Social Identity:

Social Identity Richard Jenkins, 2008-06-03 This third edition builds on the international success of previous editions offering an easy access critical introduction to social science theories of identity for advanced undergraduates and postgraduates All of the previous chapters have been updated and extra material has been added where relevant for example on globalization Two new chapters have been added one addresses the debate about whether identity matters discussing for example Brubaker the second reviews the postmodern approach to identity The text is informed by relevant topical examples throughout and as with earlier editions the emphasis is on sociology anthropology and social psychology on the interplay between relationships of similarity and difference on interaction on the categorization of others as well as self identification and on power institutions and organizations

Social Identity Richard Jenkins, 2008-02-21 Without social identity there is no society because without such frameworks of similarity and difference people would be unable to relate to each other in a consistent and meaningful fashion Richard Jenkins provides a clearly written accessible introduction to this key concept for the study of society Arguing that social identity must be seen as both individual and collective Jenkins shows how the work of major theorists from Mead to Bourdieu can illuminate the experience of identity in everyday life Major concepts covered include embodiment social groups and social categories difference and community categorisation and resistance

Individuality and the Group Tom Postmes, Jolanda Jetten, 2006-04-25 Social identity research has transformed psychology and the social sciences Developed around intergroup relations perspectives on social identity have now been applied fruitfully to a diverse array of topics and domains including health organizations and management culture politics and group dynamics In many of these new areas the focus has been on groups but also very much on the autonomous individual This has been an exciting development and has prompted a rethinking of the relationship between personal identity and social identity the issue of individuality in the group This book brings together an international selection of prominent researchers at the forefront of this development They reflect on this issue of individuality in the group and on how thinking about social identity has changed Together these chapters chart a key development in the field how social identity perspectives inform understanding of cohesion unity and collective action but also how they help us understand individuality agency autonomy disagreement and diversity within groups This text is valuable to advanced undergraduate and postgraduate students studying social psychology where intergroup relations and group processes are a central component Given its wider reach however it will also be of interest to those in cognate disciplines where social identity perspectives have application potential

Virtual Social Identity and Consumer Behavior, 2009

Contemporary Social Psychological Theories Peter James Burke, 2006 This text presents the most important and influential social psychological theories and research programs in contemporary sociology Original chapters by the scholars who initiated and developed these theoretical perspectives provide full descriptions of each theory its background development and future The first four

chapters cover general approaches organized around fundamental principles and issues symbolic interaction social exchange distributive justice and rational choice The following chapters focus on specific research programs and theories examining identity affect comparison processes power and dependence social exchange status construction and legitimacy A concluding chapter provides an analysis of and commentary on the state of the theoretical programs in sociological social psychology Contributors Peter J Burke Joseph Berger Coye Cheshire Karen S Cook Pamela Emanuelson Alexandra Gerbasi Karen A Hegtvedt Michael A Hogg Guillermina Jasso Edward J Lawler Michael W Macy George J McCall Linda D Molm Cecilia L Ridgeway Dawn T Robinson Lynn Smith Lovin Jan E Stets Jonathan H Turner Murray Webster Jr David Willer and Morris Zelditch Jr

Fashion, Culture, and Identity Fred Davis, 1994-09 Drawing on interviews with designers and fashion editors Davis shows in this provocative look at what we do with our clothes how our ambivalent world reveals itself through fashion He sets out to answer questions such as what do our clothes say about who we are or who we think we are and how does the way we dress communicate messages about our identities and demonstrates that much of what we assume to be individual preference really reflects deeper social and cultural forces characterised by tensions over gender roles social status and the expression of sexuality

Social Identity Stephen Worchel, 1998-03-28 Social identity and social categorization theories have offered some of the most exciting developments in social psychology informing work on everything from intergroup relations to personal identity This comprehensive book surveys the latest empirical and theoretical findings alongside original contributions to provide an invaluable overview of this important field The internationally renowned contributors explore a broad range of psychosocial phenomena including intergroup discrimination influence group polarization collective behaviour impact of minorities prejudice stereotypes and leadership

The Dynamics of Intergroup Communication Howard Giles, Scott A. Reid, Jake Harwood, 2010 The Dynamics of Intergroup Communication provides a timely and comprehensive review of work at the intersection of intergroup relations and communication Chapters written by experts in the field overview current research and present directions for the future The book is divided into sections addressing specific groups intergroup communication processes and core contexts in which intergroup communication occurs Written in an engaging and accessible manner and featuring short yet detailed chapters the book should appeal to scholars looking for a broad overview of this growing area as well as being appropriate for use as a text in undergraduate and graduate classes

Social Identity Michael Wearing, 2011 Social identity theory is a diffuse but interrelated group of social psychological theories concerned with when and why individuals identify with and behave as part of social groups and adopt shared attitudes Social identity theory is thus concerned both with the psychological and sociological aspects of group behavior In this book the authors present topical research in the study of social identity including the elderly and social identity sexual identity in relation to developmental and social considerations ethnic identity in Baikalian Siberia and the role of Russian colonisation Latinas and Black women negotiating multiple marginalised social identities social identity implications for

individuals with physical disabilities and social identity and self image *Social Identities* Rupert Brown, Dora Capozza, 2016-07-22 The concept of social identity occupies a central position in contemporary social psychology *Social Identities* Motivational Emotional Cultural Influences reports recent developments in the analysis of motivational and affective aspects of social identity processes The book also examines the cross cultural generality of Social Identity Theory explanations of intergroup competitiveness which have strongly influenced international research in this area People's social identities and self evaluation are thought to be largely derived from group memberships it is presumed that people are motivated to attain positivity in these identities by favouring the ingroup in intergroup comparisons An increasing stream of research is being devoted to extending the applicability of social identity concepts to intergroup relations and related fields The editors present here a collection of contributions from leading figures in social psychology which explore the state of the art in social identity theory The most prominent motivational theories of identification are reported Central themes concern motivations which lead individuals to join a group and identify with it the role emotions have in favouring or hindering intergroup relations the effect of emotions on intergroup behaviour how people react to social identity threats Shedding new light on important social problems like prejudice bigotry and intense conflicts around the world this unique volume will be indispensable to students and researchers of social psychology sociology and cultural studies
