The Ethics of Socialism Ernest Belfort Bax,1889 *Encyclopaedia of Religion and Ethics* James Hastings,John Alexander Selbie,Louis Herbert Gray,1928 **Ethics and Capitalism** John Douglas Bishop,2000-01-01 The essays in Ethics and Capitalism address the question of ensuring ethical and just societies within a capitalist system without sacrificing productivity **Encyclopædia of Religion and Ethics: Sacrifice-Sudra** James Hastings,John Alexander Selbie,Louis Herbert Gray,1920 Scope theology philosophy ethics of various religions and ethical systems and relevant portions of anthropology mythology folklore biology psychology economics and sociology *Reading Sartre's Second Ethics* Elizabeth A. Bowman,Robert V. Stone,2023-03-27 In *Reading Sartre's Second Ethics* Elizabeth A Bowman and Robert V Stone provide a comprehensive reconstructive and critical interpretation of Jean Paul Sartre's mature dialectical ethics The key Sartrean texts are two posthumously published lectures one delivered at the Gramsci Institute in Rome in 1964 the other scheduled to be delivered at Cornell University in 1965 but cancelled by Sartre in protest of U S foreign policy Though different in content method and intended audience Sartre gave both lectures the shared title Morality and History As Bowman and Stone argue these texts comprise a single systematic ethic in two parts The Cornell lecture focuses primarily on a regressive and phenomenological analysis of normativity and its ambiguous place in lived moral experience the Rome lecture focuses primarily on a progressive and dialectical synthesis of the ends or goals of historical conduct Taken together the two texts demonstrate that integral humanity is always possible because the means to it can always be freely invented Dictionary of Ethics, Theology and Society Paul A. The Palgrave Handbook of African Social Ethics Nimi Wariboko, Toyin Falola, 2020-03-30 This Handbook provides a robust collection of vibrant discourses on African social ethics and ethical practices It focuses on how the ethical thoughts of Africans are forged within the context of everyday life and how in turn ethical and philosophical thoughts inform day to day living The essays frame ethics as a historical phenomenon best examined as a historical movement the dynamic ethos of a people rather than as a theoretical construct It thereby offers a bold incisive and fresh interpretation of Africa s ethical life and thought **Ethics of Industrial Man** Fred Blum, 2024-11-01 How do people actually experience God Jesus Christ the Kingdom and the Church Does this experience affect their awareness of capitalism socialism competition the relationship of markets to men and their participation in politics Does modern man have an ethical concern First published in 1970 Ethics of Industrial Man explores the interrelationship between people s experience of a deeper reality of life their awareness of society and their participation in it It is usually assumed that religion has lost its impact on the daily life of man This is true inasmuch as most people live their working lives divorced from religiously grounded ethics But the author shows that it ceases to be true if we explore the significance of the universal ground in which all religious awareness and every social order is rooted Using intensive interviews in Great Britain and the United States over a number of years the author gives

empirical evidence that the ethical impulse is not absent but is thwarted by the absence of bridges between the socio economic sphere of life and people s ethical awareness Decisive in this connection is the confusion between what is universal and what is historically specific This confusion the author believes underlies the apathy the sense of powerlessness the prevalence of a false consciousness the decline of traditional religious forms It is he concludes the core of the ethical corrosion of our time **The SAGE Encyclopedia of Business Ethics and Society** Robert W. Kolb,2018-03-27 Spans the relationships among business ethics and society by including numerous entries that feature broad coverage of corporate social responsibility the obligation of companies to various stakeholder groups the contribution of business to society and culture and the relationship between organizations and the quality of the environment **Socialism and the Ethics of Jesus** Henry Clay Vedder,1914
