The German Language In America:

The German Language in America Glenn G. Gilbert, 1971 **The German Language in America, 1683-1991** Joe Salmons, 1993 This volume presents seventeen articles revised and expanded from a Max Kade Symposium on the German language in North America It includes historical studies colonial German in contrast with Native American languages the language of Pietism among colonial immigrants dialect descriptions Donau schw bisch in the Midwest Low German in Kansas Volga German in Kansas and investigations into the impact of German on English German ethnic varieties of English German in advertising German loanwords in American English Research on language maintenance and shift is especially well represented with a general theoretical contribution and case studies of Alberta Black Sea Germans in the Dakotas and the Amana colonies Methodological and theoretical issues include case loss and morphosyntactic change East Franconian in Indiana a comparative study of German in Pennsylvania and Wisconsin as well as several papers on Pennsylvania German treating linguistic convergence language attitudes and sociolinguistic variation **The German-language Press in America** Carl Frederick Wittke, 1957 *Languages in America* Susan J. Dicker, 2003-01-01 This book tackles the controversial language issues facing an increasingly diverse nation Highlighting the roles non English languages have had in American history it offers a cogent argument against language restrictionism Drawing on the disciplines of linguistics history and sociology its analysis of language issues is scholarly yet accessible **America and the Germans, Volume 1** Frank Trommler, Joseph McVeigh, 2016-11-11 Unprecedented in scope and critical perspective *American and the Germans* presents an analysis of the history of the Germans in America and of the turbulent relations between Germany and the United States The two volumes bring together research in such diverse fields as ethnic studies political science linguistics and literature as well as American and German History Contributors are leading American and German scholars such as Kathleen Neils Conzen Joshua A Fishman Peter Gay Harold Jantz G nter Moltmann Steven Muller Theo Sommer Fritz Stern Herbert A Strauss Gerhard L Weinberg and Don Yoder These scholars assess the ethnicity and acculturation of German Americans from the seventeenth century to the twentieth the state of German language and culture in the United States World War I as a turning point in relations between German and America the political economic and cultural relations before and after World War II and the midcentury state of affairs between the two countries Special chapters are devoted to the Pennsylvania Germans Jewish German immigration after 1933 Americanism in Germany and a critical appraisal of current research *American and the Germans* presents a fascinating introduction to the subject as well as new perspectives for a more critical and comprehensive study of its many facets It can be used as a reader in the fields of German studies American studies political science European and German history American history ethnic studies and German and American literature Although each of the 49 contributions reflects the state of current scholarship they are formulated with the uninitiated reader in mind *The German Church on the American Frontier* Carl E. Schneider, 2009-03-02 Since its original release in

1939 Carl Schneider's *The German Church on the American Frontier* has been the premier published resource on the unique Evangelischer Kirchenverein des Westens Evangelical Church Society of the West 1840-66 which later assumed a wider denominational identity as the German Evangelical Synod of North America the church of the Niebuhr family. Known eventually as the Evangelical Synod of North America the group's ecumenical and irenic heritage contributed to mergers that resulted in the Evangelical and Reformed Church 1934-1957 and thereafter in the United Church of Christ.

Germans in America Walter D. Kamphoefner, 2021-11-08 This book offers a fresh look at the Germans the largest and perhaps the most diverse foreign language group in 19th century America. Drawing upon the latest findings from both sides of the Atlantic emphasizing history from the bottom up and drawing heavily upon examples from immigrant letters this work presents a number of surprising new insights. Particular attention is given to the German American institutional network which because of the size and diversity of the immigrant group was especially strong. Not just parochial schools but public elementary schools in dozens of cities offered instruction in the mother tongue. Only after 1900 was there a slow transition to the English language in most German churches. Still the anti-German hysteria of World War I brought not so much a sudden end to cultural preservation as an acceleration of a decline that had already begun beforehand. It is from this point on that the largest American ethnic group also became the least visible but especially in rural enclaves traces of the German culture and language persisted to the end of the twentieth century.

Handbook of Heritage, Community, and Native American Languages in the United States Terrence G. Wiley, Joy Kreeft Peyton, Donna Christian, Sarah Catherine K. Moore, Na Liu, 2014-01-03 Co-published by the Center for Applied Linguistics. Timely and comprehensive this state-of-the-art overview of major issues related to heritage community and Native American languages in the United States based on the work of noted authorities draws from a variety of perspectives: the speakers' use of the languages in the home community and wider society; patterns of acquisition, retention, loss, and revitalization of the languages; and specific education efforts devoted to developing stronger connections with and proficiency in them. Contributions on language use programs and instruction and policy focus on issues that are applicable to many heritage language contexts. Offering a foundational perspective for serious students of heritage community and Native American languages as they are learned in the classroom, transmitted across generations in families and used in communities, the volume provides background on the history and current status of many languages in the linguistic mosaic of U.S. society and stresses the importance of drawing on these languages as societal community and individual resources while also noting their strategic importance within the context of globalization.

National German-American Alliance United States. Congress. Senate. Committee on the Judiciary, 1918

The Oxford Handbook of Midwestern History Jon Lauck, 2025 The Midwest region holds a pivotal place in the tapestry of American history. The Oxford Handbook of Midwestern History delves into this rich heritage with chapters on topics ranging from the

early Native American and French Midwest to the impact of the Northwest Ordinance and the Great Lakes the emergence of Midwest regional consciousness after the Civil War and the role of the Midwest's natural resources in the region's economic success and later decline It presents the newest research on race ethnicity culture politics and economic development It also considers the role of religion organized labor the presence of a diverse population of Germans Irish Dutch and Latinos and the influence of sports nostalgia populism and isolationism This handbook moves beyond the examination of traditional topics in Midwestern history to provide significant attention to matters such as architecture literary realism visual culture and constitutionalism This treatment of Midwestern history marks a major turn towards the history of the American interior In many ways The Oxford Handbook of Midwestern History marks the coming of age of what scholars and commentators are calling the New Midwestern History

The Germans in South America Clarence Henry Haring, 1920 *Encyclopedia of American Journalism* Stephen L. Vaughn, 2007-12-11 The Encyclopedia of American Journalism explores the distinctions found in print media radio television and the internet This work seeks to document the role of these different forms of journalism in the formation of America's understanding and reaction to political campaigns war peace protest slavery consumer rights civil rights immigration unionism feminism environmentalism globalization and more This work also explores the intersections between journalism and other phenomena in American Society such as law crime business and consumption The evolution of journalism's ethical standards is discussed as well as the important libel and defamation trials that have influenced journalistic practice its legal protection and legal responsibilities Topics covered include Associations and Organizations Historical Overview and Practice Individuals Journalism in American History Laws Acts and Legislation Print Broadcast Newsgroups and Corporations Technologies

American Jewry Christian Wiese, Cornelia Wilhelm, 2016-11-03 American Jewry explores new transnational questions in Jewish history analyzing the historical cultural and social experience of American Jewry from 1654 to the present day and evaluates the relationship between European and American Jewish history Did the hopes of Jewish immigrants to establish an independent American Judaism in a free and pluralistic country come to fruition How did Jews in America define their relationship to the Old World of Europe both before and after the Holocaust What are the religious political and cultural challenges for American Jews in the twenty first century Internationally renowned scholars come together in this volume to present new research on how immigration from Western and Eastern Europe established a new and distinctively American Jewish identity that went beyond the traditions of Europe yet remained attached in many ways to its European origins

The Lure of the American Dream: Emigrants' Journey from Germany Pasquale De Marco, 2025-04-21 In The Lure of the American Dream Emigrants Journey from Germany we embark on a captivating journey through the world of German immigrants who left their homeland in search of a new life in America This comprehensive book delves into the motivations struggles and triumphs of these individuals who dared to cross the Atlantic in pursuit of their dreams From the early waves of immigration in the 18th and 19th centuries to the present day

German immigrants have played a vital role in shaping the cultural economic and political landscape of the United States This book explores the diverse backgrounds of these immigrants ranging from farmers and merchants to artisans and professionals It highlights their unwavering determination to succeed in their adopted country and the significant contributions they made to American society Through detailed accounts and historical analysis The Lure of the American Dream sheds light on the challenges faced by German immigrants as they navigated a new language unfamiliar customs and a rapidly changing world It examines the formation of vibrant German American communities where immigrants found solace support and a sense of belonging These communities served as hubs for preserving cultural traditions fostering social connections and promoting economic opportunities Furthermore the book delves into the remarkable achievements of German immigrants in various fields It celebrates their contributions to the arts sciences business and politics highlighting the lasting impact they have had on American culture and society From prominent figures like Albert Einstein and Carl Schurz to countless unsung heroes the book showcases the diverse talents and accomplishments of German immigrants throughout history The Lure of the American Dream also explores the complex relationship between German immigrants and their new homeland It examines periods of tension and conflict such as during World War I and World War II as well as instances of cooperation and mutual understanding The book provides a nuanced perspective on the evolving relationship between German immigrants and their American neighbors highlighting the challenges and opportunities of integrating into a new society This book is not merely a historical account it is a testament to the indomitable spirit of those who dared to leave everything behind in search of a better life It is a celebration of the diversity and resilience of the American people and a reminder of the enduring legacy of German immigrants who helped shape the nation we know today If you like this book write a review on google books

Immigrants in American History Elliott Robert Barkan,2013-01-17 This encyclopedia is a unique collection of entries covering the arrival adaptation and integration of immigrants into American culture from the 1500s to 2010 Few topics inspire such debate among American citizens as the issue of immigration in the United States Yet it is the steady influx of foreigners into America over 400 years that has shaped the social character of the United States and has favorably positioned this country for globalization Immigrants in American History Arrival Adaptation and Integration is a chronological study of the migration of various ethnic groups to the United States from 1500 to the present day This multivolume collection explores dozens of immigrant populations in America and delves into major topical issues affecting different groups across time periods For example the first author of the collection profiles African Americans as an example of the effects of involuntary migrations A cross disciplinary approach derived from the contributions of leading scholars in the fields of history sociology cultural development economics political science law and cultural adaptation introduces a comparative analysis of customs beliefs and character among groups and provides insight into the impact of newcomers on American society and culture

Inventing America's First Immigration Crisis Luke Ritter,2020-09-01 Why have

Americans expressed concern about immigration at some times but not at others In pursuit of an answer this book examines America s first nativist movement which responded to the rapid influx of 4 2 million immigrants between 1840 and 1860 and culminated in the dramatic rise of the National American Party As previous studies have focused on the coasts historians have not yet completely explained why westerners joined the ranks of the National American or Know Nothing Party or why the nation s bloodiest anti immigrant riots erupted in western cities namely Chicago Cincinnati Louisville and St Louis In focusing on the antebellum West *Inventing America s First Immigration Crisis* illuminates the cultural economic and political issues that originally motivated American nativism and explains how it ultimately shaped the political relationship between church and state In six detailed chapters Ritter explains how unprecedented immigration from Europe and rapid westward expansion re ignited fears of Catholicism as a corrosive force He presents new research on the inner sanctums of the secretive Order of Know Nothings and provides original data on immigration crime and poverty in the urban West Ritter argues that the country s first bout of political nativism actually renewed Americans commitment to church state separation Native born Americans compelled Catholics and immigrants who might have otherwise shared an affinity for monarchism to accept American style democracy Catholics and immigrants forced Americans to adopt a more inclusive definition of religious freedom This study offers valuable insight into the history of nativism in U S politics and sheds light on present day concerns about immigration particularly the role of anti Islamic appeals in recent elections

The German-American Radical Press
Elliott Shore, Ken Fones-Wolf, James Philip Danky, 1992 Wilhelm Weitling one of the many German radicals who fled into exile after 1848 noted in the New York newspaper he founded that everyone wants to put out a little paper The 48ers and those who came after them strengthened their immigrant culture with a seemingly endless stream of newspapers magazines and calendars In these Kampfblätter or newspapers of the struggle German immigrant journalists preached socialism organized labor and free thought These little papers were the forerunners of a press that would remain influential for nearly a century From the several perspectives of the new labor history this volume emphasizes the importance of the German American radical press to an understanding of American social history in the age of industrialism and illuminates the complexities of the interaction of immigrant radicalism and American culture Chicago s German language socialist weekly *Der Vorbote* claimed in 1880 that the history of the workers movement in the United States is at the same time the history of the workers press Hyperbolic perhaps but to judge by the energy and resources German American radicals devoted to their press many immigrants agreed The radical movement in the United States met with problems as well as support Language and culture frequently divided the radicals and class considerations splintered the German American community Cultural radicals like Robert Reitzel and Ludwig Lore ran afoul of rank and file taste or party discipline attempts by the New Yorker Volkszeitung to coach women on proper socialist positions resulted in bitter arguments over the importance of woman suffrage and pacifism At the same time social movements that cut across ethnic lines weakened the power of a foreign language press

within the community as immigrants began to identify with a movement rather than a language Contributors to this volume explore these and other issues while correcting the bias in histories of radicalism which rely on English language sources and thus ignore the competing visions of immigrant radicals **North-American Review and Miscellaneous Journal** ,1918

Publications of the Modern Language Association of America Modern Language Association of America,1922 Vols for 1921 1969 include annual bibliography called 1921 1955 American bibliography 1956 1963 Annual bibliography 1964 1968 MLA international bibliography
