Social Psychology Of Collective Action Identity Injustice And Gender:

The Social Psychology of Collective Action Sara Breinlinger, Caroline Kelly, 2014-04-23 In recent years there has been a growth of single issue campaigns in western democracies and a proliferation of groups attempting to exert political influence and achieve social change In this context it is important to consider why individuals do or don't get involved in collective action for example in the trade union movement and the women's movement Social psychologists have an important contribution to make in addressing this question The social psychological approach directly concerns the relationship between the individual and society and a number of theories have been developed in the field particularly by contemporary European researchers Yet surprisingly there has never been until now a concerted attempt to bring these various strands of research together in a coherent detailed presentation of the social psychological approach to collective action The authors of *The Social Psychology of Collective Action* review and integrate a number of theories developed in this field as well as presenting their own original research and data The research discussed in the book ranges over a number of different contexts with a particular focus on women's groups organizing around issues of gender Questions addressed include why do women get involved in women's groups What part is played by experiences of discrimination in the family and in the workplace What are the benefits of group involvement How are feminist activists perceived by others who choose not to get involved Findings from questionnaires and interviews are integrated with contemporary social psychological theory especially social identity theory

European Review of Social Psychology Wolfgang Stroebe, Miles Hewstone, 2005-02-24 The *European Review of Social Psychology* is an annual series that reflects the dynamism of social psychology in Europe and has been widely accepted as one of the most important international series in social psychology The series is open to authors from all nations and its primary purpose is to further the international exchange of ideas by providing an outlet for substantial accounts of theoretical and empirical work With the help of an editorial board consisting of senior scholars from various European countries Australasia and North America the editors invite outstanding researchers to contribute to these volumes Invitations are based either on suggestions from editorial board members or made in response to proposals submitted to the editors The emphasis of these contributions is on critical assessment of major areas of research and of substantial individual programmes of research as well as on topics and initiatives of contemporary interest and originality

Ottati, 2002-04-30 Early studies of political behavior examined the sociological attitudinal and rational determinants of political behavior However none of these approaches provided a descriptive model of how people process political information and make political decisions under naturalistic conditions that involve limited cognitive capacity and motivation Fortunately contemporary approaches within the field of political psychology have begun to address these concerns Inspired by recent advances in the area of social psychology researchers are rapidly developing more realistic and detailed models of the psychological process that determines political judgements and behavior Early attempts to merely predict political behavior have been replaced by an attempt to describe the actual process whereby individuals gather interpret exchange and combine information to arrive at a political judgement or decision This volume provides comprehensive coverage of this pioneering era of research in political psychology *Identity in Modern Society* Bernd Simon, 2008-04-15 This book is a social psychological inquiry into identity in modern society Starts from the social psychological premise that identity results from interaction in the social world Reviews and integrates the most influential strands of contemporary social psychology research on identity Brings together North American and European perspectives on social psychology Incorporates insights from philosophy cognitive neuroscience psychology cultural studies anthropology and sociology Places social identity research in a variety of real life social contexts **Identity and Participation in Culturally Diverse Societies** Assaad E. Azzi, Xenia Chrysoschoou, Bert Klandermans, Bernd Simon, 2011-07-15 Identity and Participation in Culturally Diverse Societies presents an original discussion in an edited volume of how the links between identity political participation radicalization and integration can provide a scientific understanding of the complex issue of coexistence between groups in culturally diverse societies Offers a scientific understanding of the complex issue of coexistence between groups in culturally diverse societies Utilizes original theory which combines social psychology sociology and political science Includes an original and extensive discussion of combining the concepts of identity and diversity Innovatively and engagingly employs the latest research and state of the art theory **Angles on Psychology** Matt Jarvis, Julia Russell, Phil Gorman, 2004 Thoroughly

revised and updated highlights of this new full color edition include a chapter on examination and coursework advice with sample exam questions student answers and a senior examiner's comments a greater range of alternative theories and studies more detailed coverage of the key assumptions and research methods of each approach more classic and up to date studies in detail more Talking Points to allow for a choice of contemporary issues and a new Study Skills chapter

Social Movements that Care Felipe G. Santos, 2024-12-14 The Platform of Those Affected by Mortgages PAH has left a crucial mark in the history of Spanish social movements by advocating for the over 700 000 families that have been evicted since its inception in 2009 This book explores how the PAH has blocked thousands of evictions through civil resistance prevented many more through negotiations with banks and rehoused thousands of evicted families in apartments recuperated from banks and vulture funds Through the framework of the Politics of Care Felipe G Santos explores the emotional identity and participatory challenges that hindered the mobilization of those affected by mortgages The book also reveals how empathy from a group of people unaffected by mortgage issues sparked mobilization and how care relationships empowered those facing eviction to lead the fight for housing rights

Human Rights as Social Representations Willem Doise, 2003-08-29 There are currently a large number of historical philosophical political and judicial studies on human rights However a thorough social psychological analysis of their intervention in social relations extending across national and cultural boundaries has not been available This book fills that gap providing a detailed examination of the foundations of human rights principles the sources of their universality and their limitations Using the tools of social representation theory Willem Doise examines human rights as guiding ideas which can provide institutionalized standards He then explores how these standards can be used to evaluate the relationship of individuals with authorities and with each other Essential reading for scholars and students studying social representation theory and human rights it will also be of great interest to those working more generally in the fields of psychology sociology and anthropology
