A Social History of Milton Keynes Mark Clapson, 2004-08-02 This book discusses the prejudices that have distorted understandings of the city of Milton Keynes and focuses upon the original thinking that went into the planning of Milton Keynes

The Plan for Milton Keynes Milton Keynes Development Corporation, 2013-07-24 The UK's largest new town Milton Keynes is the product of a Transatlantic planning culture and a plan for a relatively low density motorised city generously endowed with roads parklands and the infrastructure of cabling for communications technology At its heart was the charismatic and influential Richard Lord Llewelyn Davies A Labour Peer with various personal and professional interests in the USA he drew upon the writings of American academics Melvin Webber and Herbert J Gans who were also invited to advise on social trends in relation to the urban context in the preparation for the Plan The Plan bristled with an understanding that motorised transport and communications technology would shape the city of the future and influence the nature and reach of community and social interactions beyond the localised realm Prepared by Llewelyn Davies Weeks Forestier Walker and Bor for Milton Keynes Development Corporation and presented to the Minister for Housing and Local Government in 1970 the Plan for Milton Keynes is a vibrant expression of Sixties idealism and forward thinking In creating the Little Los Angeles in North Buckinghamshire a low density city whose citizens mostly rely upon the private motor car for their mobility the Plan has become increasingly unfashionable as agendas for sustainability have called motorisation into question Yet the gridroads and the gridsquares within them have been very popular with the people of Milton Keynes The expansive thinking behind the Plan has important lessons for the limitations of current urban transport policy and that cosy notions of neighbourhood and locally driven community have little resonance for understanding the character of social relations in the twenty first century The planning of Milton Keynes was more realistic and nuanced than much urban policy formulation today

Anglo-American Crossroads Mark Clapson, 2013-01-10 A critical and original evaluation of American influences on urban reconstruction and regeneration in post war Britain

About England David Matless, 2023-06-17 A cultural history of Englishness and the idea of England since 1960 Brexit thrust long fraught debates about Englishness and the idea of England into the spotlight About England explores imaginings of English identity since the 1960s in politics geography art architecture film and music David Matless reveals how the national is entangled with the local the regional the European the international the imperial the post imperial and the global He also addresses physical landscapes from the village and country house to urban suburban and industrial spaces and he reflects on the nature of English modernity In short About England uncovers the genealogy of recent cultural and political debates in England showing how many of today's social anxieties developed throughout the last half century

Arrival Neighborhoods in Europe since the mid-19th

Century David Templin, 2024-08-26 This book uses the concept of arrival spaces to examine the relationship between migration processes social infrastructures and the transformation of urban spaces in Europe since the mid 19th century Case studies cover cities from London to Palermo and from Antwerp to St Petersburg including both metropolises and small towns The chapters examine the emergence of settlement patterns the functioning of arrival infrastructures and the public representations of neighborhoods which have been shaped by internal or international migrations By understanding these neighborhoods as spaces of arrival and as infrastructural hubs this volume offers a new perspective on the profound impact of migration on European cities in modern and contemporary history This volume makes a valuable contribution to both migration research and urban history and will be of interest to researchers and students studying the relationship between cities and migration in Europe s past and present Touching the Heart of Milton Keynes Susan Popoola, 2008-10-01 Milton Keynes comes to life in this concise yet comprehensive and multi dimensional exploration of a city often misunderstood Carefully and lovingly researched this is a tale of roundabouts and concrete cows of ancient settlers mostly marginalised and in danger of being forgotten of a promising football team of lakes and water sports a thriving business and social community with unique issues and a promising future The reader is drawn into a place of growing beauty and charm that truly has something for everyone Details are woven together with the robust opinion of a proud stakeholder A strong sense of the authors experience of and passion for the city is conveyed right through the pages It occurs to me that of all those who will benefit from this book it is most valuable to the city herself Milton Keynes will be very proud of a certain patriotic author resident called Susan Popoola Nnamdi Dime CEO Dimensional Solutions Ltd **Neue Städte** Andreas Ludwig, 2021-11-29 Neue Städte Materialisierungen ihrer Zeit an einem konkreten Ort Neue Städte sind Ausdruck einer Utopie Mit ihnen sollte die Wohnungsnot im kriegszerstörten Europa gelöst Wohnraum für groß angelegte Industrialisierungsprojekte und die Verwirklichung einer modernen Lebensweise ermöglicht werden Zugleich stellten sie Repräsentation von Herrschaft und Raumkontrolle dar Neue Städte altern jedoch schneller als andere Städte Grund sind Strukturwandel und soziale Veränderungen Es erfolgten Abrisse aber auch denkmalpflegerische Rekonstruktion und der Aufbau Neuer Städte an anderen Orten Die Beiträge des Buches beschreiben den Wandel der Neuen Stadt seit 1945 und verfolgen ihre Entwicklung bis zur Gegenwart mit Beispielen aus Frankreich Großbritannien Albanien Polen Ungarn Israel und China Dabei geht es auch um die urbane und historische Authentizität der Neuen Stadt und den jeweiligen Umgang mit der eigenen Geschichte *Thatcher's Progress* Guy Ortolano, 2019-06-27 Horizons Planning Architecture Community Consulting Housing **Practicing Utopia** Rosemary Wakeman, 2016-04 Rosemary Wakeman provides a sweeping history of new towns those created by fiat rather than out of geographic or economic logic and often intended to break with the tendencies of past development Heralded throughout the twentieth century as solutions to congestion environmental threats architectural malaise and cultural anomie today they are often seen as sad pernicious or merely suburban Wakeman shows that hundreds of such towns sprang from

templates and designs not only in North America and across Europe but around the world revealing how different cultures dreamed of re organizing themselves Wakeman also illuminates the missteps and unanticipated results of the initial optimistic choices and impulses
