Summers, 2015-04-26 This book offers a new vision for teaching literacy to adolescents that moves beyond reading for its own sake and toward reading as a way to motivate students to connect with their world The authors draw on the voices of adolescent readers to discover how teachers can encourage their students to explore their identities face injustices and contribute to their communities Readers learn how to incorporate the core issues of a socially responsible pedagogy into their own curricula to support strong literacy skills across the content areas Each chapter includes reflection questions that move the reader toward personal and professional development along with classroom applications that provide specific strategies and ideas for engaging literacy projects This dynamic book Outlines a socially responsible pedagogy that will assist teachers in creating meaningful experiences to motivate even the most disengaged students takes a critical approach to teaching and learning that recognizes the importance of explicitly addressing issues of power and identity examines effective school wide models that promote a climate of responsibility toward the larger society

Social Concern and Left Politics in Jewish American Art Matthew Baigell, 2015-04-03 This book explores the important and barely examined connections between the humanitarian concerns embedded in the religious heritage of Jewish American artists and the appeal of radical political causes between the years of the Great Migration from Eastern Europe in the 1880s and the beginning of World War II in the late 1930s Visual material consists primarily of political cartoons published in leftwing Yiddish and English language newspapers and magazines Artists often commented on current events using biblical and other Jewish references meaning that whatever were their political concerns their Jewish heritage was ever present By the late 1940s the obvious ties between political interests and religious concerns largely disappeared The text set against events of the times the Russian Revolution the Depression and the rise of fascism during the 1930s as well as life on New York's Lower East Side includes artists statements as well as the thoughts of religious literary

and political figures ranging from Marx to Trotsky to newspaper editor Abraham Cahan to contemporary art critics including Meyer Schapiro

Socially Responsible Investment Enrique Ballesterro, Blanca Pérez-Gladish, Ana Garcia-Bernabeu, 2014-11-18 This book integrates socially responsible investment into modern portfolio theory from a multi criteria perspective Socially responsible investment is a new deal championed by the institutional investment and bank sectors agents that influence mutual funds and other collective investment schemes and which fear that financial strategies without ethical constraints can harm sustainable growth and prosperity The book shows how to combine financial criteria such as profitability and risk with non financial criteria such as the protection of the ecosystem responsible consumption of energy and healthcare campaigns The book s first part presents critical issues in ethical investment while the second explains in detail the application of goal programming techniques for SRI funds illustrating their use in actual cases Part three demonstrates how compromise programming can be applied in the contexts of portfolio selection and risk management Finally in its fourth part the book examines the application of other decision making support methods like the Analytic Hierarchy Process AHP framework the Reference Point Method and soft computing techniques for portfolio selection

The Performance of Socially Responsible Investment Funds in Europe Eva Maria Kreibohm, 2016-11-30 Socially responsible investing SRI is an investment approach that combines investors financial as well as nonfinancial goals in the security selection process Technically investors can engage in SRI either by directly investing in companies that implement corporate social activities or by investing their money in SRI funds which apply screening criteria to select securities The screening process applied by the SRI funds has led to controversy among academics regarding whether the use of SRI screens in the security selection process influences the financial performance of the funds The empirical study analyzes whether or not the screening process applied by such funds influences their financial performance Previous research mostly has focused on analyzing the performance of SRI equity funds established in the United States The study at hand not only includes SRI equity funds but also SRI balanced and fixed income funds established in Europe the biggest market for SRI globally The study provides unexpected results that are not only of interest for investors who want to get a better understanding of the effect on the financial performance of their portfolios in case SRI funds are added The results are also relevant for SRI fund managers who are interested in promoting their funds and attracting new investors and for academics whose research interests are e g located in the fields of SRI fund portfolio performances and market efficiencies

Ethics and Socially Responsible Investment Dr William Ransome, Professor Charles Sampford, 2013-02-28 This volume breaks new ground by approaching Socially Responsible Investment SRI as an explicitly ethical practice in financial markets The work explains the philosophical and practical shortcomings of long term shareholder value and the origins and conceptual structure of SRI and links its pursuit to both its deeper philosophical foundations and the broader multi dimensional global movement towards greater social responsibility in global markets Interviews with fund managers in the Australian SRI sector generate recommendations for better integrating ethics into SRI practice via ethically informed engagement with invested companies and an in depth discussion of the central practical SRI issue of fiduciary responsibility strengthens the case in favour of SRI The practical and ethical theoretical perspectives are then brought together to sketch out an achievable ideal for SRI worldwide in which those who are involved in investment and business decisions become part of an ethical chain of decision makers linking the ultimate owners of capital with the business executives who frame advocate and implement business strategies In between there are investment advisors fund managers business analysts and boards The problem lies in the fact that the ultimate owners are discouraged from considering their own values or even their own long term interests whilst the others often look only to short term interests The solution lies in the latter recognising themselves as links in the ethical chain
