Social Welfare Programs and Social Work Education at a Crossroads Antonio López Peláez, Annaline Keet, Chung Moon Sung, 2024-07-17 This book explores a key phenomenon that has been accelerated by the COVID 19 crisis namely the crossroads at which social welfare professionals find themselves This is a crossroads where on the one hand there is an accelerated digitalization process and a reorganization of social programs while on the other hand we are confronted by the basic challenge of designing social policies and their methods of evaluation that is the generation of robust data that will allow better evaluation of social projects and programs Rigorously analyzing the crossroads at which social welfare programs find themselves and the new demands for the education of professionals involved in social welfare programs several key issues can be discerned the theoretical debate surrounding the changes brought about by the COVID 19 pandemic and the process of redefining globalization in which we are immersed the challenges to be met by welfare programs and the good practices that are being implemented the key issue of how to generate more robust data in the field of social services and social protection how to increase the competencies of professionals through education in schools of social work Providing 15 newly written chapters drawn from both the global north and the global south it offers a set of recommendations to address the challenges of inequality and social inclusion in the coming years It will be of interest to all academics students and practitioners working in the fields of social work social welfare and social development

Education and society: New approaches for new challenges Genaro Zavala, Jorge Membrillo-Hernández, Andres Eduardo Gutierrez Rodriguez, 2023-11-02

Social Work Practice and Social Welfare Policy in the United States Philip R. Popple, 2018-01-26 The first new social work history to be written in over twenty years Social Work Practice and Social Welfare Policy in the United States presents a history of the field from the perspective of elites service providers and recipients This book uniquely chronicles and analyzes the development of social work practice theory on two levels from the top down looking at the writings conference presentations and training course material developed by leaders of the profession and from the bottom up looking at case records for evidence of techniques that were actually applied by social workers in the field Additionally the author takes a careful and

critical look at the development of social work methods setting it apart from existing histories that generally accept the effectiveness of the field's work. Addressing CSWE EPAS standards at both the BSW and MSW levels, *Social Work Practice and Social Welfare Policy in the United States* is ideal both as a primary text for history of social work social welfare classes and a supplementary text for introduction to social work social welfare or social welfare policy and services classes.

Autopoiesis and Configuration Theory: New Approaches to Societal Steering Roel J. in 't Veld, Catrien J.A.M. Termeer, Linze Schaap, Mark J.W. Martinyuk, 2012-12-06

Social Welfare Policy for a Sustainable Future Katherine S. van Wormer, Rosemary J. Link, 2015-02-17. Unique in its use of a sustainability framework, *Social Welfare Policy for a Sustainable Future* goes beyond U.S. borders to examine U.S. government policies including child welfare, social services, health care, and criminal justice within a global context. Guided by the belief that forces from the global market and globalization affect all social workers in their practice, the book addresses a wide range of relevant topics including the refugee journey, the impact of new technologies, war trauma, global policy instruments, and restorative justice. A sustainability policy analysis model and an ecosystems framework for trauma-informed care are also presented in this timely text. *Social Welfare Policy and Advocacy* Bruce S. Jansson, 2015-03-04. *Social Welfare Policy and Advocacy: Advancing Social Justice through 8 Policy Sectors* provides the first framework that links micro, mezzo, and macro policy advocacy, demonstrating how each type can be used to promote social justice in health, gerontology, safety, net child welfare, education, immigrants, global mental health, and criminal justice sectors. Author Bruce S. Jansson identifies seven core problems within each sector as well as the skills social workers need, the challenges they face, and the interventions they can use at each level of advocacy. Integrated vignettes, video clips, and robust resources underscore the text's hands-on advocacy approach. Relevant to many Educational Policy and Accreditation Standards (EPAS) including policy practice, the book is designed for policy foundation courses. Public Health Reports, 1981. *Research- and Practice-Based Models for Advancing Social Work* Ngoh Tiong Tan, The Politics of Welfare in the Global South Sattwick Dey Biswas, Cleopas Gabriel Sambo, Sony Pellissery, 2024-09-17. This book is a comprehensive reference for conducting political analyses of emerging welfare systems in the Global South. It places a central emphasis on decolonizing social policy literature by developing empirically grounded theories and concepts illuminating societies in both the Global South and North. These case studies contribute to theoretical generalizations capable of explaining universal principles that are relevant to both the Global South and North.
