Socialism Democracy Self Management:

Socialism, Democracy and Self-management Michel Pablo, 1980 Self-management and the Crisis of Socialism Michael Wayne Howard, 2000 While some conclude from the revolutions of 1989 that socialism is dead interest in socialism continues because of persisting problems of contemporary capitalism In this exciting text Michael W Howard offers critiques of liberal communitarian postmodern and some Marxist perspectives in order to develop a left liberal defense of a model of self managed market socialism that includes a basic income for all Specific applications of his view include analyses of its implications for the global marketplace the changing nature of workplaces and media restructuring and ownership This work is sure to be of interest to social scientists public policy makers and economists as well as to feminists ecologists and others concerned with how market socialism is relevant to their social issues *Self-governing Socialism* Branko Horvat, Mihailo Marković, Rudi Supek, 1975 10 On the Theory of the Labor managed Firm 11 The Illyrian Firm 12 The Firm Monetary Policy and Property Rights in a Planned Economy National Economy 13 Plan and Market in Yugoslavia 14 The Trial and Error Procedure in a Socialist Economy 15 The Pricing of Factors of Production 16 An Institutional Model of a Self managed Socialist Economy Notes on the Editors **Socialism, democracy and self-management** Michel Pablo, 1980

Simons, 2024-12-09 **The Subversive Seventies** Michael Hardt, 2023 In *The Subversive Seventies* Michael Hardt sets out to show that popular understandings of the political movements of the seventies often seen as fractious violent and largely unsuccessful are not just inaccurate but foreclose valuable lessons for the political struggles of today Looking at a wide range of movements around the globe during the 1970s from the United States to Guinea Bissau South Korea Chile Turkey and Italy Hardt argues that the movements of the 1970s identified and attempted to resolve the political problems that still face contemporary radical political thought and action

Yugoslav Workers' Selfmanagement M.J. Broekmeyer, 2012-12-06 This book contains the Proceedings of a Conference held on 7-9 January 1970 in Amsterdam on the problems and perspectives of Yugoslav workers self management The Yugoslav writers were selected according to the criteria that they are competent in their field and that they have different viewpoints in their assessment of the system We hope that the threefold purpose of this book will be attained namely to provide a clearer insight for the Western reader into the Yugoslav system secondly to confront Yugoslav society with the questions asked and the criticism voiced here with regard to the practice of workers selfmanagement and lastly to pay a modest tribute to the 20th anniversary of Yugoslav workers self management To be sure the range of subjects treated in Amsterdam

might seem to be rather wide but one should bear in mind that this was unavoidable in the first large scale confrontation of two different social systems outside Yugoslavia Although the language used in this book may not always correspond with the official standards we trust that the published texts will be easily readable for the benevolent reader
