

Socialism

- Many people remained poor as a result of the Industrial Revolution, including the workers, whose labor drove the economy.
- Some believed laissez-faire capitalism was not the best economic system. They felt the best way to distribute wealth more evenly was to have ***SOCIALISM***, an economic system in which the government controls the means of production for the benefit of all people.
- Socialists wanted to do away with private ownership of companies and free enterprise competition.

Socialism The National Revolution:

Socialism and the National Revolution Narendra Deva, 1987 Socialism National or International Franz Borkenau, 2013-06-17 Dr Borkenau discusses the ideals of international socialism in the light of the realities of a world of strife and struggle He maintains that socialist internationalism of the old type has little relation to the problems of the present The world has become much more nationalist and the labour movements of all countries have had to give in to the forces of nationalism He is sceptical of the revival of liberal democratic internationalism in the League and the attempt to revive the League in the shape of a Federal Union He believes however that powerful forces are working in the direction of the growth of supernational units and points to symptoms of an impending sudden collapse of nationalism which would enable Labour to put itself at the head of an Anglo American peace similar to the Roman piece which for centuries gave quiet and prosperity to the world **Leftism in India, 1917-1947** Satyabrata Rai Chowdhuri, 2025-05-30 This book provides a comprehensive account of the Leftist movements in India during the most decisive phase of its struggle for freedom It also describes how the Leftist movements interacted with the mainstream Indian freedom movement led by the Indian National Congress guided by Mohandas Karamchand Gandhi and his ideology of non violence This ideology directly opposed those who believed in Marxism Leninism and naturally their policies clashed at almost every stage of the freedom movement These clashes gave rise to dramatic developments which have been described in this book in their proper context and analysed with scholarly objectivity The book traces the early twentieth century socio political awakening of the bourgeois democratic class of Indian society the rise of Left wing nationalists following the Swadeshi Movement the activities of the early revolutionaries and the formation of the Communist Party of India abroad the growth of communism in India the growth of the Left wing within the Indian National Congress known as the Congress socialists and other Left parties and various labour and peasant movements The book will be useful to the students researchers and teachers of Political Science History and South Asian Studies Readers with an interest in South Asian politics and anyone wishing to gain a thorough understanding of the origin of the Left in India will also find the book interesting **(vol.
