Society And Politics In Revolutionary Bordeaux:

Society and Politics in Revolutionary Bordeaux Alan I. Forrest, 1975 *Revolution, Society and the Politics of Memory* Michael Adcock, Emily Chester, Jeremy Whiteman, 1997 Melbourne University history conference 4 **Politics, Culture, and Class in the French Revolution** Lynn Hunt, 2016-10-17 When this book was published in 1984 it reframed the debate on the French Revolution shifting the discussion from the Revolution's role in wider extrinsic processes such as modernization capitalist development and the rise of twentieth century totalitarian regimes to its central political significance the discovery of the potential of political action to consciously transform society by molding character culture and social relations In a new preface to this twentieth anniversary edition Hunt reconsiders her work in the light of the past twenty years scholarship *The Jacobin Clubs in the French Revolution, 1793-1795* Michael Kennedy, 2000-05-01 A pendant to two well received books by the same author on the departmental clubs during the early years of the Revolution this book is the product of thirty years of scholarly study including archival research in Paris and in more than seventy departments in France It focuses on the twenty eight months from May 1793 to August 1795 a period spanning the Federalist Revolt the Terror and the Thermidorian Reaction The Federalist Revolt in which many clubs were involved had momentous consequences for all of them and was in the local setting the principal cause of the Reign of Terror a period in which more than 5 300 communes had clubs that reached the zenith of their power and influence engaging in a myriad of political administrative judicial religious economic social and war related activities The book ends with their decline and final dissolution by a decree of the Convention in Paris *French Society in Revolution, 1789-1799* David Andress, 1999-06-12 This study plots a narrative course through the French Revolution examining the elements behind the breakdown of the 18th century monarchic state It presents a picture of the tensions throughout the revolutionary decade **Fair Shares for All** Jean-Pierre Gross, 2003-11-13 This study explores the egalitarian policies pursued in the provinces during the radical phase of the French Revolution but moves away from the habit of looking at such issues in terms of the Terror alone It challenges revisionist readings of Jacobinism that dwell on its totalitarian potential or portray it as dangerously utopian The mainstream Jacobin agenda emphasised fair shares and equal opportunities for all in a private ownership market economy It sought to achieve social justice without jeopardising human rights and tended thus to complement rather than undermine the liberal individualist programme of the Revolution The book stresses the relevance of the Enlightenment legacy the close affinity between Girondins and Montagnards the key role played by many lesser known figures and the moral ascendancy of Robespierre It reassesses the basic social and economic issues at stake in the Revolution which cannot be understood solely in terms of political discourse The Revolution in Provincial France Alan I. Forrest, 1996 This book presents a provincial view of the French Revolution and assesses the experience of revolution across a broad swathe of south western France in an area which increasingly looked to Bordeaux as its capital city Here the Revolution was not simply a pale reflection of events

in Paris Local conflicts and personal rivalries are vital to our understanding of the shape of events in the region as are contrasting traditions of religious affiliation peasant radicalism and obedience to the state The book examines the Revolution within a thematic framework and discusses such aspects as the growth of a local political culture the incidence of rural insurrection religious responses to the Revolution the chequered appeal of federalism and the uneven experience of Terror and political repression

Print, Politics and Trade in the French Atlantic Jane McLeod, 2024-07-09 The Labotti res were the largest printing and bookselling dynasty in eighteenth century Bordeaux From the 1680s to the sale of their business in 1794 three generations of this family acted as major cultural brokers in this booming Atlantic port serving the rapidly expanding commercial and legal sectors with books pamphlets and newspapers The lives and businesses of this family are heavily entwined with the histories of the Enlightenment French colonialism in the West Indies and the French Revolution We find the final generation welcoming the Revolution printing a pro revolutionary newspaper that framed the revolts in Haiti and Martinique in pro revolutionary terms They would come to establish their shop as a Jacobin centre and along with their workers and journalists navigated the forces of popular censorship and state control However despite these activities the Labotti re printing and bookselling enterprise would eventually be destroyed by the very Revolution it had supported Through this lively microhistory of the Labotti res Jane McLeod presents the important role played by the flourishing Atlantic port economy in supporting the expansion of printing and bookselling Furthermore from McLeod s extensive archival research into over thirty members of the Labotti re family emerges a new understanding of the role played by printers and booksellers in the spreading of the ideas and concerns that underpinned some of the landmark social cultural and political changes of the eighteenth century
