Human Behavior Theory and Social Work Practice Roberta R. Greene,2011-12-31 Human Behavior Theory and Social Work Practice remains a foundation work for those interested in the practice and teaching of social work Roberta Greene covers theoretical areas and individual theorists including classical psychoanalytic thought Eriksonian theory Carl Rogers cognitive theory systems theory

ecological perspectives social construction feminism and genetics She discusses the historical context its philosophical roots and major assumptions of each theory The general theme which distinguishes this volume is that the person in environment perspective has been a central influence in the formation of the profession s knowledge base as well as its approach to practice Greene provides perspective on how individuals and social systems interact This book examines how social workers can use theory to shape social work practice by increasing his or her understanding of and potential for enhancing human well being Greene covers the relationship between human behavior theory and professional social work practice She also explores the challenges and limitations of each theory and addresses the following issues how the theory serves as a framework for social work practice how the theory lends itself to an understanding of individual family group community or organizational behavior what the implications are of the theory for social work interventions or practice strategies and what role it proposes for the social worker as a change agent Throughout the profession s history social workers have turned to a number of theoretical approaches for the organizing concepts needed to define their practice base The aims of social work to improve societal conditions and to enhance social functioning of and between individuals families and groups are put into action across all fields of practice and realized through a variety of methods in a range of settings This third edition completely revised represents a fundamental contribution to the field and like its predecessors will be widely used as a basic text

The Palgrave Handbook of Global Social Work Education Sajid S.M.,Rajendra Baikady,Cheng

Sheng-Li,Haruhiko Sakaguchi,2020-10-23 This handbook addresses the issues and challenges of the delivery of social work education in the contemporary world It provides an authoritative overview of the key debates switching the lens away from a Western centric focus to engage with a much broader audience in countries that are in the process of modernization and professionalization alongside those where social work education is more developed Chapters tackle major challenges with respect to curriculum teaching practice and training in light of globalization providing a thorough examination of the practice of social work in diverse contexts This handbook presents a contribution to the process of knowledge exchange which is essential to global social work education It brings together professional knowledge and lived experience both universal and local and aims to be an essential reference for social work educators researchers and students

Professional Social Work Education and Health Care Mildred D Mailick,Phyllis Caroff,2012-11-12 Professional Social Work Education and Health Care responds to critical concerns about the educational preparation of social workers within the rapidly changing health care environment Contributors address issues and questions of importance to educators who are contending with the multiple challenges of rapidly changing institutions fiscal constraints and service to populations with complex social health care needs This coverage provides you with important visions of the future education of leaders in health care social work The editors of Professional Social Work Education and Health Care present information that looks to the future in order to open the floor for communication among the leaders in health care social work settings Chapters explain the context of social work practice

explore current social work practice issues and look into continuing education and fieldwork. In doing so they give you valuable information about important issues such as changes in social work department structure and function in challenging economic times, collaborative efforts and reciprocal relationships in education and training, emergence of networks that will join forces with hospitals, preparation for short-term solution-based social work, the remaining need for traditional long-term social work frameworks and values, the shift in ideology to viewing clients as consumers rather than patients, modification of curriculum to focus on parenting, health education, adolescent pregnancy prevention and wellness programs, emergence of a model for post-master's education, field work in community-based health care placements versus inpatient hospital settings. This book's model for making education and practice responsive to each other and for responding to the needs for collaboration makes it a valuable resource for social work educators, practitioners and clinicians in health and mental health, advanced gerontologists in academic and practice agencies and teachers of policy and research in health concentrations in schools of social work. **Professional Social Work Education and Health Care** is an excellent ancillary text for advanced undergraduate and graduate courses in social work practice in health and mental health and is a strong addition to reading lists for classes on social work with the aged, social work research in health care and field work seminars in health and mental health.

Service User and Carer Participation in Social Work Janet Warren, 2007-06-28 This is the first text to examine the principal elements of service user involvement and participation across both adult and children's services. A valuable learning resource, it draws together information from research, service users, carers and practitioners across both groups. In addition, it gives an overview of the specific knowledge, attitude and skills that social workers need for training at qualifying level and integrates theory with evidence to inform everyday social work practice. Furthermore, case studies and activities encourage reflection and the application of this knowledge to practice situations.
