**Social Work with Rural Peoples : Theory and Practice** Ken Collier,1980      **Social Work with Rural Peoples** Ken Collier,1993-01-01 Social workers choosing to work in smaller towns or rural communities face a different set of conditions and concerns from their city colleagues Ken Collier wrote his now classic text *Social Work with Rural Peoples* for those social workers whether they are just starting out or already in the field The gist of Collier s genuinely radical book is that for the rural social worker to be effective she must be able to identify with the struggles of the people she is trying to help that trying to maintain professional objective distance will merely ensure that the social worker becomes part of the problem rather than part of the solution For the social worker in a smaller community Whose side are you one is the most important question to be answered before any effective work can be done It is an indictment of the slow pace of progress against the societal problems facing rural populations that a third edition of *Social Work with Rural Peoples* is necessary      *Rural Social Work* T. Laine Scales,Calvin L. Streeter,H. Stephen Cooper,2013-08-12 A thoughtful text integrating strengths assets and capacity building themes with contemporary issues in rural social work practice Now in its second edition *Rural Social Work* is a collection of contributed readings from social work scholars students and practitioners presenting a framework for resource building based on the strengths assets and capacities of people a tool essential for working with rural communities This guide considers methods for social workers to participate in the work of sustaining rural communities Each chapter features a reading integrating the themes of capacity building and rural social work discussion questions that facilitate critical thinking around the chapter and suggested activities and assignments *Rural Social Work Second Edition* explores Important practice issues in rural communities including the challenges of working with stigmatized populations such as gay lesbian bisexual and transgendered people the homeless and people living with HIV AIDS Practice models that hold special promise for rural social workers including evidence based practice and community partnership models Newer research tools such as asset mapping social network analysis concept mapping and Geographic Information Systems GIS Exploring how social workers can integrate the tremendous resources that exist in rural communities into their practice *Rural Social Work Second Edition* provides a solid introduction to the complex challenging and rewarding work of building and sustaining rural communities      [Encyclopedia of Canadian Social Work](#) Francis J. Turner,2005-09-07 Annotation Covers over 500 topics important to Canadian social work Written by a highly diverse group of experts and covering all aspects of the field nation wide      **Decolonizing Social Work** Mel Gray,John Coates,Michael Yellow Bird,Tiani Hetherington,2016-05-13 Riding on the success of *Indigenous Social Work Around the World* this book provides case studies to further scholarship on decolonization a major analytical and activist paradigm among many of the world s Indigenous Peoples including educators tribal leaders activists scholars politicians and citizens at the grassroots level Decolonization seeks to weaken the effects of colonialism and create opportunities to promote traditional practices in contemporary settings Establishing language and

cultural programs honouring land claims teaching Indigenous history science and ways of knowing self esteem programs celebrating ceremonies restoring traditional parenting approaches tribal rites of passage traditional foods and helping and healing using tribal approaches are central to decolonization These insights are brought to the arena of international social work still dominated by western based approaches Decolonization draws attention to the effects of globalization and the universalization of education methods of practice and international development that fail to embrace and recognize local knowledges and methods In this volume Indigenous and non Indigenous social work scholars examine local cultures beliefs values and practices as central to decolonization Supported by a growing interest in spirituality and ecological awareness in international social work they interrogate trends issues and debates in Indigenous social work theory practice methods and education models including a section on Indigenous research approaches The diversity of perspectives decolonizing methodologies and the shared struggle to provide effective professional social work interventions is reflected in the international nature of the subject matter and in the mix of contributors who write from their contexts in different countries and cultures including Australia Canada Cuba Japan Jordan Mexico New Zealand South Africa and the USA

*Social Work in India* Bishnu Mohan Dash, Mithilesh Kumar, Siddheshwar Shukla, 2020-01-01 The present book is an attempt to decolonize the colonial legacy and professional imperialism in Social Work Education and has presented various Swadeshi indigenous perspectives and approaches relevant for social work education The book has tried to incorporate the significant contributions and developmental models propounded by the great Indian thinkers particularly Swami Vivekananda Dr Bhim Rao Ambedkar Mahatma Gandhi Vinoba Bhave and Nanaji Deshmukh which is highly relevant in the reconstruction of Indian Society The book will be extremely relevant for the students of social work sociology rural development development studies and allied social science disciplines at Bachelors and Masters level
