Social Mobility In Kerala Modernity And Identity In Conflict:

Social Mobility in Kerala Filippo Osella, Caroline Osella, 2000-12-20 The Izhavas are an ex untouchable community in the southern Indian state of Kerala Politically and economically weak stigmatised as toddy tappers and devil dancers and considered unapproachable by clean caste Hindus a century ago Izhavas were associated with other manual labouring untouchable castes In recent decades they have sought to improve their position by accumulating economic symbolic and cultural capital through employment religion politics migration marriage education and have tried to assert their right to mobility often in the face of opposition from their high status Christian and Nayar neighbours This study examines how Izhavas through repudiation of their nineteenth century identity and search for mobility have come into complex relationships with modernity colonialism and globalisation Filippo Osella and Caroline Osella highlight the complexities and contradictions of modern identity both locally and globally The authors approach builds upon and goes beyond a south Asian focus showing how the Izhavas represent the rise of formerly stigmatised groups who remain at the same time trapped by stereotype and material disadvantage Absolute mobility they argue has not led to relative mobility within a society which remains stratified and prone to new forms of social exclusion The Handbook of Food and Anthropology Jakob A. Klein, James L. Watson, 2016-08-25 Winner of the CHOICE Outstanding Academic Title of the Year Award 2017 Interest in the anthropology of food has grown significantly in recent years This is the first handbook to provide a detailed overview of all major areas of the field 20 original essays by leading figures in the discipline examine traditional areas of research as well as cutting edge areas of inquiry Divided into three parts Food Self and Others Food Security Nutrition and Food Safety Food as Craft Industry and Ethics the book covers topics such as identity commensality locality migration ethical consumption artisanal foods and children s food Each chapter features rich ethnography alongside wider analysis of the subject Internationally renowned scholars offer insights into their core areas of specialty Examples include Michael Herzfeld on culinary stereotypes David Sutton on how to conduct an anthropology of cooking Johan Pottier on food insecurity and Melissa Caldwell on practicing food anthropology The book also features exceptional geographic and cultural diversity with chapters on South Asia South Africa the United States of America post socialist societies Maoist China and Muslim and Jewish foodways Invaluable as a reference as well as for teaching The Handbook of Food and Anthropology serves to define this increasingly important field An essential resource for researchers and students in anthropology and food studies Gods, Guns and Missionaries Manu S Pillai, 2024-11-21 When European missionaries first arrived in India in the sixteenth century they entered a world both fascinating and bewildering Hinduism as they saw it was a pagan mess the worship of devils and monsters by a people who burned women alive performed outlandish rites and fed children to crocodiles But soon it became clear that Hindu idolatry was far more complex than white men s stereotypes allowed and Hindus had little desire to convert But then European power began to grow in India and under colonial rule missionaries assumed a forbidding appearance

During the British Raj Western frames of thinking gained ascendancy and Hindus felt pressed to reimagine their religion This was both to fortify it against Christian attacks and to resist foreign rule It is this encounter which has in good measure inspired modern Hinduism s present shape Indeed Hindus subverted some of the missionaries own tools and strategies in the process triggering the birth of Hindu nationalism now so dominant in the country In Gods Guns and Missionaries Manu S Pillai takes us through these remarkable dynamics With an arresting cast of characters maharajahs poets gun wielding revolutionaries politicians polemicists philosophers and clergymen this book is ambitious in its scope and provocative in its position Lucid and exhaustive it is at once a political history a review of Hindu culture and a study of the social forces that prepared the ground for Hindu nationalism Turning away from simplistic ideas on religious evolution and European imperialism the past as it appears here is more complicated and infinitely richer than popular narratives allow
