can help us to delve deeper into the question of what it means to be human from psychoanalysts to sociologists and

beyond *Infinite Possibilities of Social Dreaming* W. Gordon Lawrence, 2018-04-24 Examining recalled dreams with many others in a Social Dreaming Matrix leads to the transformation of the thinking embedded in the dreams There are infinite meanings to a dream by regarding the dream as an unconscious product of cultural knowledge not as an expression of the psyche exclusively opening new possibilities of thinking

Introduction to Social Dreaming W. Gordon Lawrence, 2018-05-08 This book explains social dreaming by situating it in the context of thinking culture and knowledge and distinguishes how it differs from conventional therapeutic dreaming making the case for how it can be used in systems like business organizations educational institutions and hospitals

Social Dreaming, Associative Thinking and Intensities of Affect Julian Manley, 2018-08-23 This book describes a way of sharing dreams in a group called social dreaming It explores how the sharing of real night time dreams in a group can offer information on and insight into ourselves and the worlds we live in and share It investigates how we can turn dream images and ideas and feelings that arise from these images into conscious thought before describing the ways in which these can be used Using a background of the psychosocial combined with a philosophical lens influenced by the work of Gilles Deleuze Julian Manley shows how social dreaming can be understood as a Deleuzian rhizome of affects a web or a root design where things interconnect in a random and spontaneous fashion rather than in a sequential or linear way He illustrates how social dreaming can link dreams together into a collage of images and compares this to the rhizome where clusters of emotional intensity which emerge from the dream images weave and interconnect with other clusters forming a web of interlinked dream images and emotions From the basis of this rhizome emerges an interpretation of social dreaming as a body without organs and the social dreaming matrix as a smooth space where meanings emerge from the way these images form connections and come and go according to our emotions at any particular moment

The Creativity of Social Dreaming W. Gordon Lawrence, 2018-03-21 This broad range of papers covers different aspects of social dreaming The book begins with a summary of the Social Dreaming Matrix conceptualised as a temporary system with its intakes transformation processes and outputs The remaining chapters cover social dreaming in different contexts including amongst others from the perspectives of art architecture theatre working with immigrants with pilots and lawyers and family mediators and hospitals All the papers cover areas outside of the goal orientated activities of the institution and examine what they may be saying about the organization of the participants

The Social Dream-Drawing Workshop Rose Redding Mersky, 2022-09-30 The Social Dream Drawing Workshop is a pioneering practical guide for professionals who work with people going through major life transitions such as career change relocation or bereavement These transitions can evoke enormous feelings of uncertainty and are times of vivid dreaming Social Dream Drawing is a highly effective method of group work that mobilizes the dream's enormous capacity to help us adapt to life whatever challenges it throws at us This user friendly book explains the underlying key concepts and basic steps of the Social Dream Drawing method from sharing dream drawings in a group environment to running digital sessions It shows how working with these expressive drawings can bring an otherwise internal experience out into the open and serve as lifelong mementos of key times in our lives Including drawings and testimonials from workshop participants and guidance on creating a safe and supportive environment The Social Dream Drawing Workshop will appeal to therapists and counsellors as well as social workers coaches and anyone interested in exploring this fascinating practice

A Social Dreaming Experience at the Time of COVID 19 Elisabetta Pasini, Cinzia Trimboli, 2023-11-07 The book describes the experience of four Social Dreaming Matrices held online between March and May 2020 during the first lockdown caused by the Covid 19 emergency The pandemic isolated us and imposed prolonged contact with ourselves and our solitary thoughts Against this backdrop there was hope for change a desire for a different kind of sociability and different forms of intimacy On the basis of this evidence our research supports the shift from experiencing trauma to reacting to trauma looking at a collective traumatic experience not only as something to be overcome but as an opportunity for a transformation that changes our mental schemes in relation to the external context We have identified Social Dreaming as a privileged technique to overcome a collective traumatic experience supporting its elaboration through collective feelings new connections between intuition and rational thought the discovery of community meanings The author's thesis is that the much needed transition from magical thinking to transformative thinking takes place in a setting that is able to contain the anxieties of life's transitional phases supporting the creation of new rituals and new social bonds and sustaining the passage from me to a wider we

Social Dreaming in the 21st Century John Clare, Ali Zarbafi, 2019-06-06 We are running out of ideas in Western society Faced with global warming Third World devastation nuclear proliferation and the threat posed by religious conflict we need new ways of thinking After the loss and carnage of the Twentieth Century there is prevailing mood of uncertainty and paranoia yet at the same time a denial of tragedy a salvation fantasy an illusion that we will be saved The decline in social solidarity the fragmentation of

communal values and a growing sense of I as opposed to we are all signs of an inversion of moral certitudes a disconnection from reality This book asks what methods do we have at our disposal to understand and reverse this breakdown of communication within and between communities

Dreaming the Social John Clare, Ali Zarbafi, 2023-12-22 *Dreaming the Social* uses social dreaming as a tool to explore aspects of contemporary life and examine how we can reverse social fragmentation and large scale trauma Since the attack on New York on 9 11 the world has been balanced on the edge of potential disaster exacerbated in recent years by global warming the Covid pandemic and war in Ukraine Since the first edition in 2009 these national and global events have come to dominate our lives in unforeseen ways With this in mind this new edition explores the potential of social dreaming to help access things we know but are unable to think except through the complex activity of dreaming Based on several research studies group sessions and mass dreaming experiments the book explores peoples experiences of dreaming during times of change transition and upheaval and discusses the insights that these dreams offer *Dreaming the Social* will be of great interest to all professionals interested in dreams and the power of social dreaming including psychoanalysts psychotherapists and clinical psychologists

Systems Psychodynamics David Lawlor, Mannie Sher, 2023-06-16 In the second of this three volume series the authors expand on the theory and practice of systems psychodynamics which integrates psychoanalytic thinking open systems theory and complexity theory in its applications to consultancy work in organisations and wider social contexts Multidisciplinary and multitheoretical in nature the systems psychodynamics paradigm develops from the understanding that no single theory or approach explains the complex nature of organisational systems Replete with explanations of key theories practical guidance and exercises this book demonstrates how systems psychodynamics can be used by consultants to plan and put into action organisational changes in four main areas change planning and management action research and evaluation leadership and whole systems and professional development and next steps In light of systems psychodynamics rather than functioning as a leader of change processes the role of an organisational development consultant is one of providing containment understanding and facilitation for others to take up their leadership roles responsibly in their change processes With a focus on practical application in real situations this book will be invaluable for psychoanalysts managers policymakers consultants and researchers in a wide range of professional and clinical settings
