Dying June L. Leishman, 2009 In the past most people encountered death at a relatively young age Dying relatives were cared for at home and mortality rates were higher Today there is much less familiarity with death which increasingly takes place in hospitals hospices and nursing homes This wide ranging and enlightening book offers an exploration of death and dying as human conditions that impact on the individual their significant others and those involved with their care and well being It is aimed at medical and healthcare staff social workers and counsellors as well as social sciences and health psychology students professional health and social care educationalists and anyone with an interest in this topic Drawing on aspects of social anthropology history and the social and behavioural sciences the book examines the customs attitudes and beliefs surrounding death and dying Emphasis is placed on the unique experience of death for each individual and the book highlights the challenges faced by those who work with people who are dying or those who have experienced loss through death In addition each chapter ends with some reflective questions that allow the reader to consider certain issues at a more personal level Death and Dying Gerry R. Cox, Neil Thompson, 2020-09-08 Death and Dying is an important core text for students and professionals interested in developing a holistic understanding of death and dying Chapters are replete with case studies activities key point boxes and other features that enable readers to develop a sociologically informed

understanding of the broad range of complex issues that underpin death and dying Written by two established and highly respected experts in the field it offers a thoroughgoing account of a wide range of social aspects of death and dying filling gaps left by the traditionally narrow focus of the existing literature By drawing the suggested sociological perspectives and highlighting the role of social policy the authors put forward a fresh perspective of the field of thanatology This book is a major contribution in progressing knowledge and understanding of dying and death for students and professionals in counseling health and human services

Social Perspectives on Death & Dying , Death, Dying and Bereavement

Sharon Mallon,Laura Towers,2024-11-28 While death dying and bereavement are universal life events the social conditions under which death takes place are fundamental in shaping how it is experienced by the individual Bringing together contributors from around the world this collection of chapters provides sociological insights into death dying and bereavement Drawing upon a range of sociological theorists including mile Durkheim Zygmunt Bauman and C Wright Mills the book reviews the historical contribution of sociology to the field of thanatology In doing so the book challenges individualistic psychological approaches to death dying and bereavement and demonstrates how sociological approaches can shape constrain and empower experiences by imbuing them with both collective and individual meaning Chapter length case studies explore a wide range of issues from digital aspects of remembrance and memorialisation and continued threats to liberties that permit life and death decisions to discussions of the impact and likely legacy of COVID 19 and climate change This collection will be of interest to students and researchers in the social sciences with an interest in societal attitudes towards death and bereavement Chapter 6 of this book is freely available as a downloadable Open Access PDF at <http://www.taylorfrancis.com> under a Creative Commons Attribution CC BY 4.0 license

Death and Dying in America

Andrea Fontana,Jennifer Reid Keene,2009-07-20 This engaging new book takes a fresh approach to the major topics surrounding the processes and rituals of death and dying in the United States It emphasizes individual experiences and personal reactions to death as well as placing mortality within a wider social context drawing on theoretical frameworks empirical research and popular culture Throughout the text the authors highlight the importance of two key factors in American society which determine who dies and under what circumstances persistent social inequality and the American consumerist ethic These features are explored through a discussion of topics ranging from debates about euthanasia to deaths resulting from war and terrorism from the death of a child to children s experience of grieving and bereavement and from beliefs about life after death to more practical issues such as the disposal of the dead body Drawing on sociological anthropological philosophical and historical research the authors present the salient features of death and dying for upper level students across the social sciences For anyone interested in learning more about the end of life this book will provide a useful and accessible perspective on the uniquely American understanding of death and dying

Dying Alex Broom,2016 The Social Reality of Death Kathy Charmaz,1980 In this book I aim to take a fresh look from a sociological perspective at both earlier assumptions

and current issues about death and dying Specifically the major source of my theoretical perspective is symbolic interactionism By examining the thoughts feelings and actions of the dying and those affected by death from this perspective we can gain greater insight into the subtle relationships these actors have with each other and more over with death Page v
