Social Expenditure 1960-1990 Problems Of Growth And Control

B Lingard

Social Expenditure 1960-1990 Problems Of Growth And Control:

Aging and Social Expenditure in the Major Industrial Countries, 1980-2025 Ziba Farhadian, Mr. Bernard Nivollet, Mr. Robert Alan Feldman, Mr. Peter S. Heller, Mr. Richard Hemming, Mr. Menachem Katz, Ahsan S. Mansur, Mr. Donogh McDonald, Mr. Edgardo Ruggiero, Mr. Peter Kohnert, 1986-09-15 Most of the seven major industrial countries are now experiencing significant changes in their demographic structure A persistent pattern of declining fertility and improving life expectancy has created major segments of the population that are already relatively aged or will become so in the near future This paper examines the impact of prospective demographic trends on the level and structure of social expenditure by the governments of the seven major industrial countries the Group of Seven through the year 2025 Social Expenditure, 1960-1990 Organisation for Economic Co-operation and Development, 1985 **The Control and Management of Government Expenditure** OECD, 2009-05-18 Public expenditure control has become a central element of economic policy in many countries This report analyses budget practices and some recent innovations from the point of view of senior public servants in the central budget offices of Social Democratic Capitalism Lane Kenworthy, 2020 What is the configuration of institutions and policies most conducive to human flourishing The historical and comparative evidence from the world's rich democratic countries suggests that the answer is capitalism a democratic political system good elementary and secondary schooling a big welfare state employment conducive public services and moderate regulation of product and labor markets This set of policies and institutions which sociologist Lane Kenworthy calls social democratic capitalism improves living standards for the least well off enhances economic security and very likely boosts equality of opportunity And it does so without sacrificing the many other things we want in a good society from liberty to economic growth and much more While the Nordic nations have been social democratic capitalism's chief practitioners there is good reason to think other affluent countries including the United States will move in this direction in coming decades **In Defense of Public Debt** Barry J. Eichengreen, Asmaa El-Ganainy, Rui Esteves, Kris James Mitchener, 2021 Debt in service of the state States and the limits of borrowing Democratization and globalization Caveat emptor Managing problem debts Successful consolidation Warfare to welfare Cycles of debt Oil and water Missed opportunities Debt to the rescue COVID 19 **The Future of the Welfare State** Francis G. Castles, 2004-07-08 This assessment of the threat posed to modern welfare states by globalization and demographic change brings together empirical methods current information from 21 countries and insights from across the social sciences The author also presents likely trajectories of welfare state development in coming decades **Managing Mixed Economies** Rudolf Wildenmann, 1986 No detailed description available for Managing Mixed Economies

Managing Mixed Economies Francis G. Castles, Franz Lehner, Manfred G. Schmidt, 2019-05-01 To celebrate the 270th anniversary of the De Gruyter publishing house the company is providing permanent open access to 270 selected treasures from the De Gruyter Book Archive Titles will be made available to anyone anywhere at any time that might be interested The

DGBA project seeks to digitize the entire backlist of titles published since 1749 to ensure that future generations have digital access to the high quality primary sources that De Gruyter has published over the centuries

Globalization and Egalitarian Redistribution Pranab Bardhan, Samuel Bowles, Michael Wallerstein, 2020-10-06 Can the welfare state survive in an economically integrated world Many have argued that globalization has undermined national policies to raise the living standards and enhance the economic opportunities of the poor This book by sixteen of the world s leading authorities in international economics and the welfare state suggests a surprisingly different set of consequences Globalization does not preclude social insurance and egalitarian redistribution but it does change the mix of policies that can accomplish these ends Globalization and Egalitarian Redistribution demonstrates that the free flow of goods capital and labor has increased the inequality or volatility of labor earnings in advanced industrial societies while constraining governments ability to tax the winners from globalization to compensate workers for their loss This flow has meanwhile created opportunities for enhancing the welfare of the less well off in poor and middle income countries Comprising eleven essays framed by the editors introduction and conclusion this book represents the first systematic look at how globalization affects policies aimed at reducing inequalities The contributors are Keith Banting Pranab Bardhan Carles Boix Samuel Bowles Minsik Choi Richard Johnston Covadonga Meseguer Yebra Karl Ove Moene Layna Mosley Claus Offe Ugo Pagano Adam Przeworski Kenneth Scheve Matthew J Slaughter Stuart Soroka and Michael Wallerstein

The Future of Social Welfare Systems in Canada and the United Kingdom Institute for Research on Public Policy, 1987 Informed observers and policy makers are well aware that in recent years social welfare systems on both sides of the Atlantic have been subject to growing scrutiny debate and controversy especially due to high unemployment rates and extreme interest rates experienced during the last recession as well as important demographic changes such as the increase of women into the labour market and the aging population The papers included in the colloquium discuss the situation of social welfare policy in three stages historical developments and forces for change the influence of the political process on social security developments and the nature of policy responses to demographic change
