

THE MacArthur and the Man He Called 'Doc' **GENERAL**

by **ROGER OLAF EGEBERG, M.D.**

The General Macarthur And The Man He Called Doc

H Kauffman

The General MacArthur And The Man He Called Doc:

The General, MacArthur and the Man He Called 'Doc' Roger Olaf Egeberg, 1983 The Thunder Within John J. Heney, 2002 **Marshall and His Generals** Stephen R. Taaffe, 2011-10-18 General George C Marshall chief of staff of the U S Army during World War II faced the daunting task not only of overseeing two theaters of a global conflict but also of selecting the best generals to carry out American grand strategy Marshall and His Generals is the first and only book to focus entirely on that selection process and the performances both stellar and disappointing that followed from it Stephen Taaffe chronicles and critiques the background character achievements and failures of the more than three dozen general officers chosen for top combat group commands from commanders like Dwight Eisenhower and Douglas MacArthur to some nearly forgotten Taaffe explores how and why Marshall selected the Army's commanders Among his chief criteria were character including unselfish and devoted purpose education whether at West Point Fort Leavenworth or the Army War College and striking a balance between experience and relative youth in a war that required both wisdom and great physical stamina As the war unfolded Marshall also factored into his calculations the combat leadership his generals demonstrated and the opinions of his theater commanders Taaffe brings into sharp focus the likes of Eisenhower MacArthur George Patton Omar Bradley Walter Krueger Robert Eichelberger Courtney Hodges Lucian Truscott J Lawton Collins Alexander Sandy Patch Troy Middleton Matthew Ridgeway Mark Clark and twenty five other generals who served in the conflict He describes their leadership and decision making processes and provides miniature biographies and personality sketches of these men drawn from their personal papers official records and reflections of fellow officers Delving deeper than other studies this path breaking work produces a seamless analysis of Marshall's selection process of operational level commanders Taaffe also critiques the performance of these generals during the war and reveals the extent to which their actions served as stepping stones to advancement Ambitious in scope and filled with sharp insights Marshall and His Generals is essential reading for anyone interested in World War II and military leadership more generally **Douglas MacArthur** Arthur Herman, 2017-03-28 A new definitive life of an American icon the visionary general who led American forces through three wars and foresaw his nation's great geopolitical shift toward the Pacific Rim from the Pulitzer Prize finalist and bestselling author of Gandhi Churchill Douglas MacArthur was arguably the last American public figure to be worshipped unreservedly as a national hero the last military figure to conjure up the romantic stirrings once evoked by George Armstrong Custer and Robert E Lee But he was also one of America's most divisive figures a man whose entire career was steeped in controversy Was he an avatar or an anachronism a brilliant strategist or a vainglorious mountebank Drawing on a wealth of new sources Arthur Herman delivers a powerhouse biography that peels back the layers of myth both good and bad and exposes the marrow of the man beneath MacArthur's life spans the emergence of the United States Army as a global fighting force Its history is to a great degree his story The son of a Civil War hero he led American troops in three monumental conflicts World

War I World War II and the Korean War Born four years after Little Bighorn he died just as American forces began deploying in Vietnam Herman's magisterial book spans the full arc of MacArthur's journey from his elevation to major general at thirty eight through his tenure as superintendent of West Point field marshal of the Philippines supreme ruler of postwar Japan and beyond More than any previous biographer Herman shows how MacArthur's strategic vision helped shape several decades of U S foreign policy Alone among his peers he foresaw the shift away from Europe becoming the prophet of America's destiny in the Pacific Rim Here too is a vivid portrait of a man whose grandiose vision of his own destiny won him enemies as well as acolytes MacArthur was one of the first military heroes to cultivate his own public persona the swashbuckling commander outfitted with Ray Ban sunglasses riding crop and corncob pipe Repeatedly spared from being killed in battle his soldiers nicknamed him Bullet Proof he had a strong sense of divine mission Mac was a man possessed in the words of one of his contemporaries of a supreme and almost mystical faith that he could not fail Yet when he did it was on an epic scale His willingness to defy both civilian and military authority was Herman shows a lifelong trait and it would become his undoing Tellingly MacArthur once observed Sometimes it is the order one disobeys that makes one famous To capture the life of such an outsize figure in one volume is no small achievement With Douglas MacArthur Arthur Herman has set a new standard for untangling the legacy of this American legend Praise for Douglas MacArthur This is revisionist history at its best and hopefully will reopen a debate about the judgment of history and MacArthur's place in history New York Journal of Books Unfailingly evocative close to an epic More than a biography it is a tale of a time in the past almost impossible to contemplate today as having taken place with MacArthur himself as a figure perhaps too remote to understand but all the more important to encounter The New Criterion With Douglas MacArthur American Warrior the prolific and talented historian Arthur Herman has delivered an expertly rendered compulsively readable account that does full justice to MacArthur's monumental achievements without slighting his equally monumental flaws Commentary **MacArthur's Jungle War** Stephen R. Taaffe, 1998 His book tells not only how victory was gained through a combination of technology tactics and army navy cooperation but also how the New Guinea campaign exemplified the strategic differences that plagued the Pacific War since many high ranking officers considered it a diversionary tactic rather than a key offensive *To the End of the Earth* John C. McManus, 2023-05-02 Winner of the Army Historical Foundation Award for Excellence in U S Army Writing From the liberation of the Philippines to the Japanese surrender the final volume of John C McManus's trilogy on the US Army in the Pacific War Brilliant and riveting a truly great book Gen David Petraeus Triumphant and compelling Richard Frank McManus is one of the best if not the best World War II historians working today World War II magazine The dawn of 1945 finds a US Army at its peak in the Pacific Allied victory over Japan is all but assured The only question is how many more months or years of fight does the enemy have left John C McManus winner of the Gilder Lehrman Prize for Military History concludes his magisterial series described by the Wall Street Journal as being as vast and splendid as Rick Atkinson's Pulitzer Prize

winning Liberation Trilogy with this brilliant final volume On the island of Luzon a months long stand off between US and Japanese troops finally breaks open as American soldiers push into Manila while paratroopers and amphibious invaders capture nearby Corregidor The Philippines are soon liberated and Allied strategists turn their eyes to China Iwo Jima Okinawa and the Japanese home islands themselves Readers will walk in the boots of American soldiers and officers braving intense heat rampant disease and a by now suicidal enemy determined to kill as many opponents as possible before defeat and they will encounter Japanese soldiers faced with the terrible choice between capitulation or doom At the same time this outstanding narrative lays bare the titanic ego and ambition of the Pacific War s most prominent general Douglas MacArthur and the complex challenges he faced in Japan s unconditional surrender and America s lengthy occupation **Douglas MacArthur** Stephanie Sammartino McPherson,2004-12-01 Examines the life and career of Douglas MacArthur including his childhood education and military experience **MacArthur and the American Century** William M. Leary,2001-01-01 General Douglas MacArthur has been hailed as the greatest soldier in American history While not everyone would agree with that assessment there is no question that MacArthur played a prominent role in the emergence of the United States as a world power in the twentieth century A distinguished combat soldier during World War I and an innovative educator at West Point in the 1920s MacArthur became the army s chief of staff during the Great Depression He went abroad in the 1930s to prepare the Philippines for war His stand against the Japanese following Pearl Harbor made him a national hero and his subsequent campaign against Japanese forces in the Southwest Pacific only added to his reputation The Korean War gave MacArthur a final opportunity to display his military skills MacArthur and the American Century assembles for the first time a nuanced and full scrutiny of MacArthur s entire career Essays by such experts as Stanley L Falk and D Clayton James accompany materials by Dwight D Eisenhower and MacArthur himself providing analysis and evaluation of the immense impact this dramatic figure had on war peace and the American imagination **MacArthur: A Biography** Richard B. Frank,2007-07-10 Douglas MacArthur is best remembered for his ability to adapt a quality that catalyzed his greatest accomplishments Adaptability has become an indispensable trait for military leadership in an era of technological leaps that guarantee the nature of war will radically change during the span of an ordinary career One of the first proponents of a new dimension in warfare the Air Force MacArthur was also unmatched historically for his management of peace during the U S occupation of Japan For generations to come MacArthur s legacy will yield profitable and entertaining examples to Americans in and out of uniform Professional Journal of the United States Army ,1984 **Truman and MacArthur** Michael D. Pearlman,2008-03-12 Truman and MacArthur offers an objective and comprehensive account of the very public confrontation between a sitting president and a well known general over the military s role in the conduct of foreign policy In November 1950 with the army of the Democratic Peoples Republic of Korea mostly destroyed Chinese military forces crossed the Yalu River They routed the combined United Nations forces and pushed them on a long retreat down the Korean

peninsula Hoping to strike a decisive blow that would collapse the Chinese communist regime in Beijing General Douglas MacArthur the commander of the Far East Theater pressed the administration of President Harry S Truman for authorization to launch an invasion of China across the Taiwan straits Truman refused MacArthur began to argue his case in the press a challenge to the tradition of civilian control of the military He moved his protest into the partisan political arena by supporting the Republican opposition to Truman in Congress This violated the President's fundamental tenet that war and warriors should be kept separate from politicians and electioneering On April 11 1951 he finally removed MacArthur from command Viewing these events through the eyes of the participants this book explores partisan politics in Washington and addresses the issues of the political power of military officers in an administration too weak to carry national policy on its own accord It also discusses America's relations with European allies and its position toward Formosa Taiwan the long standing root of the dispute between Truman and MacArthur

MacArthur at War Walter R. Borneman, 2016-05-10 The definitive account of General Douglas MacArthur's rise during World War II from the author of the bestseller *The Admirals* World War II changed the course of history Douglas MacArthur changed the course of World War II MacArthur at War will go deeper into this transformative period of his life than previous biographies drilling into the military strategy that Walter R Borneman is so skilled at conveying and exploring how personality and ego translate into military successes and failures Architect of stunning triumphs and inexplicable defeats General MacArthur is the most intriguing military leader of the twentieth century There was never any middle ground with MacArthur This in depth study of the most critical period of his career shows how his influence spread far beyond the war torn Pacific A Finalist for the Gilder Lehrman Prize for Military History at the New York Historical Society

[Great Warrior Leaders/thinkers](#), 1989

The Generals Winston Groom, 2015-11-10 Celebrated historian Winston Groom tells the uniquely American tales of George Patton Douglas MacArthur and George Marshall from World War I to World War II These three remarkable men of arms who rose from the gruesome hell of the First World War to become the finest generals of their generation during World War II redefined America's ideas of military leadership and brought forth a new generation of American soldier Their efforts revealed to the world the grit and determination that would become synonymous with America in the post war years Filled with novel worthy twists and turns and set against the backdrop of the most dramatic moments of the twentieth century *The Generals* is a powerful action packed book filled with marvelous surprises and insights into the lives of America's most celebrated warriors

[The War Against Japan, 1941-1945](#) John J. Sbrega, 2015-06-12 With over 5 200 entries this volume remains one of the most extensive annotated bibliographies on the USA's fight against Japan in the Second World War Including books articles and declassified documents up to the end of 1987 the book is organized into six categories Part 1 presents reference works including encyclopedias pictorial accounts military histories East Asian histories historiographies Part 2 covers diplomatic political aspects of the war against Japan Part 3 contains sources on the economic and legal aspects of the war against Japan

Part 4 presents sources on the military aspects of the war embracing land air and sea forces Religious aspects of the war are covered in Part 5 and Part 6 deals with the social and cultural aspects including substantial sections on the treatment of Japanese minorities in the USA Hawaii Canada and Peru MacArthur James W. Zobel,2015-04-01 General Douglas MacArthur was one of the most colorful controversial and image conscious military figures of the twentieth century This military biography in photos captures the spirit of the man and his legend in hundreds of historical images Focuses on the Pacific theater of World War II Features his decorated service in World War I postwar duties in Japan and role in the Korean War Compelling reference for military history fans scholars and anyone interested in this legendary military figure

General Walter Krueger Kevin C. Holzimmer,2022-06-15 He made his name in the jungles of the Pacific theater was featured on the cover of Time magazine was tapped by Douglas MacArthur to lead the invasion of Japan and made crucial contributions to the army's tactical and operational doctrine Yet General Walter Krueger is still one of the least known army commanders of World War II Kevin Holzimmer's book resurrects the brilliant career of this great military leader while deepening our understanding of the Pacific War As head of the Sixth U S Army Krueger exemplified the art of command at the operational level of war and played a pivotal role in the defeat of Japan that until now has not been fully recognized To the public he was a mystery man and his abrasive personality may have sometimes caused problems for MacArthur but his commander credited him as swift and sure in attack tenacious and determined in defense modest and restrained in victory And although Krueger left no diaries or memoirs and stubbornly refused to record many of his personal views Kevin Holzimmer has mined military archives on Krueger and his Sixth Army to produce a compelling biography that finally acknowledges his importance Holzimmer first analyzes the experiences of Krueger's prewar career testing the triangular infantry division in the late 1930s serving in the War Plans Division and participating in peacetime maneuvers This training prepared him for the challenges of command in the Pacific where he successfully forged and led a large combined arms effort that effectively integrated infantry armor artillery naval and air forces Holzimmer then details Krueger's remarkable leadership in the military campaigns against the Japanese By placing Krueger's philosophy of command within the context of evolving military doctrine Holzimmer shows how he produced tough victories against a determined enemy in an enormously difficult war zone Unlike some overly cautious commanders of the war Krueger was aggressive when the situation dictated and even MacArthur admitted that history has not given him due credit for his greatness By showing how he breathed life into Pacific war strategy and made sure it was executed successfully this book gives him that credit and fills a glaring gap in American military history *War at the End of the World* James P. Duffy,2023-12-05 A harrowing account of an epic yet nearly forgotten battle of World War II General Douglas MacArthur's four year assault on the Pacific War's most hostile battleground the mountainous jungle cloaked island of New Guinea A meaty engrossing narrative history This will likely stand as the definitive account of the New Guinea campaign The Christian Science Monitor One American soldier called it a

green hell on earth Monsoon soaked wilderness debilitating heat impassable mountains torrential rivers and disease infested swamps New Guinea was a battleground far more deadly than the most fanatical of enemy troops Japanese forces numbering some 600 000 men began landing in January 1942 determined to seize the island as a cornerstone of the Empire's strategy to knock Australia out of the war Allied Commander in Chief General Douglas MacArthur committed 340 000 Americans as well as tens of thousands of Australian Dutch and New Guinea troops to retake New Guinea at all costs What followed was a four year campaign that involved some of the most horrific warfare in history At first emboldened by easy victories throughout the Pacific the Japanese soon encountered in New Guinea a roadblock akin to the Germans disastrous attempt to take Moscow a catastrophic setback to their war machine For the Americans victory in New Guinea was the first essential step in the long march towards the Japanese home islands and the ultimate destruction of Hirohito's empire Winning the war in New Guinea was of critical importance to MacArthur His avowed I shall return to the Philippines could only be accomplished after taking the island In this gripping narrative historian James P Duffy chronicles the most ruthless combat of the Pacific War a fight complicated by rampant tropical disease violent rainstorms and unforgiving terrain that punished both Axis and Allied forces alike Drawing on primary sources War at the End of the World fills in a crucial gap in the history of World War II while offering readers a narrative of the first rank

Army, 1984

The Tootsie Roll Marines Ken Santor, 2024-06-20 This book tells the story of a young boy who grew up at the end of the Great Depression He suffered many hardships in his early years beginning with the loss of his mother and the trauma of family separation after her death when he and his siblings were placed in an orphanage After his father's remarriage the family was reunited and moved from Buffalo New York to California With the move came more adjustments to warm weather groves of fruit trees mountains and a whole new way of living At seventeen years old he decided to enlist in the US Marine Corps to serve his country seek adventure and make new friends Little did he know that an entire military career of activities and adventure would be packed into his four short years of service in the Marines especially as a machine gunner while serving in the Korean War sometimes referred to as the Forgotten War You will see how his life began with hardships and family tragedies but with grit and perseverance he used his coping skills of hard work and humor to make a wonderful life for his wife and family While overcoming heartbreaking personal tragedies and losses he accomplished great successes in his business ventures and public service after his time in the Marines You will hear how this former Marine moved through pain and sorrow to forge new ideas and innovations to further express his love for his country and his fellow veterans through his many decades
