Social Security Reform in Advanced Countries Toshihiro Ihori,Toshiaki Tachibanaki,2002-12-26 Increasingly ageing populations and a slowing rate of growth in the macroeconomy are forcing advanced countries to reconsider their social security programmes The need for detailed examination of the possible reforms and initiatives has never been greater This book brings together internationally renowned scholars to evaluate the effect of recent **Social Security Reform in Advanced Countries** EBSCO Publishing (Firm), Economics and Ageing José Luis Iparraguirre,2019-11-29 This upper level textbook provides a coherent introduction to the economic implications of individual and population ageing Placing economic considerations into a wider social sciences context this is ideal reading not only for advanced undergraduate and masters students in health economics and economics of ageing but policy makers professionals and practitioners in gerontology sociology health related sciences and social care This volume introduces topics in labour economics including the economic implications of ageing workforces It covers pension economics and pension systems with their macroeconomic and distributive effects and the question of risk Finally it describes macroeconomic consequences of ageing populations on aggregate saving inflation international trade and financial markets Understanding the Private-Public Divide Avner Offer,2022-04-07 A distinctive new account of why markets focus on short term goals while government needs to concentrate on society s long term interests Reforming Pensions in Developing and Transition Countries K. Hujo,2014-08-22 This book moves beyond technical studies of pension systems by addressing the political economy of pension reform in different contexts It provides insights into key issues related to pension policy and its developmental implications drawing on selected country studies in Africa Asia Eastern Europe the Middle East and Latin America Tax Policy for Aging Societies A. Okamoto,2012-12-06 The Japanese population is aging faster than any other in the world The per centage of Japan s population aged 65 and above was only 7 1% in 1970 but just 30 years later in 2000 it reached 17 2% A declining birth rate and a rising average life expectancy will continue to push this trend further This situation is causing serious problems for Japanese society Structural reforms especially tax and social security reforms to accommodate this drastic demographic change have become an urgent policy issue The purpose of this book is to establish guidelines for tax and social security reforms in Japan in terms that are both efficient and equitable In this study an extended life cycle general equilibrium model is employed to rigorously take account of the rapidly aging Japanese population The simulation approach adopted in our analysis permits us to calculate the effects of alternative policy packages on capital accumulation and economic welfare This enables us to make proposals for concrete economic policies **The Bibliographic Index** ,2005 **The Challenge of Public Pension Reform in Advanced and Emerging Economies** Mr.Benedict J. Clements,Mr.David Coady, Frank Eich,Mr.Sanjeev Gupta,Mr.Alvar Kangur,Baoping Shang,Mauricio Soto,2013-01-25 Pension reform is high on the policy agenda of many advanced and emerging market economies In advanced economies the challenge is generally to contain

future increases in public pension spending as the population ages In emerging market economies the challenges are often different Where pension coverage is extensive the issues are similar to those in advanced economies Where pension coverage is low the key challenge will be to expand coverage in a fiscally sustainable manner This volume examines the outlook for public pension spending over the coming decades and the options for reform in 52 advanced and emerging market economies
