Encyclopedia of U.S. Labor and Working-class History Eric Arnesen, 2007 Publisher Description

Emma Goldman: A Documentary History of the American Years, Volume One Emma Goldman, Candace Falk, 2003-04-17 A documentary history of Emma Goldman's life and work in the United States. This is the first of a three-volume set of the most important letters, newspaper articles, speeches, government documents, and photographs covering Goldman's life from her arrival in the US through 1905 when she founded the anarchist magazine *Mother Earth*.

The Red International of Labour Unions (RILU) 1920 - 1937 Reiner Tosstorff, 2016-09-07 The Red International of Labour Unions (RILU), Russian abbreviation Profintern, was a central instrument for the spreading of international communism during the inter-war period. This comprehensive and scholarly history of the organisation, based on extensive research in the former communist archives in Moscow and East Berlin, sheds significant light on the international trade union movement of the period. Tosstorff shows how the RILU began as a revolutionary alliance of syndicalists and communists in defiance of the social democratic International Federation of Trade Unions. His text presents a full account of the organisation's main stages: the decline of the revolutionary wave after World War One, after which many syndicalists left and others were integrated into the communist parties; the continuation of the RILU as an international communist apparatus and its dissolution in 1936-7 as part of communism's popular front policy. First published in German as *Profintern: Die Rote Gewerkschaftsinternationale 1920-1937* by Ferdinand Schlingensiefen, Paderborn, 2004.

Emma Goldman Emma Goldman, 2008-07-16 *Emma Goldman: A Documentary History of the American Years* reconstructs the life of Emma Goldman through significant texts and documents. These volumes collect personal letters, lecture notes, newspaper articles, court transcripts, government surveillance reports, and numerous other documents, many of which appear here in English for the first time. Supplemented with thorough annotations, multiple appendixes, and detailed chronologies, the texts bring to life the memory of this singular pivotal figure in American and European radical history.

Volume 1 *Made for America 1890-1901* introduces readers to the young Emma Goldman as she begins her association with the international anarchist movement and especially with the German, Jewish, and Italian immigrant radicals in New York City. From early on, Goldman's movement through political and intellectual circles is marked by violence: from the attempted murder of industrialist Henry Clay Frick by Goldman's lover Alexander Berkman to the assassination of President William McKinley in which Goldman was falsely implicated. The documents surrounding these events illuminate Goldman's struggle to balance anarchism's positive gains and its destructive costs. This volume introduces many of the themes that would pervade much of Goldman's later writings and speeches: the untold possibilities of anarchism, the transformative power of literature, the interplay of human relationships, and the importance of free speech, education, labor, women's freedom, and radical social reform.

Emma Goldman Emma Goldman, 2008-07-16 Reconstructs the life of Emma Goldman through significant texts and documents.

The Politics of Nonassimilation David Verbeeten,2017-05-15 Over the course of the twentieth century Eastern European Jews in the United States developed a left wing political tradition Their political preferences went against a fairly broad correlation between upward mobility and increased conservatism or Republican partisanship Many scholars have sought to explain this phenomenon by invoking antisemitism an early working class experience or a desire to integrate into a universal social order In this original study David Verbeeten instead focuses on the ways in which left wing ideologies and movements helped to mediate and preserve Jewish identity in the context of modern tendencies toward bourgeois assimilation and ethnic dissolution Verbeeten pursues this line of inquiry through case studies that highlight the political activities and aspirations of three generations of American Jews The life of Alexander Bittelman provides a lens to examine the first generation Born in Ukraine in 1892 Bittelman moved to New York City in 1912 and went on to become a founder of the American Communist Party after World War I Verbeeten explores the second generation by way of the American Jewish Congress which came together in 1918 and launched significant campaigns against discrimination within civil society before during and especially after World War II Finally he considers the third generation in relation to the activist group New Jewish Agenda which operated from 1980 to 1992 and was known for its advocacy of progressive causes and its criticism of particular Israeli governments and policies By focusing on individuals and organizations that have not previously been subjects of extensive investigation Verbeeten contributes original research to the fields of American Jewish intellectual and radical history His insightful study will appeal to specialists and general readers interested in those areas
