The Heavenly City Of The Eighteenth Century Philos:

The Heavenly City of the Eighteenth-century Philosophers Carl Lotus Becker, 2003-01-01 Here a distinguished American historian challenges the belief that the eighteenth century was essentially modern in its temper In crystalline prose Carl Becker demonstrates that the period commonly described as the Age of Reason was in fact very far from that that Voltaire Hume Diderot and Locke were living in a medieval world and that these philosophers demolished the Heavenly City of St Augustine only to rebuild it with more up to date materials In a new foreword Johnson Kent Wright looks at the book s continuing relevance within the context of current discussion about the Enlightenment Will remain a classic a beautifully finished literary product Charles A Beard American Historical Review The Heavenly City of the Eighteenth Century Philosophers remains one of the most distinctive American contributions to the historical literature on the Enlightenment It is likely to beguile and provoke readers for a long time to come Johnson Kent Wright from the foreword *The Heavenly City of the Eighteenth Century Philosophers.
