Dave Lindorff, Barbara Olshansky

The George Bush Avenger Coverup A Citizens Appeal To Congress:

The George Bush Avenger Coverup Kenneth L. Hayden, 2003-01-01 The author was sued for interfering with fraudulent 54 million contract to retrieve the George H W Bush WWII Avenger airplane from Lake Michigan to edify the Bush image in the National Museum of Naval Aviation during H W s and son s political campaigns DOD assets valued at millions illegally diverted from U S Treasury by token payment of highly placed CIA agent to Bush fundraising organization Deceptive scam caused monumental financial damage to American taxpayers and the author Exceeds Watergate and Teapot Dome scandals *The Impeachment of George W. Bush* Elizabeth Holtzman, Cynthia L. Cooper, 2006-09-11 Presents a legal brief that charges George W Bush with committing numerous high crimes from illegal wire tapping and lying to induce war to demonstrating reckless indifference to troop welfare and torturing prisoners of war *The Case for Impeachment* Dave Lindorff, Barbara Olshansky, 2005-09-23 The war in Iraq No bid contracts awarded to Halliburton Hurricane Katrina The CIA leak investigation The story gets worse and worse The evidence is glaring George W Bush s record as a president is abysmal And it s time to impeach him The Case for Impeachment lays out the reasons why in a straightforward letter of the law manner Mixing the cold hard facts with the lies and deceptions of this administration The Case for Impeachment is a serious consideration of Bush s high crimes and misdemeanors while in office This important and timely book will serve as a rallying cry for all those fed up with George W Bush s abuses of power It s time for the American people and Congress to act With so much at stake we have a president whose administration stands out in its criminality and disdain for the rule of law The Case for Impeachment explains the legal history and grounds for impeaching George W Bush and brings forth more than a half dozen articles of impeachment the likes of Lying and inducing Congress and the American people into an unjust war Allowing his friends and business cronies to profiteer off the war in Iraq Authorizing torture and rendition of prisoners of war and suspected terrorists a complete violation of the Geneva Conventions a treaty the U S has signed and is therefore part of our law Stripping American citizens of their Constitutional rights holding people with no charge wiretapping them illegally offering them no trial and never allowing them to face their accusers Failing in almost every way possible to defend the homeland and our borders Hard hitting and persuasive in its argument The Case for Impeachment will be one of the most talked about political books for the pathetic remainder of the Bush Presidency Warrior King John Bonifaz, 2003 On February 13 2003 the author and a coalition of U S citizens including soldiers their parents and six members of Congress sued the president and Defense Secretary Donald H Rumsfeld for initiating an illegal and unconstitutional war the federal courts refused to rule on Bonifaz s case stating that the question must be resolved by the political branches of government John Bonifaz passionately argues that George W Bush committed an impeachable offense when he launched a first strike invasion of Iraq without a congressional declaration of war Warrior-King John C. Bonifaz, 2003-12-24 What happens when a president violates the U S Constitution resulting in the deaths of thousands In Warrior King public interest lawyer John

Bonifaz argues passionately that Bush did just that when he launched a first strike invasion of Iraq without a congressional declaration of war. The framers of the Constitution he argues wanted to ensure that our presidents would not be like European kings of old who could decide on their own volition to send their subjects into battle. Only the Congress can send this nation into war. George Bush is not a king. In February 2003 Bonifaz and a coalition of U S citizens soldiers and members of Congress sued the president and Defense Secretary Rumsfeld seeking to prevent an undeclared and illegal war. The courts heard the case on an expedited basis but ruled that they were barred from deciding it on the grounds that it raised a political question to be addressed only by the political branches. It didn't matter that the president might trample on the Constitution the judiciary would only stand on the sidelines and watch. Bonifaz argues that if we are to preserve our Constitution we must now act. We must call for George Bush's impeachment.

Articles of Impeachment Against George W. Bush Center for Constitutional Rights (New York, N.Y.), 2006 Argues for the impeachment of President George W Bush based on an analysis of the Constitution and the circumstances under which he has violated its provisions

The Constitution in Crisis House Democratic Judiciary Committee Staff, 2007-04-17 The Republican led Congress has been notoriously slow to investigate the current Republican administration. For that reason Representative Conyers of Michigan commissioned his staff to put together the report that became *The Constitution in Crisis*. It chronicles the deceptions manipulations and retributions of President George W Bush and his administration. Did the President mislead the country in order to invade Iraq? Have suspected evil doers been tortured in violation of U S and international laws? Has the National Security Agency eavesdropped on American citizens in violation of wire tapping laws? This report is a must read for anyone concerned about the direction of our nation.
