here from the foundational contributions to the field to the impact of new media new technologies of communication globalization trans border fluidities and agendas of research *Critical Perspectives of the Language Gap* Eric J. Johnson,2020-04-02 This volume is an orchestrated critique of the notion that individuals from lower socioeconomic status communities have inferior language skills as compared to middle and upper class groups The idea of this so called language gap stems in large part from Hart and Risley s 1995 publication *Meaningful Differences in the Everyday Experience of Young American Children* Hart and Risley proposed that by age 3 children from more economically affluent households were exposed to approximately 30 million more words than children from low income backgrounds They also claimed that this gap in exposure to words negatively impacts cognitive development and eventual academic achievement The contributing authors in this book contest the original concept of a language gap as well as the recent swell of academic research and public programs that it has produced The chapters interrogate the linguistic academic cultural and social implications of the language gap by providing critical accounts grounded in the scholarly disciplines of sociolinguistics anthropology and education This book was originally published as a special issue of the *International Multilingual Research Journal*

Biliteracy and Multiliteracies Fotini Anastassiou,2021-05-07 This volume introduces the reader to ongoing research on the study of biliteracy and highlights recent trends in the promotion of biliteracy and multiliteracies in education Literacy issues have come under the microscope of researchers in recent decades The very concept of literacy includes skills such as understanding interpreting and managing different text types in different sociocultural environments Therefore the pioneers in the study of literacy characterize it as one multidimensional concept with social and cultural components or go even further by talking about pluriliteracies multiliteracies which emerge through the complex linguistic and value practices adopted by speakers of multilingual societies in the 21st century The contributions gathered here will give the reader a general idea of where research is heading in the areas of biliteracy and multiliteracies especially in view of multilingualism and its ever changing conditions The authors situate their research within current debates in terms of theory and empirical data In this volume the reader will find several chapters discussing issues of biliteracy and multiliteracies in a wide variety of settings countries and orientations including Brazil Cyprus Greece Iceland Malta Portugal and the USA **The SAGE**
