Heilbroner M. Carroll, 1998-01-12 This book provides an intellectual portrait of Robert Heilbroner It traces the development of his work and places it within the literature of economic thought The book finds that Heilbroner is a writer of political economy in the classical sense His work is more reminiscent of Smith or Marx than of contemporary economic theorists Heilbroner s economics is built on a solid foundation of social psychology evolutionary dynamics and human history This holistic approach affords Heilbroner a wide latitude to define the economic process and the discipline that studies it *All Future Plunges to the Past* José Vergara, 2021-10-15 *All Future Plunges to the Past* explores how Russian writers from the mid 1920s on have read and responded to Joyce s work Through contextually rich close readings Jos Vergara uncovers the many roles Joyce has occupied in Russia over the last century demonstrating how the writers Yury Olesha Vladimir Nabokov

Andrei Bitov Sasha Sokolov and Mikhail Shishkin draw from Joyce's texts particularly *Ulysses* and *Finnegans Wake* to address the volatile questions of lineages in their respective Soviet migr and post Soviet contexts Interviews with contemporary Russian writers critics and readers of Joyce extend the conversation to the present day showing how the debates regarding the Irish writer's place in the Russian pantheon are no less settled one hundred years after *Ulysses* The creative reworkings or translations of Joycean themes ideas characters plots and styles made by the five writers Vergara examines speak to shifting cultural norms understandings of intertextuality and the polarity between Russia and the West Vergara illuminates how Russian writers have used Joyce's ideas as a critical lens to shape prod and constantly redefine their own place in literary history *All Future Plunges to the Past* offers one overarching approach to the general narrative of Joyce's reception in Russian literature While each of the writers examined responded to Joyce in an individual manner the sum of their methods reveals common concerns This subject raises the issue of cultural values and more importantly how they changed throughout the twentieth century in the Soviet Union Russian emigration and the post Soviet Russian environment

The Chinese Dream and Law Shiping Hua,2025-08-01 Analyzes the major laws promulgated during the Xi Jinping era against a background of the politics and ideology of the Xi regime in general The Chinese Dream and Law study situates the Chinese Dream in the modern utopianism discourse since the Late Qing following Kang Youwei and Mao Zedong As a tool to promote the Chinese Dream the legal reforms during the period depart from the thin constitutionalism of the first three decades of the post Mao era and resemble aspects of Legalism Although the current regime has made some progress in protecting people's socioeconomic rights through law it has retreated on upholding judicial independence to protect people's civil and political rights especially those vis vis the state The first three decades since post Mao reform are an aberration that deviates from the normal trajectory of modern Chinese political development The decade long efforts by the current regime have slowed the growing official corruption and have slightly narrowed the growing income gap although economic growth was cut in half The Chinese style of utopianism could mean a better place as in the country's ancient past It could also become a no place in the modern diverse world because this human hope that has a universal claim is often built on authoritarian means

A Failure of Vision Doug Greene,2022-05-27 Doug Greene takes an in depth and critical look at the life and ideas of Michael Harrington one of America's most important democratic socialists *A Failure of Vision* discusses one of the most important champions for democratic socialism in the United States Michael Harrington 1928 1989 is widely recognized for writing *The Other America* a seminal expose of poverty in the United States that inspired the War on Poverty He was also the founder of the Democratic Socialists of America DSA which is currently the largest socialist organization in the United States Michael Harrington hoped to transform democratic socialism from a marginal view into a major political force in the United States To accomplish this he advocated that socialists act as the left wing of the possible inside of the Democratic Party in order to transform it into one that truly represented the people In the end Realignment proved to be a

dead end to advance socialist politics The questions proposed by Michael Harrington continue to be sharply debated by socialists With an engaging style and critical approach to Michael Harrington s shortcomings this book is essential reading to understand contemporary debates on the American left **Platform Socialism** James Muldoon,2022-01-20 Ground breaking and ambitious Nick Srnicek author of Platform Capitalism Whoever controls the platforms controls the future Platform Socialism sets out an alternative vision and concrete proposals for a digital economy that expands our freedom Powerful tech companies now own the digital infrastructure of twenty first century social life Masquerading as global community builders these companies have developed sophisticated new techniques for extracting wealth from their users James Muldoon shows how grassroots communities and transnational social movements can take back control from Big Tech He reframes the technology debate and proposes a host of new ideas from the local to the international for how we can reclaim the emancipatory possibilities of digital platforms Drawing on sources from forgotten histories to contemporary prototypes he proposes an alternative system and charts a roadmap for how we can get there Great War Modernisms and 'The New Age' Magazine Paul Jackson,2012-07-12 A study of the politics and philosophy of writers contributing to the Little Magazine The New Age during 1907 and 1922 Program of the Annual Meeting - American Historical Association American Historical Association,2000 Some programs include also the programs of societies meeting concurrently with the association *The Ashgate Research Companion to Imperial Germany* Matthew Jefferies,2016-03-03 Germany s imperial era 1871 1918 continues to attract both scholars and the general public alike The American historian Roger Chickering has referred to the historiography on the Kaiserreich as an extraordinary body of historical scholarship whose quality and diversity stands comparison with that of any other episode in European history This Companion is a significant addition to this body of scholarship with the emphasis very much on the present and future Questions of continuity remain a vital and necessary line of historical enquiry and while it may have been short lived the Kaiserreich remains central to modern German and European history The volume allows 25 experts from across the globe to write at length about the state of research in their own specialist fields offering original insights as well as historiographical reflections and rounded off with extensive suggestions for further reading The chapters are grouped into five thematic sections chosen to reflect the full range of research being undertaken on imperial German history today and together offer a comprehensive and authoritative reference resource Overall this collection will provide scholars and students with a lively take on this fascinating period of German history from the nation s unification in 1871 right up until the end of World War I Art and knowledge after 1900 James Fox,Vid Simoniti,2023-12-12 This ground breaking new history of modern art explores the relationship between art and knowledge from the beginning of the twentieth century to the present day Each chapter examines artistic responses to a particular discipline of knowledge from quantum theory and theosophy to cybernetics and ethnic futurisms The authors argue that art s incursion into other intellectual disciplines is a defining characteristic of both modernism and

postmodernism Throughout the volume poses a series of larger questions is art a source of knowledge If so what kind of knowledge And ultimately can it contribute to our understanding of the world in ways that thinkers from other fields should take seriously

Max Nettlau's Utopian Vision , 2023-04-11 Max Nettlau's Utopian Vision gives a historically grounded presentation of the entire literature of utopianism Nettlau shows an encyclopedic knowledge of the subject He passionately believes that the value of utopian thinking and class struggle should not be underestimated as utopian desire exists in all of us Utopian thinking according to Nettlau stimulates the imagination and awakens the desire to attain a better life for everyone Without it human progress is impossible

We Own the Future Kate Aronoff, 2020-01-14 A stunningly original and timely collection that makes the case for socialism American style It's a strange day when a New York Times conservative columnist is forced to admit that the left is winning but as David Brooks wrote recently the American left is on the cusp of a great victory Among Americans under thirty 43 percent had a favorable view of socialism while only 32 percent had a favorable view of capitalism Not since the Great Depression have so many Americans questioned the fundamental tenets of capitalism and expressed openness to a socialist alternative We Own the Future Democratic Socialism American Style offers a road map to making this alternative a reality giving readers a practical vision of a future that is more democratic egalitarian inclusive and environmentally sustainable The book includes a crash course in the history and practice of democratic socialism a vivid picture of what democratic socialism in America might look like in practice and compelling proposals for how to get there from the age of Trump and beyond With contributions from some of the nation's leading political activists and analysts We Own the Future articulates a clear and uncompromising view from the left a perfectly timed book that will appeal to a wide audience hungry for change

Party of One Chun Han Wong, 2023-05-23 From one of the most admired reporters covering China today a vital new account of the life and political vision of Xi Jinping the authoritarian leader of the People's Republic whose hard edged tactics have set the rising superpower on a collision with Western liberal democracies Party of One shatters the many myths that shroud one of the world's most secretive political organizations and its leader Many observers misread Xi during his early years in power projecting their own hopes that he would steer China toward more political openness rule of law and pro market economics Having masked his beliefs while climbing the party hierarchy Xi has centralized decision making powers encouraged a cult of personality around himself and moved toward indefinite rule by scrapping presidential term limits stirring fears of a return to a Mao style dictatorship Today the party of Xi favors political zeal over technical expertise trumpets its faith in Marxism and proclaims its reach into every corner of Chinese society with Xi portraits and hammer and sickle logos Under Xi China has challenged Western preeminence in global affairs and cast its authoritarian system as a model of governance worthy of international emulation As a China reporter for The Wall Street Journal Chun Han Wong has chronicled Xi Jinping's hard line strategy for crushing dissent against his strongman rule his political repression in Hong Kong and Xinjiang and his increasingly coercive efforts to reel in the island democracy of Taiwan as well as the domestic and diplomatic fallout from the COVID 19 pandemic When the Chinese government refused to renew Wong's press credentials and forced him to leave mainland China in 2019 he moved to Hong Kong to continue covering Chinese politics and its autocratic turn under Xi Now Wong has drawn on his years of firsthand reporting across China including conversations with party insiders insights from scholars and diplomats and analyses of official speeches and documents to create a lucid and historically rooted account of China's leader and how he inspires fear and fervor in his party his nation and beyond A penetrating and timely unraveling of the personality and impact of a strongman president Kirkus Reviews starred review Party of One explains how the future Xi imagines for China will reshape the future of the entire world

An Anthology of African Cultural Studies, Volume I Keyan G. Tomaselli, Handel Kashope Wright, 2024-10-04 This volume provides an overview of fundamental or grounding themes in African Cultural Studies including the articulation of African cultural studies the issue of Africa's diaspora's African identity and identifications and media studies in Africa and its relationship with cultural studies The first of two volumes the book predominantly pulls together a rich reservoir of previously published articles from Critical Arts South North Cultural and Media Studies mapping a long history of the field that draws from a diverse range of origins and locations especially from within Africa itself The first section of the book addresses how African cultural studies has been called for and explained both

as a comprehensive continental and sometimes national discourse and as being in conversation with established global cultural studies The second section addresses the African diaspora and what might be termed diasporic African cultural studies A third principal theme explored is how African identities and identifications are articulated in African cultural studies On spatiality the volume takes a stance on the exclusive continental versus continuity conception of Africa the African diaspora is treated as contributory and its relationship to the continent as problematic while taking up continental Africa as the principal location of African cultural studies In terms of identity Blackness is taken up as the dominant but importantly not exclusive racial identity and identification of African cultural studies and gender and social class are also addressed in novel ways The book ends with an examination of the complex relationship between media studies and cultural studies This book will be a key resource for academics researchers and advanced students of African cultural studies media and cultural studies African studies history politics sociology and social and cultural anthropology while also being of interest to those seeking an introduction to the sub field of African cultural studies

Envisioning the Arab Future Nathan J. Citino, 2017-02-17

Decades before 9 11 and the Arab Spring US and Arab elites contended over the future of the Middle East Through unprecedented research in Arabic and English Envisioning the Arab Future details how Americans and Arabs nationalists Islamists and communists disputed the meaning of modernization within a shared set of Cold War era concepts Faith in linear progress the idea that society functioned as a system and a fascination with speed united officials and intellectuals who were otherwise divided by language and politics This book assesses the regional implications of US power while examining a range of topics that transcends the Arab Israeli conflict including travel communities gender oil agriculture Iraqi nationalism Nasser s Arab Socialism and hijackings in both the United States and the Middle East By uncovering a shared history of modernization between Arabs and Americans Envisioning the Arab Future challenges assumptions about a clash of civilizations and profoundly reinterprets the antecedents of today s crises

The Bengal

Diaspora Claire Alexander, Joya Chatterji, Annu Jalais, 2015-11-06

India s partition in 1947 and the creation of Bangladesh in 1971 saw the displacement and resettling of millions of Muslims and Hindus resulting in profound transformations across the region A third of the region s population sought shelter across new borders almost all of them resettling in the Bengal delta itself A similar number were internally displaced while others moved to the Middle East North America and Europe Using a creative interdisciplinary approach combining historical sociological and anthropological approaches to migration and diaspora this book explores the experiences of Bengali Muslim migrants through this period of upheaval and transformation It draws on over 200 interviews conducted in Britain India and Bangladesh tracing migration and settlement within and from the Bengal delta region in the period after 1947 Focussing on migration and diaspora from below it teases out fascinating hidden migrant stories including those of women refugees and displaced people It reveals surprising similarities and important differences in the experience of Muslim migrants in widely different contexts and places whether in the towns and

hamlets of Bengal delta or in the cities of Britain Counter posing accounts of the structures that frame migration with the textures of how migrants shape their own movement it examines what it means to make new homes in a context of diaspora The book is also unique in its focus on the experiences of those who stayed behind and in its analysis of ruptures in the migration process Importantly the book seeks to challenge crude attitudes to Muslim migrants which assume their cultural and religious homogeneity and to humanize contemporary discourses around global migration This ground breaking new research offers an essential contribution to the field of South Asian Studies Diaspora Studies and Society and Culture Studies

Socialist History Journal 15 Visions Of The Future Introduction

In today's digital age, the availability of Socialist History Journal 15 Visions Of The Future books and manuals for download has revolutionized the way we access information. Gone are the days of physically flipping through pages and carrying heavy textbooks or manuals. With just a few clicks, we can now access a wealth of knowledge from the comfort of our own homes or on the go. This article will explore the advantages of Socialist History Journal 15 Visions Of The Future books and manuals for download, along with some popular platforms that offer these resources. One of the significant advantages of Socialist History Journal 15 Visions Of The Future books and manuals for download is the cost-saving aspect. Traditional books and manuals can be costly, especially if you need to purchase several of them for educational or professional purposes. By accessing Socialist History Journal 15 Visions Of The Future versions, you eliminate the need to spend money on physical copies. This not only saves you money but also reduces the environmental impact associated with book production and transportation. Furthermore, Socialist History Journal 15 Visions Of The Future books and manuals for download are incredibly convenient. With just a computer or smartphone and an internet connection, you can access a vast library of resources on any subject imaginable. Whether you're a student looking for textbooks, a professional seeking industry-specific manuals, or someone interested in self-improvement, these digital resources provide an efficient and accessible means of acquiring knowledge. Moreover, PDF books and manuals offer a range of benefits compared to other digital formats. PDF files are designed to retain their formatting regardless of the device used to open them. This ensures that the content appears exactly as intended by the author, with no loss of formatting or missing graphics. Additionally, PDF files can be easily annotated, bookmarked, and searched for specific terms, making them highly practical for studying or referencing. When it comes to accessing Socialist History Journal 15 Visions Of The Future books and manuals, several platforms offer an extensive collection of resources. One such platform is Project Gutenberg, a nonprofit organization that provides over 60,000

free eBooks. These books are primarily in the public domain, meaning they can be freely distributed and downloaded. Project Gutenberg offers a wide range of classic literature, making it an excellent resource for literature enthusiasts. Another popular platform for Socialist History Journal 15 Visions Of The Future books and manuals is Open Library. Open Library is an initiative of the Internet Archive, a non-profit organization dedicated to digitizing cultural artifacts and making them accessible to the public. Open Library hosts millions of books, including both public domain works and contemporary titles. It also allows users to borrow digital copies of certain books for a limited period, similar to a library lending system. Additionally, many universities and educational institutions have their own digital libraries that provide free access to PDF books and manuals. These libraries often offer academic texts, research papers, and technical manuals, making them invaluable resources for students and researchers. Some notable examples include MIT OpenCourseWare, which offers free access to course materials from the Massachusetts Institute of Technology, and the Digital Public Library of America, which provides a vast collection of digitized books and historical documents. In conclusion, Socialist History Journal 15 Visions Of The Future books and manuals for download have transformed the way we access information. They provide a cost-effective and convenient means of acquiring knowledge, offering the ability to access a vast library of resources at our fingertips. With platforms like Project Gutenberg, Open Library, and various digital libraries offered by educational institutions, we have access to an ever-expanding collection of books and manuals. Whether for educational, professional, or personal purposes, these digital resources serve as valuable tools for continuous learning and self-improvement. So why not take advantage of the vast world of Socialist History Journal 15 Visions Of The Future books and manuals for download and embark on your journey of knowledge?
