The Guide Christian Living And Commitment:

Equip For Growth ... A Guide to Living A committed Christian Life Elder Jennifer Ary, 2012-01-26 In this book it lays down the principals that is needed in order to live the life as a christian That in this christian life you are able to mature over as a Saint That as you live in a means of achieving God s will you can see a christian life in a different aspect That as the foundation is laid down through scripture it will lead us into a more committed relationship That as seek Him in prayer it will lead to growth in your christian life That will equip you to live beyond the physical church That you may live the life in principal of being the spiritual church That in every christian life we need Jesus to give our life meaning That you will find that the Bible gives direction for our life if we use it as a tool and apply it That we can find the power faith and charge needed to produce a productive life in Christ That you are able to walk in obedience that leads to eternal life *Guide to Christian Living* George V. Lobo, 2004-09-28 Among all the theological disciplines perhaps moral theology has felt the impact of the conciliar renewal most There has been a mass of excellent literature calling for a synthetic presentation At the same time a more flexible and dynamic ethic based on the Gospel values of love and freedom while it has undoubtedly deepened the Christian life of many has also caused not a little confusion in the minds of many There are endless discussions on burning issues like contraception and abortion which often do not end in any satisfactory conclusion because the general principles for ethical decision are not clear There is also a polarization between conservatives and progressives which leaves the neutral observer puzzled This book is written to clarify the basic issues in Christian ethics in an age of secularism and pluralism Although it can be taken as a treatise on General Moral Theology this book is addressed to a wider audience than students of theology It is meant to be a guide to Christian Living according to Vatican II It seeks to transcend the unfortunate dichotomy between moral and spiritual theology as the Council clearly wanted when it spoke of the subject of moral theology as the Christian vocation of the faithful and their obligation to bring forth fruit in charity for the life of the world While discussing the basic principles of Christian ethics the main preoccupation has been to discover an approach to moral decision that would safeguard all the moral values in a given situation The broad orientations for moral guidance today have been brought out in several places Special attention has been given to the question of moral absolutes as it is central to ethical discourse now The ecumenical spirit common preoccupations and a shared respect for the Word of God have brought Catholic and Protestant moral theology closer Hence an effort has been made to have a dialogue with the theologians of the Reformed tradition The strong influence of Protestant ethical writers on current Catholic moral theology has been brought out
