Brading, 2001 Juan Diego to whom the Virgin Mary appeared in 1531 miraculously imprinting her likeness on his cape was canonised in Mexico in 2002 by Pope John Paul II In 1999 the revered image of Our Lady of Guadalupe had been proclaimed patron saint of the Americas by the Pope How did a poor Indian and a sixteenth century Mexican painting of the Virgin Mary attract such unprecedented honours Across the centuries the enigmatic power of the image has aroused fervent devotion in Mexico it served as the banner of the rebellion against Spanish rule and despite scepticism and anti clericalism still remains a potent symbol of the modern nation This book traces the intellectual origins the sudden efflorescence and the adamant resilience of the tradition of Our Lady of Guadalupe and will fascinate anyone concerned with the history of religion and its symbols *Indigenous Elites and Creole Identity in Colonial Mexico, 1500-1800* Peter B. Villella, 2016-01-25 Modern Mexico derives many of its richest symbols of national heritage and identity from the Aztec legacy even as it remains a predominantly Spanish speaking Christian society This volume argues that the composite neo Aztec flavor of Mexican identity was in part a consequence of active efforts by indigenous elites after the Spanish conquest to grandfather ancestral rights into the colonial era By emphasizing the antiquity of their claims before Spanish officials native leaders extended the historical awareness of the colonial regime into the pre Hispanic past and therefore also the themes emotional contours and beginning points of what we

today understand as Mexican history This emphasis on ancient roots moreover resonated with the patriotic longings of many creoles descendants of Spaniards born in Mexico Alienated by Spanish scorn creoles associated with indigenous elites and studied their histories thereby reinventing themselves as Mexico's new native leadership and the heirs to its prestigious antiquity **The Capital** ,1897
