Entertaining Arthur Clarke handles both ideas and characters with deftness and wit in short the outstanding living science fiction writer is romping Chicago Sun Times In the year 2110 technology has cured most of our worries But even as humankind enters a new golden age an amateur astronomer points his telescope at just the right corner of the night sky and sees disaster hurtling toward Earth a chunk of rock that could annihilate civilization While a few fanatics welcome the apocalyptic destruction as a sign from God the greatest scientific minds of Earth desperately search for a way to avoid the inevitable On board the starship Goliath Captain Robert Singh and his crew must race against time to redirect the meteor from its deadly collision course Suddenly they find themselves on the most important mission in human history a mission whose success may require the ultimate sacrifice Praise for The Hammer of God Clarke is still at the top of his game The Detroit News As good as anything he has written For a hard science fiction treat I suspect The Hammer of God won t be topped Star Tribune Minneapolis Classic Clarke A good story The Denver Post The hammer of God Alan Scholefield,1985
 The Hammer of God James Lee Church,2000-12 A book which questions modern religion and values while providing an exciting and erotic journey from the jungles of Viet Nam to the indolence of Boca Raton Florida *The Hammer of God* Jack Cannon,1974
