

THE SOCIAL CONTRACT FROM HOBBS TO RAWLS

EDITED BY
DAVID BOUCHER AND PAUL KELLY

OXFORD
UNIVERSITY PRESS

Social Contract From Hobbes To Rawls

Mehmet Kanatli

Social Contract From Hobbes To Rawls:

The Social Contract from Hobbes to Rawls David Boucher, Paul Kelly, 2003-09-02 First published in 2004 Routledge is an imprint of Taylor Francis an informa company

Contract, Culture, and Citizenship Mark E. Button, 2010 Explores the concept of the social contract and how it shapes citizenship Argues that the modern social contract is an account of the ethical and cultural conditions upon which modern citizenship depends Provided by publisher

Private Property, Freedom, and Order Mehmet Kanatli, 2021-11-29 This book looks at how the ideas of freedom property and order are expressed in modern social contract theories SCTs Drawing on the theories of Hobbes Locke Rousseau and Rawls it studies how notions of freedom promulgated by these SCTs invariably legitimise and defend the private ownership of the means of production It argues that capitalism's impact on individual dependence and economic inequality still stems from this model ultimately working in favour of proprietors The author highlights the problematic nature of SCTs which work as ideological mechanisms put forward under the guise of formal equality and formal freedom by focusing on the historical and social context behind them From a methodological point of view the author presents a de ideologization of the contractarian issue and provides insight into the political layers within the discourse of individualism human nature and morality shaping the outer corners of contractarian theory An important intervention in the study of SCTs this volume will be of great interest to scholars and researchers of political and social theory sociology political history and political philosophy

Renegotiating the Social Contract Hobbes to Rawls Deborah A. Kissinger, 2003

The Opinion of Mankind Paul Sagar, 2019-06-04

How David Hume and Adam Smith forged a new way of thinking about the modern state What is the modern state Conspicuously undertheorized in recent political theory this question persistently animated the best minds of the Enlightenment Recovering David Hume and Adam Smith's long underappreciated contributions to the history of political thought The Opinion of Mankind considers how following Thomas Hobbes's epochal intervention in the mid seventeenth century subsequent thinkers grappled with explaining how the state came into being what it fundamentally might be and how it could claim rightful authority over those subject to its power Hobbes has cast a long shadow over Western political thought particularly regarding the theory of the state This book shows how Hume and Smith the two leading lights of the Scottish Enlightenment forged an alternative way of thinking about the organization of modern politics They did this in part by going back to the foundations rejecting Hobbes's vision of human nature and his arguments about our capacity to form stable societies over time In turn this was harnessed to a deep reconceptualization of how to think philosophically about politics in a secular world The result was an emphasis on the opinion of mankind the necessary psychological basis of all political organization Demonstrating how Hume and Smith broke away from Hobbesian state theory The Opinion of Mankind also suggests ways in which these thinkers might shape how we think about politics today and in turn how we might construct better political theory

The Political Thought of David Hume Aaron Alexander Zubia, 2024-02-15 Aaron Alexander

Zubia argues that the Epicurean roots of David Hume's philosophy gave rise to liberalism's unrelenting grip on the modern political imagination. Eighteenth-century Scottish philosopher David Hume has had an outsized impact on the political thinkers who came after him from the nineteenth-century British Utilitarians to modern American social contract theorists. In this thorough and thoughtful new work Aaron Alexander Zubia examines the forces that shaped Hume's thinking within the broad context of intellectual history with particular focus on the ancient Greek philosopher Epicurus and the skeptical tradition. Zubia argues that through Hume's influence Epicureanism, which elevates utility over moral truth, became the foundation of liberal political philosophy, which continues to dominate and limit political discourse today. **Hobbesian**

Moral and Political Theory Gregory S. Kavka, 2021-01-12 In recent years serious attempts have been made to systematize and develop the moral and political themes of great philosophers of the past: Kant, Locke, Marx, and the classical utilitarians all have their current defenders and are taken seriously as expositors of sound moral and political views. It is the aim of this book to introduce Hobbes into this select group by presenting a plausible moral and political theory inspired by Leviathan. Using the techniques of analytic philosophy and elementary game theory, the author develops a Hobbesian argument that justifies the liberal State and reconciles the rights and interests of rational individuals with their obligations. Hobbes's case against anarchy, based on his notorious claim that life outside the political State would be a war of all against all, is analyzed in detail, while his endorsement of the absolutist State is traced to certain false hypotheses about political sociology. With these eliminated, Hobbes's principles support a liberal redistributive or satisfactory State and a limited right of revolution. Turning to normative issues, the book explains Hobbes's account of morality based on enlightened self-interest and shows how the Hobbesian version of social contract theory justifies the political obligations of citizens of satisfactory States. **Hobbes**

and Political Contractarianism David Gauthier, 2022-02-18 This volume presents a selection of David Gauthier's writings on Thomas Hobbes (1588–1679) and the theory of political contractarianism. The eight essays on Hobbes, written over four decades, represent the author's changing understanding of the moral and political theories since the publication of *The Logic of Leviathan* (OUP, 1969). These include essays on Hobbes on law, challenging influential readings of his legal philosophy, and a previously unpublished piece, *The True and Only Moral Philosophy*, providing a close reading of chapters 13–15 of *Leviathan*. The four essays on social contract theory include an extended version of *Political Contractarianism* (1997), Gauthier's well-known *Public Reason* (1994), and a paper previously available only in French and Spanish translations. **Contemporary**

Political Philosophy: An Anthology Robert E. Goodin, Philip Pettit, 2019-04-08 The revised and updated edition of Goodin and Pettit's highly acclaimed contemporary political philosophy anthology, bringing together the field's most important readings in a single volume. Unparalleled in the breadth and scope of its coverage, this newly revised third edition traces the evolution of political philosophy as a contemporary practice and raises important questions about the impact of current political events. Fully updated to include 49 contemporary and classic selections from the most distinguished scholars in political philosophy.

Offers expanded coverage of international affairs and political oppression Includes essays which represent a diversity of political and ideological positions and features interdisciplinary voices in politics law and economics Edited by two of the field's most highly respected scholars The ideal collection of primary readings to accompany the Companion to Contemporary Political Philosophy Second Edition Wiley Blackwell 2012 for coursework in political philosophy

A Pluralist Theory of Constitutional Justice Michel Rosenfeld, 2022 This book provides a systematic account of the role of distributive justice in the normative legitimation of liberal constitutions The requirements of distributive justice are highly contested and constitutions are susceptible to influencing those they govern Rosenfeld suggests that liberal constitutions must incorporate justice essentials
