Routledge Companion to Contemporary Japanese Social Theory Anthony Elliott, Masataka Katagiri, Atsushi Sawai, 2014-07-10 The Routledge Companion to Contemporary Japanese Social Theory breaks new ground in providing a detailed systematic appraisal of the major traditions of social theory prominent in Japan today from theories of identity and individualization to globalization studies The volume introduces readers to the rich diversity of social theoretical critique in contemporary Japanese social theory The editors have brought together some of the most influential Japanese social scientists to assess current trends in Japanese social theory including Kazuhisa Nishihara Aiko Kashimura Masahiro Ogino Yumiko Ehara and Kiyomitsu Yui The volume also contains dialogues with these Japanese contributors from authoritative Western social theorists including among others Axel Honneth Roland Robertson Bryan S Turner Charles Lemert and Anthony Elliott to reflect on such developments The result is an exciting powerful set of intellectual exchanges The book introduces contextualizes and critiques social theories in the broader context of Japanese society culture and politics with particular emphasis upon Japanese engagements and revisions of major traditions of social thought Divided into two sections the book surveys traditions of social thought in Japanese social science and presents the major social issues facing contemporary Japan The book will appeal to students and scholars of sociology social theory critical theory psychoanalysis risk gender studies feminist studies self and identity studies media studies and cultural studies

Civilization, Modernity, and Critique Lubomír Dunaj, Jeremy Smith, Kurt Mertel, 2023-05-25 Civilization Modernity and Critique provides the first comprehensive cutting edge engagement with the work of one of the

most foundational figures in civilizational analysis J hann P rnason In order to do justice to rnason s seminal and wide ranging contributions to sociology social theory and history it brings together distinguished scholars from a variety of disciplinary backgrounds and geographical contexts Through a critical interdisciplinary dialogue it offers an enrichment and expansion of the methodological theoretical and applicative scope of civilizational analysis by addressing some of the most complex and pressing problems of contemporary global society A unique and timely contribution to the ongoing task of advancing the project of a critical theory of society this volume will appeal to scholars of sociology and social theory with interests in historical sociology critical theory and civilizational analysis Japanese Capitalism and Modernity in a Global Era Peter Matanle,2003-09-02 First Published in 2004 This book provides an in depth examination of one of the most central and defining aspects of capitalist modernity in contemporary Japan the lifetime employment system It investigates the key themes surrounding the system including the work attitudes and values of Japanese company employees and whether or not Japan is converging on Western forms of capitalist organisation Peter Matanle presents and analyses original documentary data drawn from extensive research within four large Japanese corporations in order to explore these issues from the perspective of both management and employees The findings are then discussed in terms of the development of Japan s capitalism and modernity It will be of interest to researchers of Japanese studies Business studies and Sociology *Japan and Germany Under the U.S. Occupation* Masako Shibata,2008-01-01 Japan and Germany under the U S Occupation explores the reconstruction of education in both countries after World War II In Japan large scale reforms were undertaken swiftly after the nation s surrender whereas in the U S Zone of Germany most of the traditional aspects of education were maintained Masako Shibata argues that differences in the role of the university and in the pattern of elite formation traceable back to the beginnings of Meiji Japan and the Kaiserreich created the conditions for the diverging approaches of the Japanese and German leaders to the adoption of foreign educational patterns during the Occupation **Cornelius Castoriadis and Radical Democracy** Vrasidas Karalis,2014-07-24 Cornelius Castoriadis and the Project of Radical Autonomy analyses the philosophy of Greek born French philosopher Cornelius Castoriadis A leading member of the influential revolutionary group Socialism or Barbarism in France Castoriadis analysed contemporary political subjectivity and culture in terms of the collective and individual attempt to gain autonomy His philosophy frames a multi dimensional analysis of modern capitalist societies based on a systematic critique of orthodox Marxism Heideggerian ontology and Lacanian psychology The present volume consists of two parts In the first part his most significant essays written before his departure to France in 1945 are translated and present young Castoriadis interpretation of Max Weber s theory of bureaucratic societies The second part consists of a series of essays by various scholars on aspects of Castoriadis mature philosophy in relation to other thinkers and against the background of Europe s political and social history *The Development of Modern South Korea* Kyong Ju Kim,2007-01-24 This book provides a comprehensive analysis of South Korean modernization by

examining the dimensions of state formation capitalist development and nationalism *Debating civilisations* Jeremy C. A. Smith, 2017-06-24 This electronic version has been made available under a Creative Commons BY NC open access license

Debating civilisations offers an up to date evaluation of the re emerging field of civilisational analysis tracing its main currents and comparing it to rival paradigms such as Marxism globalisation theory and postcolonial sociology The book suggests that civilisational analysis offers an alternative approach to understanding globalisation one that focuses on the dense engagement of societies cultures empires and civilisations in human history Building on Castoriadis s theory of social imaginaries it argues that civilisations are best understood as the products of routine contacts and connections carried out by anonymous actors over the course of long periods of time It illustrates this argument through case studies of modern Japan the Pacific and post Conquest Latin America including the revival of indigenous civilisations exploring discourses of civilisation outside the West within the context of growing Western imperial power
