Social Crisis Of Our Time:

The Social Crisis of Our Time Wilhelm Röpke, *The Social Crisis of Our Time* Wilhelm Roepke, 2017-07-28 Roepke's *The Social Crisis of Our Time* is a series of blasts against the malformations of economics the Nazi and Communist forms of collectivism both come in for severe criticism Roepke shows the process by which the Western liberal tradition itself makes possible these rebellions against open economic systems The drive toward social welfare full employment policies and the state management of fiscal fluctuations all lead away from free societies no less than market economies The Social Crisis of Our Time Wilhelm Theodor Röpke, 1950 *Italian Critics of Capitalism* Lorella Cedroni, 2010-03-31 Over the last hundred years the history of capitalism hardly supports the idea of a dynamic equilibrium between democracy and capitalism The unprecedented triumph of global capitalism and its stronger power of transformation are changing the nature of political community and its institutions transforming the conditions of democratic politics and governance The writings collected in this volume present leading statements of theories of democracy and capitalism in Italy starting from Vilfredo Pareto who firstly focused on the transformation of democracy into a plutocracy in which vested interests use the government as a tool for their own profit until Norberto Bobbio who expressed a strong defence of democracy and a deep critique of capitalism As Marx Weber and Schumpeter from different perspectives have pointed out capitalism rather than just an economic mode of organization is a mentality a social logic a form of living that influences and reshapes political structures and culture The globalized economic order is challenging the foundations and political principles upon which liberal democracy is based Global markets have unleashed economic forces that are becoming too powerful for democratic institutions to control Even if the formal elements of democracy still survive the government by the people for the people is declining elections debates parties are evacuated and bypassed by new less accountable processes *Political Views and Ideas* R. G. Williams, 2022-07-13 This book is a study of modern politics from a Socialist and Left wing perspective As a collection of essays on political ideas it presents an analysis of the crisis of our times through examining the various crises and problems which define modern society It considers individual political aspects of the contemporary problems of Capitalist politics ranging from economic crisis to social crisis from Imperialism to the environmental crisis As such it serves to outline a solid argument for a better politics today the politics of Socialism and Democratic Socialism *The Social Crisis of Our Time* Arthur E. Morgan, Wilhelm Roepke, 2017-09-22 Roepke's *The Social Crisis of Our Time* is a series of blasts against the malformations of economics the Nazi and Communist forms of collectivism both come in for severe criticism Roepke shows the process by which the Western liberal tradition itself makes possible these rebellions against open economic systems The drive toward social welfare full employment policies and the state management of fiscal fluctuations all lead away from free societies no less than market economies *Wilhelm Röpke (1899–1966)* Patricia Commun, Stefan Kolev, 2018-02-15 This volume provides a comprehensive account of Wilhelm Röpke as a liberal political economist and social philosopher Wilhelm R

pke 1899 1966 was a key protagonist of transatlantic neoliberalism a prominent public intellectual and a gifted international networker As an original thinker he always positioned himself at the interface between political economy and social philosophy as well as between liberalism and conservatism R pke s endeavors to combine these elements into a coherent whole as well as his embeddedness in European and American intellectual networks of liberal and conservative thinkers are a central theme throughout the book The volume includes papers by international experts from a conference in Geneva on the occasion of the 50th anniversary of R pke s passing The first part focuses on new biographical insights into his exile years in Istanbul and Geneva while the second part discusses his business cycle theory in the context of the Great Depression and the third part elaborates on his multifaceted social philosophy Wilhelm R pke was among the most important thinkers within the classical liberal revival post WWII with intriguing tensions between liberalism and conservatism A highly recommended volume Peter J Boettke 2016 2018 President of the Mont P lerin Society and Professor of Economics and Philosophy George Mason University This important collection of papers provides an in depth assessment of Wilhelm R pke s contributions placing him in the context of his time A fine contribution Bruce J Caldwell Director of the Center for the History of Political Economy and Research Professor of Economics Duke University **The Social Crisis of Our Time** Wilhelm Röpke,1950

A neoliberal revolution? Hugh Pemberton,James Freeman,Aled Davies,2024-07-09 This book examines the Thatcher government s attempt to revolutionise Britain s pensions system in the 1980s and create a nation of risk taking savers with an individual stake in capitalism Drawing upon recently released archival records it shows how the ideas motivating these reforms journeyed from the writings of neoliberal intellectuals into government and became the centrepiece of a plan to abolish significant parts of the UK s welfare state and replace these with privatised personal pensions Revealing a government that veered between political caution and radicalism the book explains why this revolution failed and charts the malign legacy left by the evolutionary changes that ministers salvaged from the wreckage of their reforms The book contributes to understanding of policy change Thatcherism and international neoliberalism by showing how major reforms to social security could reflect neoliberal thought and yet profoundly disappoint their architects Studies of Capitalist Culture R. G. Williams,2023-08-22 This book is a study of Capitalist culture of modern culture under Capitalism and the problems of Capitalist culture We live in an age of Capitalist crisis we also live in an age of Capitalist cultural crisis By looking at the relationship between culture and Capitalism we might be able to understand the relationship between culture and the struggle for Socialism for a society based on a free culture and a free humanity
