Social Origins of the Irish Land War Samuel Clark, 1979 **Nationalism and Popular Protest in Ireland** Charles H. E. Philpin, 2002-08-08 Essays on Irish nationalism some on particular protest movement others on more general themes

Politics and the Irish Working Class, 1830-1945 Donal Ó Drisceoil, F. Lane, 2005-09-30 This book is the first ever collection of scholarly essays on the history of the Irish working class It provides a comprehensive introduction to the involvement of Irish workers in political life and movements between 1830 and 1945 Fourteen leading Irish and international historians and political scientists trace the politicization of Irish workers during a period of considerable social and political turmoil The contributions include both surveys covering the entire period and case studies that provide new perspectives on crucial historical movements and moments This volume is a milestone in Irish labour and political historiography and an important contribution to the international literature on politics and the working class *The Commercial Lives of Irish Women, 1850-1922* Antonia Hart, 2025-10-14 This book examines Irish women's lives in the nineteenth and early twentieth centuries from a new angle investigating how they inherited bought or started up businesses Some guided their operations to impressive profit and growth while others coped with devastating failure The many and varied primary sources which inform Antonia Hart's research place all these businesswomen in public facing roles in commercial environments making economic decisions and operating with autonomy which they sought out and claimed These were not unusual women They were present in the main streets of towns and cities their businesses both visible and unsurprising to passers by Women's businesses mattered They enabled employees both women and men to earn their livings They paid fees for professional services to accounting and legal firms They contributed to the local and national economies They provided training and sometimes accommodation for apprentices Women's businesses mattered in the credit economy not only in their extension of credit for goods and services but also in the form of collateralised loans from the pawnbroker's counter while the Dublin pawnbrokers also contributed an annual sum to the city policing budget In the context of well ventilated ideas about what a woman should be many girls grew up seeing their teachers mothers sisters and neighbours bring pragmatism and creativity into commercial lives This book shows how private realities diverged from public ideals and describes for the first time a robust and intriguing national heritage of Irish female entrepreneurship **The Oxford Handbook of Modern Irish History** Alvin Jackson, 2014-03-27 The study of Irish history once riven and constricted has recently enjoyed a resurgence with new practitioners new approaches and new methods of investigation The Oxford Handbook of Modern Irish History represents the diversity of this emerging talent and achievement by bringing together 36 leading scholars of modern Ireland and embracing 400 years of Irish history uniting early and late modernists as well as contemporary historians The Handbook offers a set of scholarly perspectives drawn from numerous disciplines including history political science literature geography and the Irish language It looks at the Irish at home as well as in their migrant and diasporic communities The

Handbook combines sets of wide thematic and interpretative essays with more detailed investigations of particular periods Each of the contributors offers a summation of the state of scholarship within their subject area linking their own research insights with assessments of future directions within the discipline In its breadth and depth and diversity The Oxford Handbook of Modern Irish History offers an authoritative and vibrant portrayal of the history of modern Ireland The Agrarian History of England and Wales Edward John T. Collins,Joan Thirsk,2000 The unifying theme of this volume is the changing role of the countryside in national life and the impact upon it of the social and economic forces unleashed by industrialisation and the growth of towns **John Bull's Other Homes** Murray Fraser,1996-01-01 State housing became an integral part of the relationship between Ireland and Great Britain from the 1880s until the early 1990s Using research from both Irish and Westminster sources this book shows that there was recurrent pressure for the state to intervene in housing in Ireland in a period when the Irish Question was the major domestic political issue The result was that the model of subsidized state housing subsequently introduced in Britain was first developed in Ireland as a product of the tensions of British rule An important corollary of innovative Irish housing policy was its influence even in a negative sense on developments in mainland Britain This book also examines the cultural impact of imperialism and in particular the way in which British ideas of garden suburb housing and town planning design came significantly to reshape the Irish urban environment Fraser not only presents hitherto unknown material but does so in a unique interdisciplinary blend of architectural planning urban and socio economic history Durkheim and National Identity in Ireland J. Dingley,2015-03-05 This book examines the development of opposed Nationalist and Unionists identities as products of different economies symbolically represented in religious differences that impelled conflicting cultures and ideals of best interest that were fundamentally incompatible within a single identity Land questions in modern Ireland Fergus Campbell,Tony Varley,2016-05-16 This collection of essays explores the nature and dynamics of Ireland s land questions during the nineteenth and twentieth centuries and also the ways in which the Irish land question has been written about by historians The book makes a vital contribution to the study of historiography by including for the first time the reflections of a group of prominent historians on their earlier work These historians consider their influences and how their views have changed since the publication of their books so that these essays provide an ethnographic study of historians thoughts on the shelf life of books exploring the way history is made The book will be of interest to historians of modern Ireland and those interested in the revisionist debate in Ireland as well as to sociologists and anthropologists studying Ireland or rural societies **A Companion to Nineteenth-Century Britain** Chris Williams,2008-04-15 A Companion to Nineteenth Century Britain presents 33 essaysby expert scholars on all the major aspects of the political social economic and cultural history of Britain during the lateGeorgian and Victorian eras Truly British rather than English in scope Pays attention to the experiences of women as well as of men Illustrated with maps and charts Includes guides to further reading
