The Gaullist System in Asia A.Jeyaratnam Wilson,1980-06-18 **Asia-Pacific Judiciaries** H. P. Lee,Marilyn Pittard,2018 Explores judicial independence integrity and impartiality in Asia Pacific countries *The Separatist Conflict in Sri Lanka* Asoka Bandarage,2008-11-19 The book provides a detailed historically based analysis of the origin evolution and potential resolution of the civil conflict in Sri Lanka over the struggle to establish a separate state in its Northern and Eastern provinces This conflict between the Sri Lankan government and the secessionist LTTE Liberation Tigers of Tamil Eelam is one of the world s most intractable contemporary armed struggles The internationally banned LTTE is considered the prototype of modern terrorism It is known to have introduced suicide bombing to the world and recently became the first terrorist organization ever to acquire an air force The iron law of ethnicity the assumption that cultural difference inevitably leads to conflict has been reinforced by the 9 11 attacks and conflicts like the one in Sri Lanka However the connections among ethnic difference conflict and terrorism are not automatic This book broadens the discourse on the separatist conflict in Sri Lanka by moving beyond the familiar bipolar Sinhala versus Tamil ethnic antagonism to show how the form and content of ethnicity are shaped by historical social forces It develops a multipolar analysis which takes into account diverse ethnic groups intra ethnic social class caste and other variables at the local regional and international levels Overall this book presents a conceptual framework useful for comparative global conflict analysis and resolution shedding light on a host of complex issues such as terrorism civil society diasporas international intervention and secessionism *State Formation and Conflicts in Sri Lanka* Sunil Bastian,2025-01-23 This book explores how the history of postcolonial Sri Lanka suggests a new paradigm for understanding state formation as an ever shifting and evolving process The Sri Lankan state has formed under the pressure of multiple conflicts around capitalist transition on the one hand and the deteriorating relationship between the state and Tamil minority populations on the other Sunil Bastian demonstrates the way these conflicts have overlapped with international support for the introduction of neoliberal policies from Japan the West and institutions such as the World Bank and the IMF helping to prop up a state engaged in armed ethnic conflict *State Formation and Conflict in Sri Lanka* explores the role played by these two forces in the nation s recent economic crises **Sri Lanka in the Modern Age** Nira Wickramasinghe,2015-03 On the ethnic relations and politics in post 1978 Sri Lanka *Asian Comparative Constitutional Law, Volume 1* Ngoc Son Bui,Mara Malagodi,2023-05-18 This is the first in a 4 volume set that provides the definitive account of the major issues of comparative constitutional law in 19 Asian jurisdictions Volume 1 explores the process and contents in the making of a new constitution The book provides answers to questions on the causes processes substance and implantation involved in making new constitutions such as What are the political social and economic factors that drive the constitution making How are constitutions made and who makes them What are the substantive contents of constitution making What kinds of legislation are enacted to implement constitutions How do courts enforce constitutions

The book considers the impact of decolonisation globalisation and social political dynamics which have led to the enactment of numerous independent constitutions in Asia including Vietnam 2013 Nepal 2015 and Thailand 2017 The jurisdictions covered include Bangladesh Cambodia China Hong Kong India Indonesia Japan Malaysia Mongolia Myanmar Nepal North Korea the Philippines Singapore South Korea Sri Lanka Taiwan Thailand and Vietnam An essential reference for those interested in Asian constitutional law Sri Lanka and the Defeat of the LTTE K M de Silva,2012-10-01 In this comprehensive and authoritative study of terrorism in Sri Lanka K M de Silva turns the spotlight on the Liberation Tigers of Tamil Eelam LTTE and its role in Sri Lanka's upheavals over the last few decades While tracing the emergence of this separatist group and the events that led to its recent collapse de Silva also seeks to explore the complex relationship between the so called moderates in Sri Lankan Tamil politics and the Tamil terrorist groups What emerges is a layered portrait of the dynamics of Sri Lanka's political system Extensively researched and loaded with perceptive insights Sri Lanka and the Defeat of the LTTE is the most wide ranging analysis so far on the LTTE and its violent legacy *Refugees, Citizenship and Belonging in South Asia* Nasreen Chowdhury,2018-06-13 This book examines forced migration of two refugees groups in South Asia The author discusses the claims of belonging of refugees and asserts that in practice belonging can extend beyond the state centric understanding of membership in South Asian states She addresses two sets of interrelated questions what factors determine whether refugees are relocated to their home countries in South Asia and why do some repatriated groups re integrate more successfully than others in post peace South Asian states This book answers these questions through a study of refugees from Sri Lanka and Bangladesh who sought asylum in India and were later relocated to their countries of origin Since postcolonial societies have a typical kind of state formation in South Asia's case this has profoundly shaped questions of belonging and membership The debate tends to focus on citizenship making it a benchmark to demarcate inclusion and exclusion in South Asian states In addition to qualitative analysis this book includes narratives of Sri Lankan and Chakma refugees in post conflict and post peace Sri Lanka and Bangladesh respectively and critiques the impact of macro policies from the bottom up **Buddhism, Politics and the Limits of Law** Benjamin Schonthal,2016-11-17 It is widely assumed that a well designed and well implemented constitution can help ensure religious harmony in modern states Yet how correct is this assumption Drawing on groundbreaking research from Sri Lanka this book argues persuasively for another possibility when it comes to religion relying on constitutional law may not be helpful but harmful constitutional practice may give way to pyrrhic constitutionalism Written in a lucid and direct style and aimed at both specialists and non specialists Buddhism Politics and the Limits of Law explains why constitutional law has deepened rather than diminished conflicts over religion in Sri Lanka Examining the roles of Buddhist monks civil society groups political coalitions and more the book provides the first extended study of the legal regulation of religion in Sri Lanka as well as the first book length analysis of the intersections of Buddhism and contemporary constitutional law Routledge Handbook of South Asian

Semi-Presidentialism and Democracy Sophia Moestrup, 2011-02-01 Explores the effect of semi presidentialism on newly democratising countries In recent years semi presidentialism the situation where a constitution makes provision for both a directly elected president and a prime minister who is responsible to the legislature has become the regime type of choice for many countries

Reaping The Whirlwind K M de Silva, 2000-10-14 A critical analysis of the ethnic conflict in Sri Lanka In the eighties Sri Lanka once considered the model colony was torn apart by ethnic strife between the predominantly Buddhist Sinhala constituting almost threequarters of the island s inhabitants and the numerically fewer Tamils who were a mix of Hindus Christians and Muslims Massacres occurred after the riots of May 1983 and over time about 1 25 000 Tamils entered India as refugees fleeing from a virtual civil war which still afflicts the north of the island The author a renowned Sri Lankan analyst of global ethnic conflict discusses the historical reasons behind the ethnic violence especially the growth of the Sinhala feeling of being a beleaguered minority despite their numerical strength Analysing the present conflict he shows how the language policy of Sinhala Only followed by the government in the sixties supplanted religion as a divisive factor and how rivalry over educational and employment opportunities fuelled the schism Bringing the story up to the present de Silva examines the role played by Indian and Tamil Nadu politicians and President Kumaratunga s efforts towards a devolution of power to the Tamil Provinces But given the LTTE s acceptance of nothing less than Eelam he sees little hope of an early end to the violence that has racked Sri Lanka for almost two decades now

Lanka and Bangladesh provide the background for a comparative examination of constitutional emergency powers individual rights and judicial review This work examines the extent to which the Court in these countries has performed its expected role identifies problems in approaches to interpretation which have been adopted and suggests alternatives to constitutional interpretation and judicial review The alternatives explored are drawn from contemporary western jurisprudence including those of Ronald Dworkin and writers of the Critical Legal Studies tradition The juxtaposition of western jurisprudential development to issues of constitutionalism in the countries under survey is a bold attempt to seek some common ground in conceptualizing rights and techniques of juristic interpretation in western and eastern legal cultures The theoretical framework of the study is well perceived the arguments convincing This carefully researched work makes a valuable and scholarly contribution to the study of comparative constitutional law and jurisprudence
