circumstances change and a new social dynamic is created This carefully edited book includes an introduction One of a Kind and questions for discussion at the end of each chapter I Creating a Political Philosopher From mathematics to social science II The Power of Philosophy How to change the world III What is Political Science Anyway Science vs interpretation IV Knowing One's Limits Distinguishing heuristic utility from a scientific truth V Missing the Boat Beyond outdated dichotomies VI Networks What they are and how they arose VII Analyzing Governance How social science makes the world VIII The Mechanisms of Influence Investigating social traction IX From Theory to Practice Appreciating a mix of strategies X Doing Things Better The importance of listening XI Starting Over A lone wolf takes charge at least theoretically XII Going Global Encouraging pluralism and open patterns About Ideas Roadshow Conversations Presented in an accessible conversational format Ideas Roadshow books not only explore frontline academic research but also reveal the inspirations and personal journeys behind the research

Socialism and Modernity Peter Beilharz, 2009 This first collection of Peter Beilharz's highly influential thought traces the themes and problems manifestations and trajectories of socialism and modernity as they connect and shift over a twenty year period Woven throughout Beilharz's analysis is the urgent question of modern utopia how do we imagine freedom and equality in modernity The essays in this volume explore the relationship between socialism and modernity across the United States Europe and Australia from the mid 1980s to the turn of the twenty first century a time that witnessed the global triumph of capitalism and the dramatic turn away from Marxism and socialism to modernity as the dominant perspective According to Beilharz we have seen the expansion of a kind of Weberian Marxism with the concept of revolution giving way to the idea of pluralized forms of power and the idea of rupture giving way to the postmodern sense of difference These changes come together with the discourse of modernism both aesthetic and technological Socialism and modernity Beilharz argues are fundamentally interrelated In correcting the conflation of Marxism Bolshevism and socialism that occludes contemporary political thinking he reopens a space for discussion of what socialist politics might look like now in the postcommunist postcolonial postmodern moment
