Take Me Out To The Airfield:

The Complete Home Learning Sourcebook Rebecca Rupp,1998 Lists all the resources needed to create a balanced curriculum for homeschooling from preschool to high school level

Of Spies and Lies John F. Sullivan,2002 John Sullivan was one of the CIA s top polygraph examiners during the final four years of the war in Vietnam where he served longer and conducted more lie detector tests than any other examiner and worked with more agents than most of his colleagues His job was to evaluate the reliability of the agency s information sources an assignment that gave him a more intimate view of the war than was afforded most other participants

Balls and Stripes Richard Shellhorn,2018-03-01 Balls and Stripes is a collection of stories about Alaska s most popular sport basketball and more The title comes from my many experiences playing coaching and broadcasting Naismith s game as well as refereeing the sport and also wearing the stripes of a sergeant in the U S Army Basketball has taken me all over Alaska with radio gear or whistle in hand From Barrow to Petersburg from Dutch Harbor to Tok it has been a marvelous journey with countless amusing experiences as well as dramatic moments Much of the action occurs in my hometown Cordova A small fishing town of 2500 located on Prince William Sound its denizens are passionate about their hoops and also their rivalry with Valdez located just 70 miles away In many ways sports transcend location Small town basketball is the same anywhere yet Alaska with its vast spaces and dramatic climates offers unique experiences In northernmost Barrow I watched Inupiat cooks shut down a high school cafeteria so they could glimpse the sun for the first time in 67 days on the way to Dutch Harbor I heard a pilot announce the reassuring words that he would land the small prop plane whenever we can to load on fuel necessary to complete the flight in Petersburg I learned about julebukking and Men s Night Out Refereeing always a source of potential controversy has provided its share of highlights How many officials can claim fame for calling a technical foul on a curtain or playing the first minutes of a championship game with the wrong size ball Football and baseball are also included Guess who brought Oregon State s mascot Benny the Beaver to Cordova s Iceworm Festival and dodged barbed wire while tracking down a fly ball in Korea And like so many others who can not recall in vivid detail a last second shot that didn t go in People places moments Sports drama tears and cheers It s all here

Morgenthau Diary (China). Henry Morgenthau,1965

The Voice of the Narrator in Children's Literature Charlott Otten,Gary D. Schmidt,1989-06-26 As Otten and Schmidt note in their preface voice is a broad metaphor Thus the 41 essays in this collection provide varied approaches examining point of view focus selection of details tone and even illustrations as part of the narrative identity Eight genres including picture books fantasy realism and biography receive separate study in generally brief articles by writers and more substantial analyses by critics In her contribution Jill Paton Walsh describes contemporary criticism as an impenetrable thicket of technical terms In most cases the critics here avoid jargon They speak clearly offering practical criticism accessible to anyone seriously concerned about narrative technique in children s literature Choice Although children s literature is now a recognized branch of English and American literature

much of the criticism of it has focused on teaching methodology history and basic exposition Since children s books are no less a part of the literary tradition than adult books there is room for new approaches to children s literature While the importance of the voice of the narrator is emerging in criticism of adult fiction poetry and nonfiction little has been written about this subject in children s literature Examining the voice of the narrator can identify hitherto unexplored and unrecognized aspects of children s literature The essays in this collection were contributed by noted authors and critics Their inquiry is divided into eight genres the illustrated book folk literature and myth fantasy realism poetry historical fiction biography and informational books and each genre is discussed in terms of the authorial voice and the critical voice Each of the essays works toward an understanding of how the voice of the narrator functions in a given work or in the larger corpus of an author s work The result is not only a greater understanding of how specific authors shape their material and how authors use voice for particular effects but also how the narrator differs functionally from one genre to the next This unique essay collection is particularly suited for use in children s literature courses Because the contributors are some of the most significant authors and critics in children s literature in English it should also be part of any academic library s holdings in the criticism of children s literature in particular and literary criticism in general

Walking in Mud Steve Giblin, Jon Land, 2021-11-09 During his first few weeks as a Navy SEAL Steve Giblin found a simple typewritten document left behind in an old desk drawer by the Team commanding officer entitled THE TEN ESSENTIAL QUALITIES OF AN UNDERWATER DEMOLITION MAN That single page and the maxims it contained followed Steve wherever he was based during his twenty six year career with the SEALs fourteen of those as part of the legendary strike force that took down Osama bin Laden Steve still lives by those tenets today coming to realize how it laid out a regimen not just for elite warriors but also for the rest of us in our day to day lives Now Steve has applied them to this post COVID 19 world we find ourselves living in a new normal that will test both our resolve and our psyches as we re challenged as we ve never been before Applying his own experiences as a Navy SEAL to these everyday rigors Steve provides a prescription for both healing and thriving a guide map to get to the other side better and stronger than we were at the beginning of a journey none of us signed up for We re all walking in mud thankfully this book offers the best and surest strategy to lift ourselves from it
