Social Science In America The First Two Hundred Years:

Social Science in America Charles M. Bonjean, Louis Schneider, Robert L. Lineberry, 1976-10-01 Scholars from the fields of history economics sociology political science anthropology and geography comment on the development of the social sciences in America during the past two hundred years Bibliogs *Social Science in America* Charles M. Bonjean, Louis Schneider, Robert L. Lineberry, 2014-07-03 This outstanding symposium concerns the development of the social sciences in the United States over its first two hundred years and was brought together by the editors of Social Science Quarterly as the journal's contribution to the nation's Bicentennial celebration Six prominent scholars representing history economics sociology political science anthropology and geography were invited to write essays about the general topic of the progress of the social sciences and to pursue original lines of thought as well Each was asked to address three key questions regarding their own discipline 1 the distinctive contributions made to each discipline by American scholars 2 the impact of these contributions upon American society and 3 the relationship of these contributions to the character or nature of life in the United States The result is a coherent collection of considerable breadth and exceptional quality The essays include Time's American Adventures American History and Historical Writing since 1776 by William Goetzmann Economics Its Direct and Indirect Impact in America 1776 1976 by Joseph J Spengler Sociology in America The Experience of Two Centuries by Robin M Williams Understanding Political Life in America The Contribution of Political Science by Heinz Eulau Anthropology in America by Walter Goldschmidt and Geography As a Social Science Recent American Experience by Kevin Cox **The Alcalde**, 1977-03 As the magazine of the Texas Exes The Alcalde has united alumni and friends of The University of Texas at Austin for nearly 100 years The Alcalde serves as an intellectual crossroads where UT's luminaries artists engineers executives musicians attorneys journalists lawmakers and professors among them meet bimonthly to exchange ideas Its pages also offer a place for Texas Exes to swap stories and share memories of Austin and their alma mater The magazine's unique name is Spanish for mayor or chief magistrate the nickname of the governor who signed UT into existence was The Old Alcalde **Housing and Planning References**, 1977 **Charlotte Perkins Gilman** Charlotte Perkins Gilman, 1991 Charlotte Perkins Gilman 1860 1935 is best known as the author of the short story The Yellow Wallpaper and a utopian novel Herland This reader offers a representative sample of her nonfiction writing Presented chronologically it emphasizes her thoughts on gender evolution economics radical political movements and women's groups **Housing and Planning References** United States. Department of Housing and Urban Development. Library, 1977 **Economists and Societies** Marion Fourcade, 2009-03-09 Economists and Societies is the first book to systematically compare the profession of economics in the United States Britain and France and to explain why economics far from being a uniform science differs in important ways among these three countries Drawing on in depth interviews with economists institutional analysis and a wealth of scholarly evidence Marion Fourcade traces the history of economics in each country from the late nineteenth

century to the present demonstrating how each political cultural and institutional context gave rise to a distinct professional and disciplinary configuration She argues that because the substance of political life varied from country to country people's experience and understanding of the economy and their political and intellectual battles over it crystallized in different ways through scientific and mercantile professionalism in the United States public minded elitism in Britain and statist divisions in France Fourcade moves past old debates about the relationship between culture and institutions in the production of expert knowledge to show that scientific and practical claims over the economy in these three societies arose from different elites with different intellectual orientations institutional entanglements and social purposes Much more than a history of the economics profession *Economists and Societies* is a revealing exploration of American French and British society and culture as seen through the lens of their respective economic institutions and the distinctive character of their economic experts

Ruth Benedict Margaret M. Caffrey, 2013-11-04 Poet anthropologist feminist Ruth Fulton Benedict was all of these and much more Born into the last years of the Victorian era she came of age during the Progressive years and participated in inaugurating the modern era of American life Ruth Benedict *Stranger in This Land* provides an intellectual and cultural history of the first half of the twentieth century through the life of an important and remarkable woman As a Lyricist poet Ruth Benedict helped define Modernism As an anthropologist she wrote the classic *Patterns of Culture* and at one point was considered the foremost anthropologist in the United States the first woman ever to attain such status She was an intellectual and an artist living in a time when women were not encouraged to be either In this fascinating study Margaret Caffrey attempts to place Benedict in the cultural matrix of her time and successfully shows the way in which Benedict was a product of and reacted to the era in which she lived Caffrey goes far beyond providing simple biographical material in this well written interdisciplinary study Based on exhaustive research including access for the first time to the papers of Margaret Mead Benedict's student and friend Caffrey is able to put Benedict's life clearly in perspective By identifying the family and educational influences that so sharply influenced Benedict's psychological makeup the author also closely analyzes the currents of thought that were strong when Victorianism paralleled the Modernism that figured in Benedict's life work The result is a richly detailed study of a gifted woman This important work will be of interest to students of Modernism poetry and women's studies as well as to anthropologists *On the History of Economic Thought* A. W. Bob

Coats, 2005-08-08 Following an introduction to the key ideas of Coats this work focuses on two themes the difference between British and American economics both in content and in the practice of the profession and the interrelationships between economic ideas events or conditions and policy issues ***Against the Anthropological Grain*** Wilcomb E. Washburn, 1998 In *Against the Anthropological Grain* Washburn critically examines key anthropological beliefs especially in the importance of cultural relativism and Western colonialism's harmful effects on Third World cultures He turns the tables on theorists from the discipline He questions whether anthropology has a credible past whether anthropologists should even

involve themselves in inter tribal conflicts whether museums should return sacred objects from their collections and whether museums provide adequate physical care of their collections
