## **Social Structure Of Revolutionary America:**

Social Structure of Revolutionary America Jackson Turner Main, 2015-12-08 Professor Main's conviction is that an understanding of political history in Colonial America depends on a knowledge of the country's underlying social structure. To provide this, he examines different types of societies in revolutionary America between 1763 and 1788: frontier, subsistence farm, commercial farm, urban. He studies in detail the nature of land ownership, distribution of property and income, relations between income levels and culture, and the extent of social mobility. Thousands of probate and tax records are examined to provide an analysis of the economic class structure of a new nation. Traditional historical techniques are combined with a conceptual framework from sociology relating to class structure, stratification, and mobility. Originally published in 1965, The Princeton Legacy Library uses the latest print-on-demand technology to again make available previously out-of-print books from the distinguished backlist of Princeton University Press. These editions preserve the original texts of these important books while presenting them in durable paperback and hardcover editions. The goal of the Princeton Legacy Library is to vastly increase access to the rich scholarly heritage found in the thousands of books published by Princeton University Press since its founding in 1905.

**The Social Structure of Revolutionary America** Jackson Turner Main, 1969 **The American Scene** Robert D. Marcus, David Burner, 1971 Revolutionary America, 1763-1815 Francis D.

Cogliano, 2003-09-02 The American Revolution describes and explains the crucial events in the history of the United States between 1763 and 1815 when settlers in North America rebelled against British authority, won their independence in a long and bloody struggle, and created an enduring republic. Placing the political revolution at the core of the story, this book considers the deterioration of the relationship between Britain and the American colonists, the Wars of Independence, the creation of the republican government, and the ratification of the United States Constitution; the trials and tribulations of the first years of the new republic. The American Revolution also examines those who paradoxically were excluded from the political life of the new republic and the American claim to uphold the principle that all men are created equal. In particular, this book describes the experiences of women who were often denied the rights of citizens, Native Americans, and African Americans. The American Revolution is an important book for all students of the American past.

**Social Structure and Behavior** Robert M. Hauser, David Mechanic, Archibald O. Haller, 2013-09-17 Social Structure and Behavior: Essays in Honor of William Hamilton Sewell is a collection of 16 essays dealing with the social psychological aspects of schooling and achievement, social stratification, and mobility measurements and methods, and social structures and wellbeing. The collection discusses the political dimension of stratification, the results of observation of first graders in their reading group assignments against their social background, and stereotyping practices held by dominant groups of society. Another paper uses a causal model to analyze occupational status and earnings of Cuban exiles in the U.S. Other authors discuss the effects of institutionalization of formal employment in Brazil and propose a revision of the Duncan Scale by a more comprehensive set

of occupational prestige scale The book also analyzes measurements of ranked preferences using a single latent factor behind the ranked items One authors points that some sociological terms can be misleading in propounding a sound theory when these terms themselves confound what they are supposed to correlate The text also addresses the fundamental problems concerning welfare that include order collective action and consensus This collection of essays can interest social workers sociologists psychologists and researchers involved in community development

**New Jersey in the American Revolution** Barbara J. Mitnick, 2007-03-12 This remarkably comprehensive anthology brings new life to the rich and turbulent late 18th century period in New Jersey Originally conceived for the state s 225th Anniversary of the Revolution Celebration Commission

*Liberty Tree* Alfred F. Young, 2006-11-06 With the publication of *Liberty Tree* acclaimed historian Alfred F Young presents a selection of his seminal writing as well as two provocative never before published essays Together they take the reader on a journey through the American Revolution exploring the role played by ordinary women and men called at the time people out of doors in shaping events during and after the Revolution their impact on the Founding generation of the new American nation and finally how this populist side of the Revolution has fared in public memory Drawing on a wide range of sources which include not only written documents but also material items like powder horns and public rituals like parades and tarring and featherings Young places ordinary Americans at the center of the Revolution For example in one essay he views the Constitution of 1787 as the result of an intentional accommodation by elites with non elites while another piece explores the process of ongoing negotiations would be rulers conducted with the middling sort women enslaved African Americans and Native Americans Moreover questions of history and modern memory are engaged by a compelling examination of icons of the Revolution such as the pamphleteer Thomas Paine and Boston s Freedom Trail For over forty years history lovers students and scholars alike have been able to hear the voices and see the actions of ordinary people during the Revolutionary Era thanks to Young s path breaking work which seamlessly blends sophisticated analysis with compelling and accessible prose From his award winning work on mechanics or artisans in the seaboard cities of the Northeast to the all but forgotten liberty tree a major popular icon of the Revolution explored in depth for the first time Young continues to astound readers as he forges new directions in the history of the American Revolution

**Thomas Hutchinson and the Origins of the American Revolution** Andrew Stephen Walmsley, 2000-10 His consequent vilification became a vehicle through which the growing patriot movement sought to achieve legitimacy

**The Organization of American Culture, 1700-1900** Peter D. Hall, 1984-02-01 Nationality argues Peter Hall did not follow directly from the colonists declaration of independence from England nor from the political union of the states under the Constitution of 1789 It was rather the product of organizations which socialized individuals to a national outlook These institutions were the private corporations which Americans used after 1790 to carry on their central activities of production The book is in three parts In the first part the social and economic development of the American colonies is considered In

New England population growth led to the breakdown of community and the migration of people to both the cities and the frontier New England's merchants and professionals tried to maintain community leadership in the context of capitalism and democracy and developed a remarkable dependence on private corporations and the eleemosynary trust devices that enabled them to exert influence disproportionate to their numbers Part two looks at the problem of order and authority after 1790 Tracing the role of such New England influenced corporate institutions as colleges religious bodies professional societies and businesses Hall shows how their promoters sought to civilize the increasingly diverse and dispersed American people With Jefferson's triumph in 1800 these institutions turned to new means of engineering consent evangelical religion moral reform and education The third part of this volume examines the fruition of these corporatist efforts The author looks at the Civil War as a problem in large scale organization and the pre and post war emergence of a national administrative elite and national institutions of business and culture Hall concludes with an evaluation of the organizational components of nationality and a consideration of the precedent that the past sets for the creation of internationality

*Social Work Practice and Social Welfare Policy in the United States* Philip R. Popple, 2018-01-26 The first new social work history to be written in over twenty years *Social Work Practice and Social Welfare Policy in the United States* presents a history of the field from the perspective of elites service providers and recipients This book uniquely chronicles and analyzes the development of social work practice theory on two levels from the top down looking at the writings conference presentations and training course material developed by leaders of the profession and from the bottom up looking at case records for evidence of techniques that were actually applied by social workers in the field Additionally the author takes a careful and critical look at the development of social work methods setting it apart from existing histories that generally accept the effectiveness of the field's work Addressing CSWE EPAS standards at both the BSW and MSW levels *Social Work Practice and Social Welfare Policy in the United States* is ideal both as a primary text for history of social work social welfare classes and a supplementary text for introduction to social work social welfare or social welfare policy and services classes

**The Antifederalists** Jackson Turner Main, 2004 *Antifederalists Critics of the Constitution 1781-1788*

**Independence: The Tangled Roots of the American Revolution** Thomas P. Slaughter, 2014-06-10 An important new interpretation of the American colonists 150 year struggle to achieve independence What do we mean by the Revolution John Adams asked Thomas Jefferson in 1815 The war That was no part of the Revolution It was only an effect and consequence of it As the distinguished historian Thomas P Slaughter shows in this landmark book the long process of revolution reached back more than a century before 1776 and it touched on virtually every aspect of the colonies laws commerce social structures religious sentiments family ties and political interests And Slaughter's comprehensive work makes clear that the British who chose to go to North America chafed under imperial rule from the start vigorously disputing many of the colonies founding charters When the British said the Americans were typically independent they meant to disparage them as lawless and disloyal But

the Americans insisted on their moral courage and political principles and regarded their independence as a great virtue as they regarded their love of freedom and their loyalty to local institutions Over the years their struggles to define this independence took many forms and Slaughter s compelling narrative takes us from New England and Nova Scotia to New York and Pennsylvania and south to the Carolinas as colonists resisted unsympathetic royal governors smuggled to evade British duties on imported goods tea was only one of many and eventually began to organize for armed uprisings Britain especially after its victories over France in the 1750s was eager to crush these rebellions but the Americans opposition only intensified as did dark conspiracy theories about their enemies whether British Native American or French In Independence Slaughter resets and clarifies the terms in which we may understand this remarkable evolution showing how and why a critical mass of colonists determined that they could not be both independent and subject to the British Crown By 1775 76 they had become revolutionaries going to war only reluctantly as a last ditch means to preserve the independence that they cherished as a birthright

The Emergence of the Middle Class Stuart M. Blumin,1989-09-29 This book traces the emergence of the recognizable middle class from the 1760 1900

Diversity and Unity in Early North America Phillip Morgan,2005-09-27 Philip Morgan s selection of cutting edge essays by leading historians represents the extraordinary vitality of recent historical literature on early America The book opens up previously unexplored areas such as cultural diversity ethnicity and gender and reveals the importance of new methods such as anthropology and historical demography to the study of early America

**The Americas in the Age of Revolution, 1750-1850** Lester D. Langley,1996-01-01 Langley examines the political and social tensions reverberating throughout British French and Spanish America pointing out the characteristics that distinguished each upheaval from the others the impact of place or location on the course of revolution the dynamics of race and color as well as class the relation between leaders and followers the strength of counterrevolutionary movements and especially the way that militarization of society during war affected the new governments in the postrevolutionary era Langley argues that an understanding of the legacy of the revolutionary age sheds tremendous light on the political condition of the Americas today virtually every modern political issue the relationship of the state to the individual the effectiveness of government the liberal promise for progress and the persistence of color as a critical dynamic in social policy was central to the earlier period

**The Revolution in Virginia, 1775-1783** John E. Selby,2007 Unsurpassed as a single volume history John E Selby s masterpiece analyzes the political administrative and military history of Virginia during the American Revolution Stressing the contributions in both men and material that the state made to the new nation s war effort Shelby shows how Virginia s leaders responded to the need to expand the state s administration and mobilize its people for war while at the same time looking westward to the vast territory beyond the Appalachians Now available for the first time in paperback and with a new foreword by the historian Don Higginbotham this classic is a must read for anyone interested in the origins of our nation

**Essays on the American Revolution** Stephen G.

Kurtz, James H. Hutson, 2013-06-01 These eight original essays by a group of America's most distinguished scholars include the following themes: the meaning and significance of the Revolution; the long-term underlying causes of the war; violence and the Revolution; the military conflict; politics in the Continental Congress; the role of religion in the Revolution; and the effect of the war on the social order. This is the product of the celebrated Symposium on the American Revolution held in 1971 by the institute. Originally published 1973. A UNC Press Enduring Edition. UNC Press Enduring Editions use the latest in digital technology to make available again books from our distinguished backlist that were previously out of print. These editions are published unaltered from the original and are presented in affordable paperback formats, bringing readers both historical and cultural value. *The War of the American Revolution* Robert W. Coakley, Stetson Conn, 1975 **The War of the American Revolution** Robert W. Coakley, Stetson Conn, 1975 *Reader's Guide to American History* Peter J. Parish, 2013-06-17 There are so many books on so many aspects of the history of the United States offering such a wide variety of interpretations that students, teachers, scholars, and librarians often need help and advice on how to find what they want. The Reader's Guide to American History is designed to meet that need by adopting a new and constructive approach to the appreciation of this rich historiography. Each of the 600 entries on topics in political, social, and economic history describes and evaluates some 6 to 12 books on the topic, providing guidance to the reader on everything from broad surveys and interpretive works to specialized monographs. The entries are devoted to events and individuals as well as broader themes and are written by a team of well over 200 contributors, all scholars of American history.

### **Social Structure Of Revolutionary America Introduction**

In today's digital age, the availability of Social Structure Of Revolutionary America books and manuals for download has revolutionized the way we access information. Gone are the days of physically flipping through pages and carrying heavy textbooks or manuals. With just a few clicks, we can now access a wealth of knowledge from the comfort of our own homes or on the go. This article will explore the advantages of Social Structure Of Revolutionary America books and manuals for download, along with some popular platforms that offer these resources. One of the significant advantages of Social Structure Of Revolutionary America books and manuals for download is the cost-saving aspect. Traditional books and manuals can be costly, especially if you need to purchase several of them for educational or professional purposes. By accessing Social Structure Of Revolutionary America versions, you eliminate the need to spend money on physical copies. This not only saves you money but also reduces the environmental impact associated with book production and transportation. Furthermore, Social Structure Of Revolutionary America books and manuals for download are incredibly convenient. With just a computer or smartphone and an internet connection, you can access a vast library of resources on any subject imaginable. Whether you're a student looking for textbooks, a professional seeking industry-specific manuals, or someone interested in self-improvement, these digital resources provide an efficient and accessible means of acquiring knowledge. Moreover, PDF books and manuals offer a range of benefits compared to other digital formats. PDF files are designed to retain their formatting regardless of the device used to open them. This ensures that the content appears exactly as intended by the author, with no loss of formatting or missing graphics. Additionally, PDF files can be easily annotated, bookmarked, and searched for specific terms, making them highly practical for studying or referencing. When it comes to accessing Social Structure Of Revolutionary America books and manuals, several platforms offer an extensive collection of resources. One such platform is Project Gutenberg, a nonprofit organization that provides over 60,000 free eBooks. These books are primarily in the public domain, meaning they can be freely distributed and downloaded. Project Gutenberg offers a wide range of classic literature, making it an excellent resource for literature enthusiasts. Another popular platform for Social Structure Of Revolutionary America books and manuals is Open Library. Open Library is an initiative of the Internet Archive, a non-profit organization dedicated to digitizing cultural artifacts and making them accessible to the public. Open

Library hosts millions of books, including both public domain works and contemporary titles. It also allows users to borrow digital copies of certain books for a limited period, similar to a library lending system. Additionally, many universities and educational institutions have their own digital libraries that provide free access to PDF books and manuals. These libraries often offer academic texts, research papers, and technical manuals, making them invaluable resources for students and researchers. Some notable examples include MIT OpenCourseWare, which offers free access to course materials from the Massachusetts Institute of Technology, and the Digital Public Library of America, which provides a vast collection of digitized books and historical documents. In conclusion, Social Structure Of Revolutionary America books and manuals for download have transformed the way we access information. They provide a cost-effective and convenient means of acquiring knowledge, offering the ability to access a vast library of resources at our fingertips. With platforms like Project Gutenberg, Open Library, and various digital libraries offered by educational institutions, we have access to an ever-expanding collection of books and manuals. Whether for educational, professional, or personal purposes, these digital resources serve as valuable tools for continuous learning and self-improvement. So why not take advantage of the vast world of Social Structure Of Revolutionary America books and manuals for download and embark on your journey of knowledge?

### **FAQs About Social Structure Of Revolutionary America Books**

1. Where can I buy Social Structure Of Revolutionary America books? Bookstores: Physical bookstores like Barnes & Noble, Waterstones, and independent local stores. Online Retailers: Amazon, Book Depository, and various online bookstores offer a wide range of books in physical and digital formats.
2. What are the different book formats available? Hardcover: Sturdy and durable, usually more expensive. Paperback: Cheaper, lighter, and more portable than hardcovers. E-books: Digital books available for e-readers like Kindle or software like Apple Books, Kindle, and Google Play Books.
