Geoffrey N. Leech

Situation Of Poetry:

The Situation of Poetry Robert Pinsky, 2020-10-06 In this book Robert Pinsky writes about contemporary poetry as it reflects its modernist and Romantic past He isolates certain persistent ideas about poetry's situation relative to life and focuses on the conflict the poet faces between the nature of words and poetic forms on one side and the nature of experience on the other The author ranges for his often surprising examples from Keats to the great modernists such as Stevens and Williams to the contents of recent magazines He considers work by Ammons Ashbery Bogan Ginsberg Lowell Merwin O Hara and younger writers offering judgments and enthusiasms from a viewpoint that is consistent but unstereotyped Like his poetry Robert Pinsky's criticism joins the traditional and the innovative in ways that are thoughtful and unmistakably his own His book is a bold essay on the contemporary situation in poetry on the dazzling achievements of modernism and on the nature or situation of poetry itself

The Situation of Poetry Robert Pinsky, 1978-10-21 In this book Robert Pinsky writes about contemporary poetry as it reflects its modernist and Romantic past He isolates certain persistent ideas about poetry's situation relative to life and focuses on the conflict the poet faces between the nature of words and poetic forms on one side and the nature of experience on the other The author ranges for his often surprising examples from Keats to the great modernists such as Stevens and Williams to the contents of recent magazines He considers work by Ammons Ashbery Bogan Ginsberg Lowell Merwin O Hara and younger writers offering judgments and enthusiasms from a viewpoint that is consistent but unstereotyped Like his poetry Robert Pinsky's criticism joins the traditional and the innovative in ways that are thoughtful and unmistakably his own His book is a bold essay on the contemporary situation in poetry on the dazzling achievements of modernism and on the nature or situation of poetry itself

The Situation of Poetry Jacques Maritain, Raissa Maritain, 1955 *The Sounds of Poetry* Robert Pinsky, 1999-09 Citing the work of 50 different poets from Shakespeare and Donne to Elizabeth Bishop and Frank Bidart the Poet Laureate explains the principles of the sounds of what is called poetry

Poetry, Modernism, and an Imperfect World Sean Pryor, 2017-03-06 Diverse modernist poems far from advertising a capacity to prefigure utopia or save society understand themselves to be complicit in the unhappiness and injustice of an imperfect or fallen world Combining analysis of technical devices and aesthetic values with broader accounts of contemporary critical debates social contexts and political history this book offers a formalist argument about how these poems understand themselves and their situation and a historicist argument about the meanings of their forms The poetry of the canonical modernists T S Eliot Mina Loy and Wallace Stevens is placed alongside the poetry of Ford Madox Ford better known for his novels and his criticism and the poetry of Joseph Macleod whose work has been largely forgotten Focusing on the years from 1914 to 1930 the book offers a new account of a crucial moment in the history of British and American modernism

Alfred Schutz's Sociological Aspect of Literature Lester Embree, 2013-03-14 The maintext in the present volume has been constructed out of passages found scattered about in thirty five years of Alfred Schutz's writings and it has

been constructed by following a page of notes for a lecture that he gave in 1955 under the title Sociological Aspect of Literature. The result can be considered the substance of Schutz's contribution to the theory of literature. More detail about how this construction has been performed is offered in the Editor's Introduction. The complementary essays are by scholars from Germany, Japan, and the United States from several generations and from the disciplines of anthropology, philosophy, and sociology. These researchers were invited to reflect in their own perspectives on the main text and in relation to matters referred to within and beyond it. Draft versions of most of these complementary essays were presented for critical discussion in a research symposium held at the Graduate Faculty of Political and Social Science of the New School for Social Research on April 28-29, 1995, under the sponsorship of The Center for Advanced Research in Phenomenology, Inc., Florida Atlantic University. The Department of Philosophy of The Graduate Faculty of the New School, Richard I. Bernstein Chair and Evelyn and George Schutz, the philosopher's children, Revised versions of these presentations and also several essays subsequently recruited are offered to begin yet another stage in the history of scholarship on Schutz and the phenomenological research inspired by him. Northwestern University Press is thanked for permission to quote extensively from Alfred Schutz, *The Phenomenology of the Social World*, trans. The Situation of Poetry; Four Essays on the Relations Between Poetry, Mysticism, Magic, and Knowledge [by] Jacques and Raïssa Maritain [Translated from the Original French by Marshall Suther]. Jacques Maritain, *On the Poetry of Matthew Arnold, Robert Browning and Rabindranath Tagore*, Amulyachandra Aikat, 1921. **A Linguistic Guide to English Poetry**, Geoffrey N. Leech, 2014-06-11. Seeks to demonstrate that the study of English poetry is enriched by the insights of modern linguistic analysis and that linguistic and critical disciplines are not separate but complementary. Examining a wide range of poetry, Professor Leech considers many aspects of poetic style including the language of past and present creative language, poetic licence, repetition, sound, metre, context, and ambiguity.

Even as mere fragments, these essays are an imaginatively learned feast for virtually anyone interested in modern theologies. Modern Theology, David Tracy is widely considered one of the most important religious thinkers in North America, known for his pluralistic vision and disciplinary breadth. His first book in more than twenty years reflects Tracy's range and erudition, collecting essays from the 1980s to 2018 into a two-volume work that will be greeted with joy by his admirers and praise from new readers. In the first volume, *Fragments*, Tracy gathers his most important essays on broad theological questions, beginning with the problem of suffering across Greek tragedy, Christianity, and Buddhism. The volume goes on to address the Infinite and the many attempts to categorize and name it by Plato, Aristotle, Rilke, Heidegger, and others. In the remaining essays, he reflects on questions of the invisible, contemplation, hermeneutics, and

public theology Throughout Tracy evokes the potential of fragments understood both as concepts and events to shatter closed systems and open us to difference and Infinity Covering science literature philosophy psychoanalysis and non Western religious traditions Tracy provides in Fragments a guide for any open reader to rethink our fragmenting contemporary culture Tracy demonstrates the range of his philosophical interests in service of theology particularly his profound attention to hermeneutics A rich feast We can be grateful for the insightful essays collected in this volume from one of America's leading theologians Currents in Theology and Mission
