Understanding Emotions in Social Work: Theory, Practice and Reflection Richard Ingram, 2015-08-16 As a social work student or practitioner it is essential to be able to understand recognize and critically reflect on your own emotions and those of others Consciously or unconsciously emotions play an integral role in day to day decision making assessments and relationship building and a lack of emotional awareness and understanding can result in poor practice and a failure to think critically Practical and engaging this book encourages you to consider the role of emotions in the light of your own experiences and practice contexts Key topics include Understanding what emotions are and how they apply to social work practice Recognizing and reflecting upon the emotional content of practice Incorporating emotions in reflective journals reports case notes critical incident analysis and academic writing Understanding the conscious and unconscious emotions at play in your practice and how these can impact upon the development of positive relationships Enhancing understanding of self and the importance of resilience Understanding the role of emotions in supervision support and reflection In addition each chapter includes case studies to make the link between theory and

practice reflective exercises to encourage the reader to consider the discussion from their own contexts and perspectives There will also be key learning points to summarise the main ideas presented at the end of each chapter This is an invaluable book for all social work students and early career practitioners aiming to boost their self awareness and personal wellbeing and ultimately improve their practice This is a timely publication that reinforces the centrality of emotions and emotional intelligence in social work practice a must read for all aspiring and practising social workers Gillian Ruch Professor of Social Work School of Education and Social Work University of Sussex UK This is a book for anyone involved in professional social work education and practice one that will become a well thumbed addition to the discerning practitioner s library Amanda M L Taylor Senior Lecturer School of Social Work University of Central Lancashire UK This book reinforces how social work is primarily a human interactive and relational practice in which emotion and affect have a pivotal role I highly recommend Understanding Emotions in Social Work as an essential text for students social workers supervisors and managers Associate Professor Kieran O Donoghue Head of School of Social Work Massey University New Zealand This is one of those books that you will keep on your desk and look back at time and time again It is written in a very accessible style and is easily picked up Dr Ingram locates emotions within social work practice and guides the reader through a number of case study s and learning activities to explore this concept in depth This has been a very helpful text book during my final placement Darren Gibson Social Work Student Dundee University UK Social Work, Critical Reflection and the Learning Organization Mark

Baldwin,2016-04-01 A critical characteristic of human service organizations is their capacity to learn from experience and to adapt continuously to changing external conditions such as downward pressure on resources constant reconfiguration of the welfare state and rapidly changing patterns of social need This invaluable groundbreaking volume discusses in detail the concept of the learning organization in particular its relevance to social work and social services Contributors join together from across Europe North America and Australia to explore the development of the learning organization within social work contexts and its use as a strategic tool for meeting problems of continuous learning supervision and change The volume addresses a range of important topics from strategies for embedding learning and critical reflection in the social work learning organization to the implications of the learning organization for the new community based health and social care agenda **Revitalising Critical Reflection in Contemporary Social Work Research, Practice and Education**

Christian Franklin Svensson,Pia Ringø,2022-12-09 Globally social work faces increasingly complex cultural political economic legal organisational technological and professional conditions Critically reflecting on the subject this book heightens critical consciousness among social work researchers educators practitioners and students about the structural dimensions of social problems and human suffering it highlights the inter relationship between agency and structure and discusses strategies to challenge and change both individual and societal consciousness Offering the reader an opportunity to gain in depth understanding of how critical reflection is possible in contemporary social work research practice and education it will be

required reading for all social work scholars students and professionals Social Work, Critical Reflection and the Learning Organization Dr Mark Baldwin, Dr Nick Gould, 2012-12-28 A critical characteristic of human service organizations is their capacity to learn from experience and to adapt continuously to changing external conditions such as downward pressure on resources constant reconfiguration of the welfare state and rapidly changing patterns of social need This invaluable groundbreaking volume discusses in detail the concept of the learning organization in particular its relevance to social work and social services Contributors join together from across Europe North America and Australia to explore the development of the learning organization within social work contexts and its use as a strategic tool for meeting problems of continuous learning supervision and change The volume addresses a range of important topics from strategies for embedding learning and critical reflection in the social work learning organization to the implications of the learning organization for the new community based health and social care agenda *Reflecting on Social Work - Discipline and Profession* Karen Lyons, 2017-03-02 Social work has always been a contested activity and its status as an academic discipline remains uncertain There is currently renewed interest in the theoretical and research dimensions of social work at a time when significant changes in the broad social political and economic context in which practice takes place require a re evaluation of social work s role and a re examination of its identity This timely book brings together leading social work academics to examine the state of social work at the beginning of the 21st century With their focus on the relationships between research theory and practice they reflect critically on the nature of social work as a discipline in higher education and the importance of this to the profession as a whole The book represents an exploratory conversation among social work academics about the current state and future aspirations of the discipline and the profession It aims to stimulate wider debate about the dominant constraints and opportunities for social work in the 21st century Handbook of Reflection and Reflective Inquiry Nona Lyons, 2010-04-07 Philosophers have warned of the perils of a life spent without reflection but what constitutes reflective inquiry and why it s necessary in our lives can be an elusive concept Synthesizing ideas from minds as diverse as John Dewey and Paulo Freire the Handbook of Reflection and Reflective Inquiry presents reflective thought in its most vital aspects not as a fanciful or nostalgic exercise but as a powerful means of seeing familiar events anew encouraging critical thinking and crucial insight teaching and learning In its opening pages two seasoned educators Maxine Greene and Lee Shulman discuss reflective inquiry as a form of active attention Thoreau s wide awakesness an act of consciousness and a process by which people can understand themselves their work particularly in the form of life projects and others Building on this foundation the Handbook analyzes through the work of 40 internationally oriented authors Definitional issues concerning reflection what it is and is not Worldwide social and moral conditions contributing to the growing interest in reflective inquiry in professional education Reflection as promoted across professional educational domains including K 12 education teacher education occupational therapy and the law Methods of facilitating and scaffolding reflective engagement Current pedagogical and

research practices in reflection Approaches to assessing reflective inquiry Educators across the professions as well as adult educators counselors and psychologists and curriculum developers concerned with adult learning will find the Handbook of Reflection and Reflective Inquiry an invaluable teaching tool for challenging times **Studying for Social Work** Eileen Baldry, Linda Burnett, Mark Hughes, 2011-02-09 This essential guide to study skills takes social work students through every step of their degree journey providing them with the academic tools they will need to thrive along the way Inventively informed by the insights and reflections of qualifying students the book offers effective guidance that is grounded in real experience of the social work degree It is particularly suited to those in their early years of study and supports students as social workers in the making With reflective questions handy practical tips and links to helpful websites this accessible handbook is the perfect study companion for every student on the path to professional qualification **Handbook for Practice Learning in Social Work and Social Care** Joyce Lishman, 2007-05-15 This substantially revised expanded and updated edition of the popular Handbook of Theory for Practice Teachers is a comprehensive summary of the theory knowledge research and evidence relating to practice learning in social care focussing on knowledge based practice with a focus on improving outcomes
