Socialist Register 1989 Revolution Today Aspirations And Reality:

Revolution and World Politics Fred Halliday, 1999-08-23 The relation of revolutions to international relations is central to modern history. Revolutions have as much as war or nationalism shaped the development of world politics. Equally, revolutions have been in cause, ideology and consequence international events. By putting the international politics of revolution centre stage, Fred Halliday's book makes a major contribution to the understanding of both revolution and world politics.

Rethinking Revolution Leo Panitch, Greg Albo, 2016-12-01 One hundred years ago, October 1917 galvanized leftists and oppressed peoples around the globe and became the lodestar for 20th century politics. Today the left needs to reckon with this legacy and transcend it. Social change as it was understood in the 20th century appears now to be as impossible as revolution, leaving the left to rethink the relationship between capitalist crises as well as the conceptual tension between revolution and reform. Populated by an array of passionate thinkers and thoughtful activists, *Rethinking Revolution* reappraises the historical effects of the Russian revolution, positive and negative, on political, intellectual and cultural life, and looks at consequent revolutions after 1917. Change needs to be understood in relation to the distinct trajectories of radical politics in different regions. But the main purpose of this *Socialist Register* edition, one century after Red October, is to look forward to what might happen next. Acclaimed authors interrogate and explore compelling issues including: Greg Albo, New socialist strategies or detours; Jodi Dean, Are the multitudes communing? Revolutionary agency and political forms today; Adolph Reed, Are racial minorities revolutionary agents? Zillah Eisenstein, Revolutionary feminisms today; Nina Power, Accelerated technology, decelerated revolution; David Schwartzman, Beyond global warming: Is solar communism possible; Andrea Malm, Revolution and counter revolution in an era of climate change.

Marx on Emancipation and Socialist Goals
Robert X. Ware, 2018-10-14 This book responds to the need for a retrieval and renewal of the work of Karl Marx through close philosophical analysis of his publications, manuscripts and letters, especially those relevant to politics, morality and the future. This philosophical study stands out because of its two principal features. First, it reviews and develops ideas about the future, though often only briefly discussed by Marx and his commentators, drawn from Marx's work. Second, it focuses on collective matters that are critical for Marx's ideas but rarely investigated and still problematic. Part One introduces Marx with a discussion of emancipation and freedom in community. It then discusses the importance of retrieval and the methodology for promoting it. Part Two is about misunderstandings of Marx's ideas about productive development, division of labour and organisations. Part Three discusses nations, morality and democracy, all of which Marx supported. Part Four takes up Marx's significant but misunderstood ideas about the future and his relation to the anarchists.

Revolution Rosemary H. T. O'Kane, 2000 All of the major work on the subject of revolutions is collected in this useful set. Including work from seminal figures such as Hatto and Gottschalk in the 1940s, as well as the most important literature all the way through 1998, the articles reprinted here consider the concept, theory and causes of revolution, revolutionary state building and the

outcomes of revolutions case studies of great revolutions and much more **The Socialist Register** Ralph Miliband,1994

Globalization and Social Movements Valentine M. Moghadam,2012-08-02 This clear and concise book examines social movements and transnational networks in the context of globalization in all its forms economic political cultural and technological alike Deftly combining nuanced theory with rich empirical examples leading scholar Valentine M Moghadam focuses especially on three transnational social movements Islamism feminism and global justice Now updated to explore the European anti austerity protests the Arab Spring and Occupy Wall Street the book considers the ways in which these socio political protests were affected especially by the role of young people and social networking media The book also includes a new chapter on the democratic nature of social movements or the ways in which social movements contribute to democratization at both national and global levels Defining globalization as a complex process in which the movement of capital peoples organizations movements and ideas takes on an increasingly international form the author shows how growing physical and electronic mobility has helped to create dynamic global social movements Exploring the historical roots of Islamism feminism and global justice the book also shows how these movements have been stimulated by relatively recent globalization processes Moghadam examines similarities and differences among the three movements along with internal differentiation within each Her argument is informed by feminist world systems world polity and social movement theories in a seamlessly integrated framework that will be essential reading for all students of globalization Reformers and Revolutionaries in Modern Iran Dr Stephanie Cronin,2013-04-15 Even though the left has never held power in Iran its impact on the political intellectual and cultural development of modern Iran has been profound This book s authors undertake a fundamental re examination and re appraisal of the phenomenon of leftist activism in Iran interpreted in the broadest sense throughout the period of its existence up to and including the present **Navigating Religious Authority in Muslim Societies** Asif Mohiuddin,2023-11-09 Globalisation stands as an indispensable lens through which to analyse current cultural political and social transformations This prevailing paradigm acknowledged by its advocates and critics profoundly shapes our environment Within this global landscape Islam s position is noteworthy often perceived as rejecting globalisation and its secular underpinnings This book offers a perspective of the global resurgence of religion in general and the revival of Islam in particular as crucial features of globalisation Furthermore the book deeply explores how Islamist groups strategically challenge religious authority utilising social media and the internet to reshape their spheres of influence By exploring these dynamics the book aims to provide comprehensive insights into the interplay between Islamist strategies digital platforms and religious institutions within our interconnected world *Critical Medical Anthropology* Merrill Singer,Hans Baer,2018-10-26 The purpose of this book is to provide an introduction and overview to the critical perspective as it has evolved in medical anthropology over the last ten years Standing as an opposition approach to conventional medical anthropology critical medical anthropology has emphasized the importance of political and economy forces including the
