The German Lunatic:

The German Lunatic Robert Hershon,2000 Poetry Robert Hershon the legendary publisher of Hanging Loose Press is a deft and moving writer in his own right David Wagoner has described his work as both wildly funny and deeply serious and Robert Creeley has written it doesn't get any better Hershon's *INTO A PUNCHLINE POEMS* 1984 1994 is also available through SPD *Notes on Lunatic Asylums in Germany and Other Parts of Europe* William Fullerton Cumming,1852

Russia and the Russians, in 1842 Johann Georg Kohl,1842 **Institutions for the insane, in Prussia, Austria and Germany** Pliny Earle,1853 Report on Lunatic Asylums, by Fredc Norton Manning. [With Plans.],1868 Cyberhate in the Context of Migrations Angeliki Monnier,Axel Boursier,Annabelle Seoane,2022-02-11 This edited book takes an interdisciplinary approach to shed light on the complex dynamics involved in the incidence of online hate speech against migrants in user generated contexts The authors draw on case studies from Finland France Germany Italy Poland and the UK bringing together qualitative and quantitative analyses on user generated online comments The authors argue that online hate speech against migrants must be understood as a symptom of a representation crisis on migration which can only be fully perceived through the study of the complex linguistic interactional and connective processes within which it emerges They focus on representations and shared meanings community building and otherness and delve into the role of network ecosystems in the process of the construction of public problems This book will be of interest to undergraduate and post graduate students as well as academics working on hate speech and migration studies in a variety of fields and can also contribute to improving research protocols for automated analyses and detections of online hate speech **Russia and the Russians in 1842; Austria, Vienna, Prague; Ireland; Scotland** J. G. Kohl,2025-08-12 Reprint of the original first published in 1843 The Antigonos publishing house specialises in the publication of reprints of historical books We make sure that these works are made available to the public in good condition in order to preserve their cultural heritage **Austria** Johann Georg Kohl,1843 **The Nazi and Japanese Human Experimentation Programmes** Tim Heath,2024-12-31 Explores Nazi and Japanese WWII human experimentation revealing the horrifying abuses motivations and post war consequences including evasion of justice Among the most appalling cruelties perpetrated throughout the course of the Second World War was undoubtedly that of human medical and military experimentation conducted upon both living and deceased human beings The various Nazi human experimentation programs were initially carried out not so much in the pursuit of any particular scientific discipline but largely as a result of the Third Reich's obsession with race and eugenics However this criminal sub discipline of the Nazi fascination with its warped racial ideologies was excused as little other than collateral damage by many of the Nazi physicians and their assistants Germany's Axis ally the Japanese Empire notorious for its cruelty and sadism ran its own independent programs of human experimentation such as Unit 731 where human beings were not only subject to the most appalling abuses but were injected with cocktails of poisons and or diseases and in some

instances were dissected while fully conscious without any anaesthesia being administered beforehand It can be said that both Third Reich Germany and Imperial Japan had a more or less inexhaustible supply of human Guinea pigs throughout the Second World War for its ghastly enterprise in human medical experimentation These unfortunate souls consisted largely of concentration camp inmates or in the case of the Japanese the indigenous peoples of the lands they conquered along with British American Indian and Australian Allied prisoners of war Yet what was the true purpose of these so called experiments and what requisites if any were they to serve And does any evidence suggest that mutual cooperation existed between Nazi Germany and the Japanese Empire towards the collation of data through the execution of these ghastly endeavours Another facet examined within this work is why those Japanese physicians involved in human experimentation and medical torture were excused indictments for war crimes when the evidence against them was clearly so overwhelming And is there any truth to suggest that the Allied powers benefited from the material obtained through questioning at the end of the Second World War The complicity of both the German and Japanese pharmaceutical companies also has to be brought into question as many cooperated willingly with the military making handsome profits in the process This work is written in an attempt at analysing all of these factors within the context of a single volume utilising the testimonies of perpetrator and victim through many new first hand and archival sources This volume also serves as a horrifying and sobering reminder of the capability of man s inhumanity through two of the worst military regimes of twentieth century history **Parliamentary Papers** Great Britain. Parliament. House of Commons,1911 **Political Culture in Australian Perspective** John A. Moses,2024-08-01

The Confinement of the Insane Roy Porter,David Wright,2003-08-07 The rise of the asylum constitutes one of the most profound and controversial events in the history of medicine Academics around the world have begun to direct their attention to the origins of the confinement of those deemed insane exploring patient records in an attempt to understand the rise of the asylum within the wider context of social and economic change of nations undergoing modernisation Originally published in 2003 this edited volume brings together thirteen original research papers to answer key questions in the history of asylums What forces led to the emergence of mental hospitals in different national contexts To what extent did patient populations vary in terms of their psychiatric profile and socio economic background What was the role of families communities and the medical profession in the confinement process This volume therefore represents a landmark study in the history of psychiatry by examining asylum confinement in a global context **Annual Report of the State Board of Lunacy and Charity of Massachusetts** Massachusetts. Paul Getty,2003-06-26 In his candid and witty autobiography famed tycoon J Paul Getty invites readers to glimpse the twentieth century from the vantage point of a man who lived as he

puts it through the most exciting and exhilarating and most turbulent and terrible eight decades of human history Whether describing how he amassed his staggering fortune recounting conversations with intriguing personalities of the day or frankly discussing his marriages and liaisons J Paul Getty sets the record straight once and for all He even speaks honestly about his notorious stinginess and the bizarre problems faced by the impossibly wealthy *Lycanthropy in German Literature* Peter Arnds,2015-10-04 Lycanthropy in German Literature argues that as a symbol of both power and parasitism the human wolf of the Germanic Middle Ages is iconic to the representation of the persecution of undesirables in the German cultural imagination from the early modern age to the post war literary scene **Encyclopedia of Comparative Iconography** Helene E.
