Social Issues In Business:

Issues in Business Ethics and Corporate Social Responsibility SAGE Publishing,2020-03-19 One need only look at the news to be bombarded with examples of corporate malfeasance and the impact such behavior has on a company's public image customers employees and bottom line And while these stories grab the headlines some companies are adopting practices that display awareness of their impact on the globe whether that be to the environment its employees and suppliers or communities in which they do business What factors are leading to these decisions What are the benefits and costs of making ethical business decisions and acting in a socially responsible way however one defines it *Issues in Business Ethics and Corporate Social Responsibility* explores these foundational themes across a wide range of topics including artificial intelligence workplace surveillance supply chain management big data the finance industry and many more Coupled with a broad introduction by Dr David Weitzner a professor of management at York University this book provides students with the essential information they need to assess business practices through the lens of ethical decision making and corporate social responsibility

Perspectives on Social and Business Sustainability Tay Kay Luan,2018-10-12 Addressing the sustainability agenda is never easy The early promises of the corporate social responsibility concept and application have raised better awareness and understanding of its concept and application Understandably the experience and outcome are never the same across the business and social community To begin with issues related to corporate social responsibility CSR come in hundreds of shades The understanding of the definition alone depends on whose perspective and in what context At the very least there is now a greater acceptance of the concept but increasingly corporate leaders need no further persuasion that doing good is more than giving a donation The myriad of CSR issues and concerns is therefore worth a relook but from the conceptual perspectives to understanding of the challenges impacts and trends *Perspectives on Social and Business Sustainability* first describes the important elements of different aspects of how CSR is being understood applied and reported The book examines how international trends and developments including market and technology disruptions will continue to shape the sustainability landscape The book is relevant for those wanting to take a quick perspective of the evolving concept of sustainability and is also useful for those who only want to focus on specified area within the context of social and business sustainability

Contemporary Issues in Corporate Social Responsibility Duygu Turker, Huriye Toker, Ceren Altuntas, 2013-12-18 As a result of the industrialization urbanization and population increase during the last two centuries the global landscape has been irreversibly damaged These anthropological pressures have create endless problems on the global level and individuals and organizations are beginning to realize their own ever increasing responsibility to consider the welfare and interests of all stakeholders as a whole Although the improvements in the legal framework at the national and international level can be viewed as an important step to protect society and the natural environment a legal course provides a reactive mode of control rather than a proactive approach Considering its

proactive approach and voluntarily basis the concept of social responsibility can provide a significant tool of generating a sustainable future During such a paradigm shift Contemporary Issues in Corporate Social Responsibility presents the significant roles that universities must embrace in order to take charge of the future In parallel to those movements many institutions include a course on social responsibility yet the studies on the education of social responsibility in the literature show that there is no commonly accepted teaching methods and guiding curriculum of CSR This book was designed based on the outcomes of an Erasmus Intensive Project IP which was organized in Yasar University during June 2012 with the contribution of 9 European universities Based on the interactive feedback of participants during the project this book sheds light on the ongoing discussion of corporate social responsibility from a European perspective **Managing Marketing**

Elbing, Carol J. Elbing, Carol Elbing, 1967 As technology is revolutionized and organizations are expanded the underlying value framework for decision and policy making becomes more and more crucial This book undertakes to provide a clear framework for the value issue of business as it is faced by any decision maker It provides a basis for systematic discussion problem solving and inquiry into the many social value problems of business today Whenever the social value issue of business is raised in public discussion assumptions from the classical economic model are generally

taken for granted in the very framing of the issue Therefore this book begins with the premise that the first step in any analysis of the business value issue must be examine these basic assumptions Section I presents a critique of the underlying value assumptions and of the popular formulas based on them from an economic point of view Section II presents an alternative On the grounds that business is a social system as well as a technical economic system it proposes that the value issue be structured in social rather than in solely economic terms It demonstrates that it is from all of the social acts of business rather than from abstracted economic acts that the formulation of the value issue must be derived It clarifies the value issue inherent in the relationship of business to the individual to groups and to domestic and foreign societies Finally on the basis of the systematic analysis of the value issue Section III undertakes an examination of the topic of method for objective value inquiry Publisher CIM Coursebook 07/08 Managing Marketing Performance Helen Meek,Richard Meek,Roger Palmer,Lynn Parkinson,2012-05-23 BH CIM Coursebooks are crammed with a range of learning objective questions activities definitions and summaries to support and test your understanding of the theory The 07 08 editions contains new case studies which help keep the student up to date with changes in Marketing strategies Carefully structured to link directly to the CIM syllabus this Coursebook is user friendly interactive and relevant Each Coursebook is accompanied by access to MARKETINGONLINE www.marketingonline.co.uk a unique online learning resource designed specifically for CIM students which can be accessed at any time *Corporate Social Responsibility, Corporate Governance and Business Ethics in Tourism Management* Erum Shaikh,Kuldeep Singh,2024-12-06 Drawing on research from around the world this collection of essays explores key challenges solutions and applications of business ethics CSR and corporate governance in the tourism industry *Managing Marketing Performance* Mike Willoughby,2005 Designed specifically with revision in mind the CIM Revision Cards provide concise yet fundamental information to assist students in passing the CIM exams as easily as possible A clear carefully structured layout aids the learning process and ensures the key points are covered in a succinct and accessible manner The compact spiral bound format enables the cards to be carried around easily the content therefore always being on hand making them invaluable resources no matter where you are Written specifically for revision purposes therefore only featuring the key concepts that need to be learned Carefully designed to enable points to be easily extracted and memorised without clouding them in additional information Accompanies the CIM Coursebook and MarketingOnline website to provide a complete suite of products to support the CIM qualifications **Managing Marketing Performance** Helen Meek,2006 Elsevier Butterworth Heinemann s 2006 07 CIM Coursebook series offers you the complete package for exam success Fully reviewed by CIM and updated by the examiner the coursebook offers everything you need to keep you on course Written by experts in the field and the CIM Senior Examiner fully endorsed by CIM and independently reviewed Each text is crammed with a range of learning objectives cases questions activities definitions study tips and summaries to support and test your understanding of the theory Contains past examination papers and examiners reports to enable you to practise
