Social History Of England 1851 199:

Atlas of British Social and Economic History Since c.1700 Mr Rex Pope, Rex Pope, 2002-03-11 All students of history use maps This atlas is designed specifically to enhance the understanding of British history since 1700 as well as emphasizing social as well as economic change The contributors are all subject specialists who have taught in higher education institutions and a large proportion of both maps and text is based on their own original research The combination of maps and text is intended to illustrate not only historical developments such as the spread of agriculture or the growth of an integrated transport system but also regional contrasts at points in time The end product offers support for those historians who question the usefulness of thinking in terms of national economic histories *Understanding the Victorians* Susie L. Steinbach, 2023-07-04 *Understanding the Victorians* paints a vivid portrait of an era of dramatic change combining broad survey with close analysis and introducing students to the critical debates on the nineteenth century taking place among historians today The volume encompasses all of Great Britain and Ireland over the whole of the Victorian period and gives prominence to social and cultural topics alongside politics and economics and emphasizes class gender and racial and imperial positioning as constitutive of human relations This third edition is fully updated with new chapters on emotion and on Britain's relationship with Europe as well as added discussions of architecture technology and the visual arts Attention to the current concerns and priorities of professional historians also enables readers to engage with today's historical debates Starting with the Queen Caroline Affair in 1820 and coming up to the start of World War I in 1914 thematic chapters explore the topics of space politics Europe the empire the economy consumption class leisure gender the monarchy the law arts and entertainment sexuality religion and science With a clear introduction outlining the key themes of the period a detailed timeline and suggestions for further reading and relevant internet resources this is the ideal companion for all students of the nineteenth century Discover more from Susie by exploring our forthcoming Routledge Historical resource on British Society edited by Susie L Steinbach and Martin Hewitt Find out more about our Routledge Historical resources by visiting <https://www.routledgehistoricalresources.com> *British Friendly Societies, 1750-1914* S. Cordery, 2003-06-24 The first monograph on this topic since 1961 this book provides an innovative interpretation of the Friendly Societies in Britain from the perspectives on social gender and political history It establishes the central role of the Friendly Societies in the political activism of British workers changing understandings of masculinity and femininity the ritualised expression of social tensions and the origins of the welfare state **Working-Class Community in the Age of Affluence** Stefan Ramsden, 2017-02-24 It has appeared to many commentators that the most fundamental change in what it is meant to be working class in twentieth century Britain came not as a result of war or of want but of prosperity Social investigators documented how the relative affluence of the 1950s and 1960s improved the material conditions of life for working class Britons whilst eroding their commitment to the shared life of traditional communities Utilising an oral history case study of sociability and identity in the

Yorkshire town of Beverley between the end of the Second World War and the election of Margaret Thatcher's government. *Working Class Community in the Age of Affluence* challenges this influential narrative. An introductory essay outlines how sociologists and historians understood the complex social, cultural and economic changes of the post-war decades through the prism of affluence and traces how these changes came to be seen as deleterious to the traditional working class community. The book then proceeds thematically, exploring change across areas of social life including family, neighbourhood, workplace and associational life. This book represents the first sustained historical analysis of change and continuity in working class community living during the age of affluence. It suggests not only that older social practices persisted but also that new patterns of sociability could strengthen as much as undermine community. Ultimately *Working Class Community in the Age of Affluence* asks us to rethink assumptions about the decline of local solidarities in this pivotal period and to recognise community as a key feature of working class life across the twentieth century. Popular Anti-Catholicism in Mid-Victorian England

Denis G. Patai, 1992. Anti-Catholic sentiment was a major social, cultural and political force in Victorian England, capable of arousing remarkable popular passion. Hitherto, however, anti-Catholic feeling has been treated largely from the perspective of parliamentary politics or with reference to the propaganda of various London-based anti-Catholic religious organizations. This book sets out Victorian anti-Catholicism in a much fuller and more inclusive context, accounting for its persistence over time, distinguishing it from anti-Irish sentiment and explaining its social, economic, political and religious bases locally as well as nationally. The author is principally concerned with determining what led ordinary people to violent acts against Roman Catholic targets: violent acts against Roman Catholics, petitions joining anti-Catholic organizations and reading anti-Catholic literature. All too often English history and even British history turns out to be the history of what was happening in the West End. One of the special distinctions of this book is that it shows the interplay between national issues and their local conditions. The book covers the period ca. **Britain Since 1707** Hamish Fraser, Callum G.

Brown, 2014-07-10. *Britain since 1707* is the first single volume book to cover the complex and multi-layered history of Great Britain from its inception until 2007. Bringing together political, economic, social and cultural history, the book offers a reliable and balanced account of the nation over a 300-year period. It looks at major developments such as the Enlightenment, the growth of democracy and gender change, while also tracing the distinctive experience of different groups. The book's additional features include social and ethnic groups through the decades, fully integrating Scotland, Wales and the Irish experience. The book's comprehensive sweep includes coverage of the industrial revolution, the British Empire, the two world wars and today's multicultural society. Ideally structured to support courses and classes on British history, *Focus On* sections with original documents and sources, timelines and tables to aid understanding, historical sources and further reading suggestions at the end of each chapter, illuminating contemporary illustrations. From Queen Anne to Gordon Brown, this wide-ranging and accessible book provides a complete and up-to-date history of Britain, offering a coherent account of the evolution of the

nation and its people it will be essential reading for all students of British history **The Age of the Dream Palace** Jeffrey Richards, 2009-12-18 The period between the two world wars is often named the golden age of the cinema in Britain This definitive and entertaining book on the cinema and cinema goers of the era is herewith reissued with a new Introduction Jeffrey Richards described by Philip French as a shrewd critic a compulsive moviegoer and a professional historian tells the absorbing story of the cinema during the decade that produced Alfred Hitchcock s thrillers the musicals of Jessie Matthews and Alexander Korda s epics He examines the role of going to the pictures in people s lives during a tough period when in the sumptuous buildings that housed local cinemas people regularly spent a few pence to purchase ready made dreams watching Gracie Fields Robert Donat and the other stars of the day He scrutinizes the film industry censorship cinema s influence the nature of the star system and its images as well as the films themselves including the visions of Britain British history and society that they created and represented **Wanting and having** Peter Gurney, 2015-11-01 Nineteenth century England witnessed the birth of capitalist consumerism Early department stores shopping arcades and provision shops of all kinds proliferated from the start of the Victorian period testimony to greater diffusion of consumer goods However while the better off enjoyed having more material things masses of the population were wanting even the basic necessities of life during the Hungry Forties and well beyond Based on a wealth of contemporary evidence and adopting an interdisciplinary approach Wanting and having focuses particularly on the making of the working class consumer in order to shed new light on key areas of major historical interest including Chartism the Anti Corn Law League the New Poor Law popular liberalism and humanitarianism It will appeal to scholars and general readers interested in the origins and significance of consumerism across a range of disciplines including social and cultural history literary studies historical sociology and politics [A/AS Level History for AQA Challenge and Transformation: Britain, c1851-1964 Student Book](#) Thomas Dixon, Rosemarie Little, Alan Gillingham, 2016-06-30 A new series of bespoke full coverage resources developed for the AQA 2015 A AS Level History Written for the AQA A AS Level History specifications for first teaching from 2015 this print Student Book covers the Challenge and Transformation Britain c1851 1964 Breadth component Completely matched to the new AQA specification this full colour Student Book provides valuable background information to contextualise the period of study Supporting students in developing their critical thinking research and written communication skills it also encourages them to make links between different time periods topics and historical themes *The Reader's Adviser* Fred Kaplan, Paula T.
