The Gun Trail H. A. DeRosso, 2015-04-01 Quinton a drifter stands by as a greedy rancher wreaks havoc throughout the region No one is safe not even cattle as his gang rides through the hills with a murderous intent However when they point their guns at Quinton he fights back and the range explodes into a bloody gun battle *The Gun Trail* Henry Andrew DeRosso, 2015 Quinton a drifter stands by as a greedy rancher wreaks havoc throughout the region No one is safe not even cattle as his gang rides through the hills with a murderous intent However when they point their guns at Quinton he fights back and the range explodes into a bloody gun battle **The Gun Trail** Tom Alberti, 2014-04 Ethan Marconi had grown soft sitting behind a desk When a shipment of revolutionary repeating rifles and pistols are stolen from the Marconi Arms Company of Denver he is ordered by his father to track and recover the arms In doing so he finds himself thrust into the middle of the Civil War *The Gun Trail* Thane Docker, 1967 Official Gazette of the United States Patent Office United States. Wright, Peter Henry Rossi, Kathleen Daly, In 1978 the Social and Demographic Research Institute of the University of Massachusetts Amherst received a grant from the National Institute of Justice to undertake a comprehensive review of the literature on weapons crime and violence in the United States The purpose of the project is best described as a sifting and winnowing of the claims and counterclaims from both sides of the Great American Gun War the perennial struggle in American political life over what to do if anything about guns about violence and about crime The review and analysis of the available studies consumed the better part of three years the results of this work are contained in this volume The intention of any review is to take stock of the available fund of knowledge in some topical area Under the Gun is no different our goal has been to glean from the volumes of previous studies those facts that in our view seem firmly and certainly established those hypotheses that seem adequately supported by or at least approximately consistent with the best available research evidence and those areas or topics about which it seems we need to know a lot more than we do One of our major conclusions can be stated in advance despite the large number of studies that have been done many critically important questions have not been adequately researched and some of them have not been examined at all Much of the available research in the area of weapons and crime has been done by advocates for one or another policy position As a consequence the manifest intent of many studies is to persuade rather than to inform We have tried to approach the topic from a purely agnostic point of view treating as an open question what policies should be enacted with regard to gun or crime control Thus we have tried to judge each study on its own merits on the basis of the routine standards normally applied to social scientific research and not on the basis of how effectively it argues for a particular policy direction It would of course be presumptuous to claim that we have set aside all our own biases in conducting this study Whether or not our treatment is fair and objective is clearly something for the reader and not us to decide *Ordinance*

close friends and severe physical privation and mental anguish And in the face of all this men were called upon to perform heroic acts of bravery and they did Blackburn provides genuine insight to the nature of military service for the average Canadian soldier in the Second World War something that is all too often lacking in the accounts of armchair historians and television journalists The result is a classic account of war at the sharp end From the Hardcover edition
