Sociological Tradition

Peretz Bernstein, Robert Nisbet

Sociological Tradition:

The Sociological Tradition Robert Nisbet, 2017-07-28 When first published *The Sociological Tradition* had a profound and positive impact on sociology providing a rich sense of intellectual background to a relatively new discipline in America Robert Nisbet describes what he considers the golden age of sociology 1830 1900 outlining five major themes of nineteenth century sociologists community authority status the sacred and alienation Nisbet focuses on sociology's European heritage delineating the arguments of Tocqueville Marx Durkheim and Weber in new and revealing ways When the book initially appeared the Times Literary Supplement noted that this thoughtful and lucid guide shows more clearly than any previous book on social thought the common threads in the sociological tradition and the reasons why so many of its central concepts have stood the test of time And Lewis Coser writing in the New York Times Book Review claimed that this lucidly written and elegantly argued volume should go a long way toward laying to rest the still prevalent idea that sociology is an upstart discipline unconcerned with and alien to the major intellectual currents of the modern world Its clear and comprehensive analysis of the origins of this discipline ensures *The Sociological Tradition* a permanent place in the literature on sociology and its origins It will be of interest to those interested in sociological theory the history of social thought and the history of ideas Indeed as Alasdair MacIntyre observed We are unlikely to be given a better book to explain to us the inheritance of sociology from the conservative tradition

The Sociological Tradition, 1993-01-01 When first published *The Sociological Tradition* had a profound and positive impact on sociology providing a rich sense of intellectual background to a relatively new discipline in America Robert Nisbet describes what he considers the golden age of sociology 1830 1900 outlining five major themes of nineteenth century sociologists community authority status the sacred and alienation Nisbet focuses on sociology's European heritage delineating the arguments of Tocqueville Marx Durkheim and Weber in new and revealing ways When the book initially appeared the Times Literary Supplement noted that this thoughtful and lucid guide shows more clearly than any previous book on social thought the common threads in the sociological tradition and the reasons why so many of its central concepts have stood the test of time And Lewis Coser writing in the New York Times Book Review claimed that this lucidly written and elegantly argued volume should go a long way toward laying to rest the still prevalent idea that sociology is an upstart discipline unconcerned with and alien to the major intellectual currents of the modern world Its clear and comprehensive analysis of the origins of this discipline ensures *The Sociological Tradition* a permanent place in the literature on sociology and its origins It will be of interest to those interested in sociological theory the history of social thought and the history of ideas Indeed as Alasdair MacIntyre observed We are unlikely to be given a better book to explain to us the inheritance of sociology from the conservative tradition

The French Sociological Tradition Hichem Karoui, 2024-07-06 The research background of this book is the rich and complex history of French sociology characterized by rigorous intellectual inquiry and diverse theoretical perspectives that have profoundly impacted global sociology The

driving idea behind the book *Unlock the Legacy of French Sociology* is to provide a comprehensive exploration of the rich and influential history of French sociology. The book aims to detail the development of French sociological thought, examining the contributions of key figures like mile Durkheim, Pierre Bourdieu, and others. It also seeks to highlight both well known and lesser known aspects of French sociological theory as well as contemporary trends and practical applications in modern research. The ultimate goal is to offer an authoritative reference and engaging read for students, scholars, and anyone interested in understanding the legacy and ongoing impact of French sociology on global sociological thought. The research methodology proposed in this book involves a comprehensive examination of the development of French sociology, its historical context, key figures, and contributions to sociological theory and research. The task is to provide an authoritative reference and engaging read for students, scholars, and anyone interested in understanding French sociology's history and influence. The performance achieved is a detailed exploration of French sociological thought which supports their goals.

Methods: Examination of the historical context of French sociology; Analysis of key figures and their contributions to sociological theory; Exploration of lesser known but significant aspects of French sociological thought; Discussion of contemporary trends and practical applications in modern research.

Conclusion: The significance of this piece of work lies in its detailed exploration of the rich and influential history of French sociology and its ongoing impact on sociological thought.

Innovation point: Comprehensive examination of both well known and lesser known aspects of French sociological thought.

Performance: Detailed and insightful analysis of key figures and theories; Workload: Extensive research and synthesis of historical and contemporary sociological contributions.

Visions of the Sociological Tradition Donald N. Levine, 1995-09

This book is a masterful account of the social science enterprise by one of its most accomplished practitioners. Moving from the origins of systematic knowledge in ancient Greece to the present day, Donald Levine offers a richly detailed, ingeniously organized introduction to the cornerstone works of Western social thought.

The ISA Handbook of Diverse Sociological Traditions Sujata Patel, 2010

This latest edition to the ISA handbook series actively engages with the many traditions of sociology in the world. Twenty nine chapters from prominent international contributors discuss, challenge, and reconceptualize the global discipline of sociology, evaluating the diversities within and between sociological traditions of many regions and nation states. They assess all aspects of the discipline: ideas and theories, scholars and scholarship practices and traditions, ruptures and continuities through an international perspective. Its goal is to become a text for debating the contours of international sociology.

Visions of the Sociological Tradition Donald N. Levine, 1995-09-01

Don Levine moves from the origins of systematic knowledge in ancient Greece to the present day to present an account that is at once a history of the social science enterprise and an introduction to the cornerstone works of Western social thought. *Visions* has three meanings, each of which corresponds to a part of the book. In Part 1, Levine presents the ways previous sociologists have rendered accounts of their discipline as a series of narratives or life stories that build upon each other, generation to

generation a succession of efforts to envisage a coherent past for the sake of a purposive present In Part 2 the heart of the book Levine offers his own narrative reconnecting centuries of voices into a richly textured dialogue among the varied strands of the sociological tradition Hellenic British French German Marxian Italian and American Here in a tour de force of clarity and conciseness he tracks the formation of the sociological imagination through a series of conversations across generations From classic philosophy to pragmatism Aristotle to W I Thomas Levine maps the web of visionary statements confrontations and oppositions from which social science has grown At the same time this is much more than an expert synthesis of social theory Throughout each stage Levine demonstrates social knowledge has grown in response to three recurring questions How shall we live What makes humans moral creatures How do we understand the world He anchors the creation of social knowledge to ethical foundations and shows for the first time how differences in those foundations disposed the shapers of modern social science among them Marshall and Spencer Comte and Durkheim Simmel and Weber Marx and Mosca Dewey and Park to proceed in vastly different ways In Part 3 Levine offers a vision of the contemporary scene setting the crisis of fragmentation in social sciences against the fragmentation of experience and community By reconstructing the history of social thought as a series of fundamentally moral engagements with common themes he suggests new uses for sociology s intellectual resources not only as insight about the nature of modernity but also as a model of mutually respectful communication in an increasingly fractious world

Three Sociological Traditions Randall Collins, 1985 Examining the three strands of sociological thought Durkheim s ritual solidarity theory Marx and Weber s conflict theory and Colley Mead and Husserl s micro interactionist theory the author provides a unique overview of the field

Tradition and Revolt Robert A. Nisbet, This classic volume deals with a crucial contemporary social issue the conflict between traditionalism and modernism Nisbet considers such subjects as power community culture and the university He deals directly with the values of authority tradition hierarchy and community on the one hand and individualism secularism and revolt on the other Nisbet s underlying argument is that there is a close historical relationship between the distribution of power in democratic society and the displacement of social class kinship neighborhood and the church The book challenges concerned Americans to understand and address the basic conflicts confronting contemporary society In his introduction Robert G Perrin shows how the chapters in this volume reflect Nisbet s sociological vision exemplified throughout his career Perrin notes that when these writings first appeared they stimulated and informed debate on a broad range of topics such as value conflict leadership community sociology social class technology and the university They also foreshadowed works yet to come in Nisbet s long and distinguished intellectual journey Originally published in 1968 *Tradition and Revolt* was greeted with thoughtful reviews in leading sociology journals Writing in the *American Journal of Sociology* Joseph R Gusfield called it so welcome a publication one containing remarkable contributions to the analysis of modern society Nisbet s vision of Western social life as shaped by the struggle between the dialectically opposed values of tradition and modernity illuminates contemporary issues *Tradition*

and Revolt will be of particular value to sociologists cultural historians and political theorists Robert A Nisbet 1913 1996 was Albert Schweitzer Professor Emeritus of the Humanities at Columbia University and before that dean of the School of Humanities at the University of California at Riverside Among his many books are History of the Idea of Progress The Sociological Tradition The Degradation of the Academic Dogma and Teachers and Scholars all available from Transaction Robert G Perrin is professor of sociology and director of graduate studies at the University of Tennessee

Critics of Enlightenment Rationalism Revisited Gene Callahan, Kenneth B. McIntyre, 2022-09-10 This book provides an overview of some of the most important critics of Enlightenment rationalism The subjects of the volume including among others Pascal Vico Schmitt Weber Anscombe Scruton and Tolkien do not share a philosophical tradition as much as a skeptical disposition toward the notion common among modern thinkers that there is only one standard of rationality or reasonableness and that that one standard is or ought to be taken from the presuppositions methods and logic of the natural sciences The essays on each thinker are intended not merely to offer a commentary on that thinker but also to place the person in the context of this larger stream of anti rationalist thought

The Sociological Tradition Robert A. Nisbet, 1966

The Social Thought of Talcott Parsons Uta Gerhardt, 2016-02-17 The Social Thought of Talcott Parsons offers an insightful new reading of the work of Talcott Parsons keeping in view at once the important influences of Max Weber on his sociology and the central place occupied by methodology which enables us to better understand the relationship between American and European social theory Revealing American democracy and its nemesis National Socialism in Germany as the basis of his theory of society this book explores the debates in which Parsons was engaged throughout his life with the Frankfurt School C Wright Mills and the young radicals among the disobedient student generation as well as economism and utilitarianism in social theory the opponents that Parsons confronted in the interests of humanism In addition to revisiting Parsons extensive oeuvre Uta Gerhardt takes up themes in current research and theory including social inequality civic culture and globalization offering a fascinating demonstration of what the conceptual approaches of Parsons can accomplish today Revealing methodology and the American ethos to be the cornerstones of Parsons social thought this book will appeal not only to those with interests in classical sociology and who wish to fully understand what this classic has to offer but also to those who wish to make sociology answer to the problems of the society of the present

Sociology for the Twenty-first Century Janet L. Abu-Lughod, 1999 These original essays by eminent sociologists probe issues of central importance to North American societies in the twenty first century The chapters in part 1 revise theory and methods to comprehend the economic and political institutions that increasingly dominate the lives of individuals and groups arguing that these giants must be made more democratically accountable Part 2 explores the social effects that growing globalization transnationalization and information technologies are having on politics economics and the environment The final chapters compare how new immigrants from increasingly diversified backgrounds are being absorbed in Canada and the United States exploring the

impact that immigrants are having on preexisting ethnic minorities and on the dominant political culture While it is a major attempt to refocus the discipline of sociology the book's clear nontechnical style and its attention to issues of central concern to all citizens make it also highly accessible to nonspecialists Contributors are Janet L. Abu-Lughod, Tomas Almaguer, Giovanni Arrighi, Gilles Bourque, Randall Collins, Jules Duchastel, Joe Feagin, Harriet Friedmann, Pierre Hamel, Moon Kie Jung, Joel Levine, Henri Lustiger, Thaler Louis Maheu, Joel Perlmann, Saskia Sassen, Gideon Sjoberg, Dorothy Smith, Roger Waldinger, and Barry Wellman

The Sociological Tradition Peretz A. Bernstein, Robert A. Nisbet, 1966 When first published *The Sociological Tradition* had a profound and positive impact on sociology providing a rich sense of intellectual background to a relatively new discipline in America Robert Nisbet describes what he considers the golden age of sociology 1830-1900 outlining five major themes of nineteenth-century sociologists: community, authority, status, the sacred, and alienation Nisbet focuses on sociology's European heritage delineating the arguments of Tocqueville, Marx, Durkheim, and Weber in new and revealing ways When the book initially appeared the *Times Literary Supplement* noted that this thoughtful and lucid guide shows more clearly than any previous book on social thought the common threads in the sociological tradition and the reasons why so many of its central concepts have stood the test of time And Lewis Coser writing in the *New York Times Book Review* claimed that this lucidly written and elegantly argued volume should go a long way toward laying to rest the still prevalent idea that sociology is an upstart discipline unconcerned with and alien to the major intellectual currents of the modern world Its clear and comprehensive analysis of the origins of this discipline ensures *The Sociological Tradition* a permanent place in the literature on sociology and its origins It will be of interest to those interested in sociological theory, the history of social thought, and the history of ideas Indeed as Alasdair MacIntyre observed We are unlikely to be given a better book to explain to us the inheritance of sociology from the conservative tradition Provided by publisher

Social Prevention and the Social Sciences Günter Albrecht, Hans-Uwe Otto, 2010-10-06 No detailed description available for Social Prevention and the Social Sciences

The Sociological Tradition Peretz Bernstein, Robert Nisbet, 2017-10-27 When first published *The Sociological Tradition* had a profound and positive impact on sociology providing a rich sense of intellectual background to a relatively new discipline in America Robert Nisbet describes what he considers the golden age of sociology 1830-1900 outlining five major themes of nineteenth-century sociologists: community, authority, status, the sacred, and alienation Nisbet focuses on sociology's European heritage delineating the arguments of Tocqueville, Marx, Durkheim, and Weber in new and revealing ways When the book initially appeared the *Times Literary Supplement* noted that this thoughtful and lucid guide shows more clearly than any previous book on social thought the common threads in the sociological tradition and the reasons why so many of its central concepts have stood the test of time And Lewis Coser writing in the *New York Times Book Review* claimed that this lucidly written and elegantly argued volume should go a long way toward laying to rest the still prevalent idea that sociology is an upstart discipline unconcerned with and alien to the major intellectual currents of the

modern world Its clear and comprehensive analysis of the origins of this discipline ensures The Sociological Tradition a permanent place in the literature on sociology and its origins It will be of interest to those interested in sociological theory the history of social thought and the history of ideas Indeed as Alasdair MacIntyre observed We are unlikely to be given a better book to explain to us the inheritance of sociology from the conservative tradition *The Palgrave Handbook of the History of Human Sciences* David McCallum,2022-08-27 The Palgrave Handbook of the History of Human Sciences offers a uniquely comprehensive and global overview of the evolution of ideas concepts and policies within the human sciences Drawn from histories of the social and psychological sciences anthropology the history and philosophy of science and the history of ideas this collection analyses the health and welfare of populations evidence of the changing nature of our local communities cities societies or global movements and studies the way our humanness or human nature undergoes shifts because of broader technological shifts or patterns of living This Handbook serves as an authoritative reference to a vast source of representative scholarly work in interdisciplinary fields a means of understanding patterns of social change and the conduct of institutions as well as the histories of these ways of knowing probe the contexts circumstances and conditions which underpin continuity and change in the way we count analyse and understand ourselves in our different social worlds It reflects a critical scholarly interest in both traditional and emerging concerns on the relations between the biological and social sciences and between these and changes and continuities in societies and conducts as 21st century research moves into new intellectual and geographic territories more diverse fields and global problematics Toward a Critical Sociology Norman Birnbaum,1973-02-15 Norman Birnbaum has contributed to Toward a Critical Sociology as an author Norman Birnbaum is University Professor at Georgetown University Law School and the author of The Crisis of Industrial Society and Toward a Critical Sociology both from OUP A founding editor of New Left Review he has served on the board of Partisan Review and The Nation He lives in Washington D C **The sociological tradition** Robert A. Nisbet,1966 **Talcott Parsons** Peter Hamilton,1992 Talcott Parsons 1904 79 is widely regarded as one of the most important sociologists of the twentieth century These four volumes provide an essential guide to the thought and work of this major sociologist The Structure of Social Theory Anthony King,2012 Over the last three decades social theory has become an increasingly important subdiscipline within sociology Social theory has attempted to elucidate the philosophical basis of sociology by defining the nature of social reality According to social theory society consists of objective institutions structure on the one hand and individuals agency on the other it promotes human social relations insisting that in every instance social reality consists of these relations

This is likewise one of the factors by obtaining the soft documents of this **Sociological Tradition** by online.
