Social Decay And Transformation A View From The Left

N Colangelo

Social Decay And Transformation A View From The Left:

Social Decay and Transformation Samuel Farber, 2000-01-01 In *Social Decay and Transformation* social and political critic Samuel Farber presents an analysis of social decline that has been missing from the contemporary scene a view from the Left one which draws from the ideas and traditions of the Enlightenment's left wing Using a comparative approach to situate his theoretical conclusions in historical circumstances Farber looks at the working class and temperance movements civil rights rebellions and the Black Panthers and the cultural revolutions of 1920s Russia and the Bolsheviks Providing carefully reasoned interrogations of contemporary thinkers such as James C Scott and Robin D G Kelley Farber clarifies the discussions on social decay currently taking place adding an important voice of the Left to the current debate Ethics and Social Survival Milton Fisk, 2016-05-20 When speaking of society's role in ethics one tends to think of society as regimenting people through its customs *Ethics and Social Survival* rejects theories that treat ethics as having justification within itself and contends that ethics can have a grip on humans only if it serves their deep seated need to live together It takes a social survival view of ethical life and its norms by arguing that ethics looks to society not for regimentation by customs but rather for the viability of society Fisk traces this theme through the work of various philosophers and builds a consideration of social divisions to show how rationalists fail to realize their aim of justifying ethical norms across divisions The book also explores the relation of power and authority to ethics without simply dismissing them as impediments and explains how personal values such as honesty modesty and self esteem still retain ethical importance Finally it shows that basing ethics on avoiding social collapse helps support familiar norms of liberty justice and democracy and strives to connect global and local ethics

The Politics of Che Guevara Samuel Farber, 2016-05-18 This reexamination of Ernesto Che Guevara's thoughts on socialism democracy and revolution is a must read for today's activists or anyone longing to fight for a better world Fifty years after his death Guevara remains a symbol to legions of young rebels and revolutionaries This unique book provides a way to critically engage with Guevara's economic views his ideas about revolutionary agency and his conduct as guerrilla commander and government administrator in Cuba Samuel Farber was born and raised in Cuba He has written extensively on Cuba and the Cuban Revolution and is author of *Cuba Since the Revolution of 1959* **Jews and Leftist Politics** Jack Jacobs, 2017-03-24 The relationships past and present between Jews and the political left remain of abiding interest to both the academic community and the public *Jews and Leftist Politics* contains new and insightful chapters from world renowned scholars and considers such matters as the political implications of Judaism the relationships of leftists and Jews the histories of Jews on the left in Europe the United States and Israel contemporary anti Zionism the associations between specific Jews and Communist parties and the importance of gendered perspectives It also contains fresh studies of canonical figures including Gershom Scholem Gustav Landauer and Martin Buber and examines the affiliations of Jews to prominent institutions calling into question previous widely held assumptions The volume is characterized by judicious appraisals made

by respected authorities and sheds considerable light on contentious themes **Power** Steven Lukes, 2017-03-16 The second edition of this seminal work includes the original text first published in 1974 alongside two major new chapters Power A Radical View assesses the main debates about how to conceptualize and study power including the influential contributions of Michel Foucault Power Revisited reconsiders Steven Lukes own views in light of these debates and of criticisms of his original argument With a new introduction and bibliographical essay this book has consolidated its reputation as a classic work and a major reference point within Social and Political Theory It can be used on modules across the Social and Political Sciences dealing with the concept of power and its manifestation in the world It is also essential reading for all undergraduate and postgraduates interested in the history of Social and Political Thought New to this Edition An additional introduction explaining the context of the first edition of Power A Radical View Two new chapters defending Lukes original argument and assessing the main debates about power since A detailed guide to further reading on essential concepts and key thinkers **Reading Literature Historically** Greg Walker, 2013-02-28 This study demonstrates the value of historical and cultural analysis alongside traditional literary scholarship for enriching our understanding of plays and poems from the medieval and early Tudor past and of the cultures which produced and received them The Cultural Memory of Africa in African American and Black British Fiction, 1970-2000 Leila Kamali, 2016-12-10 This book offers a new approach to reading the cultural memory of Africa in African American fiction from the post Civil Rights era and in Black British fiction emerging in the wake of Thatcherism The critical period between the decline of the Civil Rights Movement and the dawn of the twenty first century saw a deep contrast in the distinctive narrative approaches displayed by diverse African diaspora literatures in negotiating the crisis of representing the past Through a series of close readings of literary fiction this work examines how the cultural memory of Africa is employed in diverse and specific negotiations of narrative time in order to engage and shape contemporary identity and citizenship By addressing the practice of remembering Africa the book argues for the signal importance of the African diaspora s literary interventions and locates new paradigms for cultural identity in contemporary times **Cuba Since the Revolution of 1959** Samuel Farber, 2011 Uncritically lauded by the left and impulsively denounced by the right the Cuban Revolution is almost universally viewed one dimensionally Farber one of its most informed left wing critics provides a much needed critical assessment of the revolution s impact and legacy American Book Publishing Record ,2000-07 *Alternative Press Index* ,2003

Unveiling the Energy of Verbal Artistry: An Emotional Sojourn through **Social Decay And Transformation A View From The Left**

In a world inundated with displays and the cacophony of instant connection, the profound power and mental resonance of verbal artistry frequently fade into obscurity, eclipsed by the constant assault of noise and distractions. However, situated within the musical pages of **Social Decay And Transformation A View From The Left**, a interesting perform of fictional beauty that pulses with natural feelings, lies an unforgettable journey waiting to be embarked upon. Written by a virtuoso wordsmith, that mesmerizing opus guides viewers on a mental odyssey, delicately revealing the latent potential and profound influence embedded within the elaborate web of language. Within the heart-wrenching expanse of this evocative evaluation, we can embark upon an introspective exploration of the book is key subjects, dissect its interesting writing style, and immerse ourselves in the indelible impression it leaves upon the depths of readers souls.
