The Genesis Chronicles:

The Genesis Chronicles Johnnie R. Jones, 2015-07-29 To save mankind God must continually intervene in their affairs He chooses Moses to pen the words of the book of beginnings The Genesis Chronicles As he writes Moses is amazed at what he learns occurred during the first centuries of history Time and time again mankind rebelled against God yet His reaction to each rebellion was more than astonishing In this historical fiction novel reread the book of Genesis in a mind grabbing mesmerizing way All fifty chapters from creation to the life of Joseph are filled with high action drama and life circumstances that will keep you reading for hours You will never see Genesis the same way again **The Genesis Chronicles** Stephen Mills, 2005-03-01 The Genesis Chronicles tells the story of Genesis via a series of dialogues between grandfathers and grandsons It mixes humor with serious analysis and application of the key themes of the book By looking at the lives of Noah Abraham Sarah Isaac Rebekah Joseph etc we are challenged to examine our own lives This book shows us errors to avoid how to respond when we have failed and provides guidelines for living a life that is pleasing to God It reminds us that like the characters of Genesis our lives are a series of triumphs and failures But through it all God never rejects us He is in charge even we cannot sense His presence Specific application questions after every few chapters of the story of Genesis challenge the readers to specifically apply lessons learned to their own lives **Beginnings** Michael E. Register, 2011-08 Set in Maryland and the Mountains of Colorado Jessica s world is about to expand beyond what she could have ever imagined As a University Archeology teacher her life has taken on a dull rhythm something almost welcome since her husband s death 18 months prior Now with the introduction of a mysterious stranger her reality is about to shatter as her eyes are opened and she can see the true realities that surround us all realities we are usually blind to Tasked with interpreting a timeless scroll she enters a world of mystery intrigue and certain danger Follow along as she unveils a long forgotten truth a truth her newly discovered enemies do not want uncovered Join her as her life tumbles into a supernatural world with angelic warriors at her side fighting an ancient evil that seeks to stop the tale from being told once more **The Genesis Chronicles** Glen McBride, 2001-05-01 The fifteen stages from Ramepithicus to Homo sapiens sapiens the story of human evolution Sensing rather than seeing the attack Yellowtip swung to face Beta still grasping the branch At full pelt Beta fell directly onto the straight point of the stick With little more than a grunt he wrenched himself back then fell on the ground twitching and was still Yellowtip drew himself erect stick in hand He had not deliberately challenged Beta but by destroying him he should replace him in the hierarchy though young and inexperienced Tensely he stared down at each male in turn inviting challenge One by one they struggled to return his gaze then dropped their eyes and turned aside This was triumph it felt glorious Yellowtip s accidental discovery of weaponry provides the basis for the first chronicle in Glenorchy McBride s personal take on the history of evolution Like many great discoveries over the history of time some of the fifteen steps on the long road from Ramepithicus to Homo sapiens sapiens were serendipitous and some the result of trial and error but all are described

with wit and compassion in this entertaining and thought provoking book We squat with Fireboy as he anxiously nurtures the first flickering embers and run with Ton and his beloved wolf cub We sit at Roo's feet as she shares her dreams of the first totem spirit we meet the first artists the first traders the first herders and finally the Sower of seeds the visionary who led her people towards our own modern agriculture Drawing on his long and distinguished career as an internationally recognised ethologist Glenorchy McBride illustrates each of his chronicles with detailed scientific background material The Genesis Chronicles present a picture of the history of evolution a picture which prompts McBride to ask whether our evolution has fitted us for the world we have created or whether we are irredeemably flawed by our ancestral experiences

Refuge Ronald Riddle, 2003-10 **Chronicles** Chris Given-Wilson, 2004-01-01 The priorities of medieval chroniclers and historians were not those of the modern historian nor was the way that they gathered arranged and presented evidence Yet if we understand how they approached their task and their assumption of God's immanence in the world much that they wrote becomes clear Many of them were men of high intelligence whose interpretation of events sheds clear light on what happened Christopher Given Wilson is one of the leading authorities on medieval English historical writing He examines how

medieval writers such as Ranulf Higden and Adam Usk treated chronology and geography politics and warfare heroes and villains He looks at the ways in which chronicles were used during the middle ages and at how the writing of history changed between the twelfth and fifteenth centuries **The Books of the Chronicles** Carl Friedrich Keil,1872 **Warfare and the Miraculous in the Chronicles of the First Crusade** Elizabeth Lapina,2015-08-13 In Warfare and the Miraculous in the Chronicles of the First Crusade Elizabeth Lapina examines a variety of these chronicles written both by participants in the crusade and by those who stayed behind Her goal is to understand the enterprise from the perspective of its contemporaries and near contemporaries Lapina analyzes the diversity of ways in which the chroniclers tried to justify the First Crusade as a holy war where physical violence could be not just sinless but salvific The book focuses on accounts of miracles reported to have happened in the course of the crusade especially the miracle of the intervention of saints in the Battle of Antioch Lapina shows why and how chroniclers used these miracles to provide historical precedent and to reconcile the messiness of history with the conviction that history was ordered by divine will In doing so she provides an important glimpse into the intellectual efforts of the chronicles and their authors illuminating their perspectives toward the concepts of history salvation and the East Warfare and the Miraculous in the Chronicles of the First Crusade demonstrates how these narratives sought to position the crusade as an event in the time line of sacred history Lapina offers original insights into the effects of the crusade on the Western imaginary as well as how medieval authors thought about and represented history
