The Growth Of The Church In Buganda An Attempt At Understanding World Mission Studies:

The Growth of the Church in Buganda J. V. Taylor,1958 **Pitfalls of Trained Incapacity** Birgit

Herppich,2016-12-29 The need to train Christian missionaries was an afterthought of the Protestant missionary movement in the early nineteenth century The Basel Missionary Training Institute BMTI was the first school designed solely for the purpose of preparing European missionaries for ministry in non European lands Pitfalls of Trained Incapacity explores the various sociological and historical factors that influenced the BMTI community of practice and how the outcomes affected the work of the Basel Mission in Ghana in its initial phase It shows that the integral training of the BMTI resulted in missionary practices that lacked flexibility to adjust attitudes and behaviour to the vastly different circumstances in Africa impeded the realisation of mission objectives and hindered the emergence of an African appropriation of Christianity By exploring educational and sociological perspectives in a pre colonial context this study reaches beyond its historical significance to raise questions of unintended effects of integral ministry training in other times and places The natural cultural bias of groups with shared theological assumptions and social ideals like the Basel Mission suggests a strong propensity for trained incapacity that is for training processes that establish inflexible mental frameworks that are potentially detrimental to intercultural engagement Colonialism in Africa 1870-1960: Volume 5, A Bibliographic Guide to Colonialism in

Sub-Saharan Africa L. H. Gann,Peter Duignan,1969 A comprehensive study of recent African history examining the political social and economic effects of colonialism *Inside the Whirlwind* Jason Alan Carter,2016-12-09 How would ordinary African Christians interpret the figure and book of Job the quintessential biblical book on suffering from contexts of extreme poverty tropical disease and rampant suffering How do African Christians culturally understand issues of theodicy and the nature of evil What role does the devil play in African Pentecostalism How does the biblical lament empower faith and foster hope for people living with HIV AIDS In what way does a theology of eschatological hope inform the spirituality and prayers of ordinary African believers in the midst of suffering Inside the Whirlwind offers insight on these fascinating questions Based upon the perspectives of Fang Christians in Spanish speaking Equatorial Guinea Central Africa the thematic and theological reflections on evil suffering and hope emerging from sermons and Bible studies on the book of Job offer a remarkable window to view the main theological issues shaping grassroots African Christianity in the twenty first century

Missiological Hermeneutics Shawn B. Redford, 2012-10-18 The first is a historical case considering the missional and theological hermeneutics employed when addressing African polygamy For the most part authors addressing polygamy have failed to consider God s missional response to polygamists in order to buttress their own convictions regarding African polygamy As such authors have not typically utilized a missional hermeneutic when trying to address polygamy Instead they have based their arguments on the false assumption that a given theological stance is the starting point for addressing the practice The second case study considers the role of mission praxis in an Islamic context related to missiological hermeneutics The case study demonstrates the impact of modern day mission practice especially when it correlates closely with the missionary dynamics in a given portion of Scripture
